The Oxford Illustrated History Of Tudor And Stuart Britain

PT Brinkman

The Oxford Illustrated History Of Tudor And Stuart Britain:

The Oxford Illustrated History of Tudor & Stuart Britain John Stephen Morrill, 1996 Two centuries of dramatic change are covered by this exciting and richly illustrated work Eighteen leading scholars explore the political social religious and cultural history of the period when monarchs based in south east England imperfectly attempted to extend their authority over the whole of the British Isles These centuries witnessed the Reformation the civil wars and two revolutions in which two monarchs two wives of a king and two archbishops of Canterbury were tried and executed and hundreds of men and women tortured and burned in the name of religion Yet in the same period an explosion of literacy and the printed word transformations in landscapes and townscapes new forms of wealth new structures of power and new forms of political participation freed minds and broadened horizons These centuries marked the beginning of Britain's imperial power and its emergence as perhaps the most liberal and mature of European states The integrated illustrations and maps form an essential part of the book complementing all aspects of the text It also contains a Chronology Glossary Family Trees of the monarchy Further Reading and an extensive Index *Oxford Illustrated History of Tudor and Stuart Britain, The* John Morrill, 2000

Oxford Illustrated History of Tudor and Stuart Britain, The John Morrill, 2000 *The Oxford Illustrated History of Tudor & Stuart Britain* John Stephen Morrill, 1996 Two centuries of dramatic change are covered by this exciting and richly illustrated new work Eighteen leading scholars explore the political social religious and cultural history of the period when monarchs based in south east England strove to extend their authority over the whole of the British Isles The 280 illustrations including 45 colour pictures and 6 maps form an essential part of the book complementing all aspects of the text

The Making of the British Isles Steven G. Ellis, Christopher Maginn, 2014-07-15 The history of the British Isles is the story of four peoples linked together by a process of state building that was as much about far sighted planning and vision as coincidence accident and failure It is a history of revolts and reversal familial bonds and enmity the study of which does much to explain the underlying tension between the nations of modern day Britain The Making of the British Isles recounts the development of the nations of England Scotland Wales and Ireland from the time of the Anglo French dual monarchy under Henry VI through the Wars of the Roses the Reformation crisis the reigns of Henry VIII and Elizabeth I the Anglo Scottish dynastic union the British multiple monarchy and the Cromwellian Republic ending with the acts of British Union and the Restoration of the Monarchy A Companion to Stuart Britain Barry Coward, 2008-04-15 Covering the period from the accession of James I to the death of Queen Anne this companion provides a magisterial overview of the long seventeenth century in British history Comprises original contributions by leading scholars of the period Gives a magisterial overview of the long seventeenth century Provides a critical reference to historical debates about Stuart Britain Offers new insights into the major political religious and economic changes that occurred during this period Includes bibliographical guidance for students and scholars The Children of Henry VIII John Guy, 2014 The fascinating family drama of Henry VIII and his four

children re created from the original sources by best selling Tudor historian John Guy Elizabeth John Guy,2016-05-03
COSTA AWARD FINALIST ECONOMIST BOOK OF THE YEAR FINANCIAL TIMES BOOK OF THE YEAR Film rights acquired
by Gold Circle Films the team behind My Big Fat Greek Wedding A fresh thrilling portrait Guy s Elizabeth is deliciously
human Stacy Schiff The New York Times Book Review A groundbreaking reconsideration of our favorite Tudor queen
Elizabeth is an intimate and surprising biography that shows her at the height of her power Elizabeth was crowned queen at
twenty five but it was only when she reached fifty and all hopes of a royal marriage were behind her that she began to wield
power in her own right For twenty five years she had struggled to assert her authority over advisers who pressed her to
marry and settle the succession now she was determined not only to reign but to rule In this magisterial biography John Guy
introduces us to a woman who is refreshingly unfamiliar at once powerful and vulnerable willful and afraid We see her
confronting challenges at home and abroad war against France and Spain revolt in Ireland an economic crisis that triggers
riots in the streets of London and a conspiracy to place her cousin Mary Queen of Scots on her throne For a while she is
smitten by a much younger man but can she allow herself to act on that passion and still keep her throne For the better part
of a decade John Guy mined long overlooked archives scouring handwritten letters and court documents to sweep away
myths and rumors This prodigious historical detective work has enabled him to reveal for the first time the woman behind the
polished veneer determined prone to fits of jealous rage wracked by insecurity often too anxious to sleep alone At last we
hear her in her own voice expressing her own distinctive and surprisingly resonant concerns Guy writes like a dream and this
combination of groundbreaking research and propulsive narrative puts him in a class of his own Significant forensic and
myth busting John Guy inspires total confidence in a narrative which is at once pacy and rich in detail Anna Whitelock TLS
Most historians focus on the early decades with Elizabeth s last years acting as a postscript to the beheading of Mary Queen
of Scots and the defeat of the Spanish Armada Guy argues that this period is crucial to understanding a more human side of
the smart redhead The Economist Book of the Year **The Early Stuart Kings, 1603-1642** Graham E Seel,Graham E.
Seel,David L. Smith,2005-07-08 This book explores the complex events and the increasing religious and political discord that
followed the coronation of James I and which culminated in the English Civil War **Exploiting Erasmus** Gregory D.
Dodds,2009-01-01 Exploiting Erasmus examines the legacy of Erasmus in England from the mid sixteenth century to the
overthrow of James II in 1688 and studies the various ways in which his works were received manipulated and used in
religious controversies that threatened both church and state
