The Waking Dream of T.E. Lawrence C. Stang, 2016-04-30 Since the end of the First World War the legend of Lawrence of Arabia has enjoyed much currency in the popular imagination of the West Behind this legend however is a man Thomas Edward Lawrence tortured and brilliant a man whose life and literature reflect the modern consciousness and the war that indelibly marked it Here in this volume are essays which seek to address what has been overlooked by the legend and to better understand the legacy of his presence in the twentieth century Contributors explore Lawrence's relation to other major writers of his time the colonial and postcolonial implications of his link with Arabia his sexuality and his status as cultural icon

The Historical Jesus of the Gospels Craig S. Keener, 2012-04-13 The earliest substantive sources available for historical Jesus research are in the Gospels themselves when interpreted in their early Jewish setting their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars So argues Craig Keener in *The Historical Jesus of the Gospels* In exploring the depth and riches of the material found in the Synoptic Gospels Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting Keener masterfully uses a broad range of evidence from the early Jesus traditions and early Judaism to reconstruct a fuller portrait of the Jesus who lived in history

Josephus, the Emperors, and the City of Rome William den Hollander, 2014-01-23 In *Josephus the Emperors and the City of Rome* William den Hollander places under the microscope the Judean historian's own account of the latter part of his life following his first encounters with the Romans Episodes of Josephus' life such as his embassy to Rome prior to the outbreak of the 1st Judean Revolt his prophetic pronouncement of Vespasian's imminent rise to the imperial throne and his time in the Roman prisoner of war camp are subjected to rigorous analysis and evaluated against the broader ancient evidence by the application of a vivid historical imagination Den Hollander also explores at great length the relationships formed by Josephus with the Flavian emperors and other individuals of note within the Roman army camp and later in the city of Rome He builds solidly on recent trends in Josephan research that emphasize Josephus' distance from the corridors of power

Spirit Hermeneutics Keener, 2016 How do we hear the Spirit's voice in Scripture Once we have done responsible exegesis how may we expect the Spirit to apply the text to our lives and communities In *Spirit Hermeneutics* biblical scholar Craig Keener addresses these questions carefully articulating how the experience of the Spirit that empowered the church on the day of Pentecost can and should dynamically shape our reading of Scripture today Keener considers what Spirit-guided interpretation means explores implications of an epistemology of Word and Spirit for biblical hermeneutics and shows how

Scripture itself models an experiential appropriation of its message Bridging the Word Spirit gap between academic and experiential Christian approaches Spirit Hermeneutics narrates a way of reading the Bible that is faithful both to the Spirit inspired biblical text and the experience of the Spirit among believers from book flap Miracles : 2 Volumes Craig S. Keener, 2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship s 2012 Award of Excellence 2011 Book of the Year Christianbook com s Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume s argument that uniform human experience precluded miracles Yet current research shows that human experience is far from uniform In fact hundreds of millions of people today claim to have experienced miracles New Testament scholar Craig Keener argues that it is time to rethink Hume s argument in light of the contemporary evidence available to us This wide ranging and meticulously researched two volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports
