Affairs of State Robert P. Watson, 2012-09-06 In recent years Arnold Schwarzenegger Eliot Spitzer John Edwards Newt Gingrich Herman Cain and countless other politicians have made headlines for their sexual scandals But such stories are not new Indeed there is a long history of misbehavior in politics including in the nation s highest office Bill Clinton it can safely be said was not the first president to misbehave nor was he the worst In fact there is a long history of presidential peccadilloes Many presidents have been influenced and had their careers affected by the hand of a woman sometimes that of a wife or mother but at other times that of a mistress But these stories are rarely told Instead history has tended to glorify our leaders Such a scrubbed version of the lives of presidents however omits their marital woes love lives and sexual peccadilloes As Robert P Watson reveals it is precisely these intimate and all too human moments that provide some of the most valuable insights into our leaders *Affairs of State* is not just about sex and scandal the who did it of history although such incidents are described in detail It is a book about love marriage and affairs in the White House offering an intimate character study of the First Couples who made history To see the author discuss his book on Inside South Florida please click here To see him discuss the book on C SPAN please click here *The Trent Affair* Thomas Le Grand Harris, 1896 **The**

The Love Affairs of Abraham Lincoln Roy Dwight Packard, 1947 *The Truth of Power* Benjamin R. Barber, 2008 In 1994 Benjamin R Barber was invited by President Clinton to participate in a seminar on the future of democratic ideas and ideals Following their meeting Barber became an informal consultant to the Clinton White House working with a president who proved to be an astonishing listener open to a variety of ideas Barber s experiences were unexpected and enlightening the

most unpredictable being his interactions with the president himself Barber's meditation on Bill Clinton's tenure in office offers a balanced and complex portrait of the Clinton administration especially in its relationship to America's intellectual and scholarly community Barber also identifies the true faultlines of power that future candidates must negotiate if they are to win an election For this edition Barber has written a new afterword reflecting on Clinton's vision problem his controversial role in shaping today's Democratic Party and his efforts to confront the challenges of interdependence and terrorism He concludes with a provocative assessment of Hillary Clinton as a Democratic primary candidate in the battle for the presidency
