Drawn to Extremes Chris Lamb, 2004 In 2006 a cartoon in a Danish newspaper depicted the Prophet Mohammed wearing a bomb in his turban The cartoon created an international incident with offended Muslims attacking Danish embassies and threatening the life of the cartoonist Editorial cartoons have been called the most extreme form of criticism society will allow but not all cartoons are tolerated Unrestricted by journalistic standards of objectivity editorial cartoonists wield ire and irony to reveal the naked truths about presidents celebrities business leaders and other public figures Indeed since the founding of the republic cartoonists have made important contributions to and offered critical commentary on our society Today however many syndicated cartoons are relatively generic and gag related reflecting a weakening of the newspaper industry's traditional watchdog function Chris Lamb offers a richly illustrated and engaging history of a still vibrant medium that forces us to take a look at ourselves for what we are and not what we want to be The 150 drawings in *Drawn to Extremes* have left readers howling sometimes in laughter but often in protest **The Anthropology of News and Journalism** S. Elizabeth Bird, 2010 This title explores the role of news and journalism in contemporary culture from an anthropological perspective Essays by leading scholars look at communities of professional and nonprofessional journalists **Red Lines** Cherian George, Sonny Liew, 2021-08-31 A lively graphic narrative reports on censorship of political cartoons around the world featuring interviews with censored cartoonists from Pittsburgh to Beijing Why do the powerful feel so threatened by political cartoons Cartoons don't tell secrets or move markets Yet as Cherian George and Sonny Liew show us in *Red Lines* cartoonists have been harassed trolled sued fired jailed attacked and assassinated for their insolence The robustness of political cartooning one of the most elemental forms of political speech says something about the health of democracy In a lively graphic narrative illustrated by Liew himself a prize winning cartoonist *Red Lines* crisscrosses the globe to feel the

pulse of a vocation under attack A Syrian cartoonist insults the president and has his hands broken by goons An Indian cartoonist stands up to misogyny and receives rape threats An Israeli artist finds his antiracist works censored by social media algorithms And the New York Times caught in the crossfire of the culture wars decides to stop publishing editorial cartoons completely Red Lines studies thin skinned tyrants the invisible hand of market censorship and demands in the name of social justice to rein in the right to offend It includes interviews with more than sixty cartoonists and insights from art historians legal scholars and political scientists all presented in graphic form This engaging account makes it clear that cartoon censorship doesn't just matter to cartoonists and their fans When the red lines are misapplied all citizens are potential victims
