The Very Thought of You Andy Robbins, 2010-01-01 Andy Robbins concludes in *Au bout de l'anglais* that Art and life are not the same Never He challenges the nature of both with this volume of highly personal sensual searching poetry that treats life as a work in progress with love in all its aspects as its driving force Creating poems as technically skilled as they are emotionally powerful Robbins uses a variety of formal and idiomatic dictions Though the individual works are as unique in subject as in structure the book is unified by a discomfort with emotional and intellectual stagnancy with ancient mythology religious doctrines and popular culture The book radiates the immediate energy of mind in action question and reflection challenging the very thought of writer and reader

Assembling the Shepherd Tessa Rumsey, 1999 Driven by an endless matrix of poetic forms the poems of *Assembling the Shepherd* create a world where allusions to Plato and the Dead Sea scrolls intermingle with car culture and terrorism where modern skylines are framed within the history of alchemy and architecture Tessa Rumsey uses words in ways that defy summary and synonym in poetry that challenges the boundaries of common dualities city and desert heaven and earth waking and dreaming violence and harmony destruction and regeneration recollecting and forecasting She attempts to move beyond these natural contrasts in her poetry and beyond point of view to create a collection that offers an elemental glimpse of the fragmented yet interconnected world we live in Throughout the book familiar themes are seen again and again undergoing subtle metamorphosis the seasonal solstice the sundial the planets the Sphinx as Rumsey invites us beneath the surface of her words

By Reason of Breakings Andrew Zawacki, 2002 *By Reason of Breakings* Andrew Zawacki's first book of poetry overwhelms and silences by virtue of its extremely austere

beauty In highly wrought lyrics prose poems fragments of apocrypha and splintered efforts at song this volume is forceful and haunted by doubt Each intimate and restrained line is a glimpse at a wisdom that defies paraphrase each image carefully chosen and constructed Zawacki s language summons and invites and is almost menacing in its delicate intensity Weight is the syntax of filling empty spaces scalpels and expired tissue fall but fire rises to fever and sere While pursuing an explanation for the disappearance of God and for the denouement of a love affair and exploring the failure of language to compensate or console these poems maintain their sublime power and elegance *The Book of Motion* Tung-Hui Hu,2003 This debut collection explores memory cities motion Tung Hui Hu s tone has some of the swampy wit that recalls Calvino or Michaux A man swaps bodies with his lover a mapmaker holds captive a city which needs his crystal telescope to navigate through streets unreadable as palm lines a car pushed off a cliff in a fit of anger becomes home for a school of fish Anchored by the sequence Elegies for self Hu s poetry brings a quiet sophistication to syntax diction and form **The Patriot** Christopher Davis,1998 The Patriot is the chronicle of a deeply personal attempt to rebuild a sense of self and safety in an unstable environment Christopher Davis s poems address destructive forces including the murder of a younger brother and the impact of AIDS on modern gay culture These elements blend with the dangers of a world in which love and death are cruelly inseparable and in which the insinuations of consumer culture into the psyche destroy security but in which dark humor and the beauty of imagery combat despair In language electric with imagination these poems utter a mangled stuttering contemporary echo of Walt Whitman s poetry cheated out of its joyous confidence but constructing in the words of the author a weak bridge away from suicide Mere Mortals Terese Svoboda,2009-09-01 All of the medical technological and psychological advances of the twentieth century challenge mere mortals in Terese Svoboda s third book of poetry In Faust a mini epic in five acts the eponymous character of literary legend appears in the form of a woman who redefines what being mortal means in light of the politics of the Third World and gender In contrast Ptolemy s Rules for High School Reunions explores what happens when you do without a pact with the devil The gods Greek and otherwise also make appearances as a TV announcer in Philomela in the basement with the plumber in The Smell of Burning Pennies and in the dyslexic confusion between Dog God But it is not only the divine that charges the poems in Mere Mortals sex also suffuses and reinvents key relationships Readers of such wittily probing poems as The Root of Father is Fat and Brassiere Prison or Showcase will know why Philip Levine has described Svoboda as one light year from being the polite lovely workshop poet Mere Mortals poems first appeared in such magazines as the New Yorker New York Times Magazine Paris Review and the American Poetry Review *A Southern Weave of Women* Linda Tate,1996 A Southern Weave of Women is one of the first sustained treatments of the generation women writers who came of age in the post World War II South as well as one of the first to situate southern literature fully within a multicultural context
