

The Passion Stone

James Fergusson

The Passion Stone:

Stone Jeffrey Jerome Cohen, 2015-05-06 Stone maps the force vivacity and stories within our most mundane matter stone For too long stone has served as an unexamined metaphor for the really real blunt factuality nature's curt rebuke Yet medieval writers knew that stones drop with fire from the sky emerge through the subterranean lovemaking of the elements tumble along riverbeds from Eden partner with the masons who build worlds with them Such motion suggests an ecological enmeshment and an almost creaturely mineral life Although geological time can leave us reeling Jeffrey Jerome Cohen argues that stone's endurance is also an invitation to apprehend the world in other than human terms Never truly inert stone poses a profound challenge to modernity's disenchantments Its agency undermines the human desire to be separate from the environment a bifurcation that renders nature out there a mere resource for recreation consumption and exploitation Written with great verve and elegance this pioneering work is notable not only for interweaving the medieval and the modern but also as a major contribution to ecottheory Comprising chapters organized by concept Geophilia Time Force and Soul Cohen seamlessly brings together a wide range of topics including stone's potential to transport humans into nonanthropocentric scales of place and time the petrification of certain cultures the messages fossils bear the architecture of Bordeaux and Montparnasse Yucca Mountain and nuclear waste disposal the ability of stone to communicate across millennia in structures like Stonehenge and debates over whether stones reproduce and have souls Showing that what is often assumed to be the most lifeless of substances is in its own time restless and forever in motion Stone fittingly concludes by taking us to Iceland a land that writes the author reminds us that stone like water is alive that stone like water is transient [The Stone Mover](#)

Mark Riso, 2020-03-04 Advocacy in public policy is all about moving mountains as it relates to understanding that it's all about the stone Ultimately in the public policy arena we are all lawmakers who can move mountains when we accept that we are all empowered in a democracy Nothing is unattainable and the key to moving the mountain is our passion and focusing on the stone I've been an advocate public policy professional lobbyist my entire personal and professional life it's been a way of life that I would encourage anyone to explore Here's more about what I think **The Story of Stone** Jing Wang, 1992 In this pathbreaking study of three of the most familiar texts in the Chinese tradition all concerning stones endowed with magical properties Jing Wang develops a monumental reconstruction of ancient Chinese stone lore Wang's thorough and systematic comparison of these classic works illuminates the various tellings of the stone story and provides new insight into major topics in traditional Chinese literature Bringing together Chinese myth religion folklore art and literature this book is the first in any language to amass the sources of stone myth and stone lore in Chinese culture Uniting classical Chinese studies with contemporary Western theoretical concerns Wang examines these stone narratives by analyzing intertextuality within Chinese traditions She offers revelatory interpretations to long standing critical issues such as the paradoxical character of the monkey in The Journey to the West the circularity of narrative logic in The Dream of the Red Chamber and

the structural necessity of the stone tablet in Water Margin By both challenging and incorporating traditional sinological scholarship Wang's *The Story of Stone* reveals the ideological ramifications of these three literary works on Chinese cultural history and makes the past relevant to contemporary intellectual discourse Specialists in Chinese literature and culture comparative literature literary theory and religious studies will find much of interest in this outstanding work which is sure to become a standard reference on the subject Gemlore Diane Morgan,2008-06-30 Every culture has developed its own lore of rocks From the stones of Aaron's breastplate to the foundational rocks of the New Jerusalem from the creation tales of South America to the blood stones of Burma gems have taken their place in the mythology and magic of the human race This book details the lore attached to particular gems Each chapter covers a particular stone and discusses the gem's geological historical mythical and legendary qualities A valuable resource for anyone researching symbols myth history or literature this book also helps science students understand the humanistic context of gemstones and offers social studies students a fascinating view of gems in world cultures Each chapter covers a particular gemstone such as diamonds rubies sapphires and emeralds It also covers organic gems such as pearl coral and amber The chapters discuss the natural history of the stone including where the gem is found its value and its use the role the gem has played in history especially for certain famous stones such as the Hope Diamond and the myths powers and legends that have attached to the stone over the centuries Science students will appreciate the humanistic context the book offers for gemstones while social studies students will appreciate its consideration of gems across times and places Students of literature and the arts will welcome the book's attention to gems as symbols and general readers will find it a fascinating guide to the lore and legend of precious stones

Bold Peter H. Diamandis,Steven Kotler,2016-02-23 Bold is a radical how to guide for using exponential technologies moonshot thinking and crowd powered tools to create extraordinary wealth while also positively impacting the lives of billions A follow up to the authors *Abundance* 2012 *The Evolution of Sympathy in the Long Eighteenth Century* Jonathan Lamb,2015-10-06 This work represents a concise history of sympathy in the eighteenth and early nineteenth centuries considering the phenomenon of shared feeling from five related angles charity the market global exploration theatre and torture **Stone by Stone** Robert Thorson,2009-05-26 There once may have been 250 000 miles of stone walls in America's Northeast stretching farther than the distance to the moon They took three billion man hours to build And even though most are crumbling today they contain a magnificent scientific and cultural story about the geothermal forces that formed their stones the tectonic movements that brought them to the surface the glacial tide that broke them apart the earth that held them for so long and about the humans who built them Stone walls layer time like Russian dolls their smallest elements reflecting the longest spans and Thorson urges us to study them for each stone has its own story Linking geological history to the early American experience *Stone by Stone* presents a fascinating picture of the land the Pilgrims settled allowing us to see and understand it with new eyes The Passion Stone Harriette de Jarnette Madison,1980 *Rude Stone Monuments*

James Fergusson, 1872 Reiki, Crystals, & Healing Stones Ascending Vibrations, Always wanted to know how to easily use Reiki you just need an open mind a willingness to learn If you can do so you will obtain knowledge that could skyrocket your well being Reiki Crystals for beginners is a helpful little guide to assist you in taking your first steps into the world of energetic healing provides you with a loving hand into what can otherwise seem like an intimidating overwhelming world Take a second to imagine how you ll feel once you re able to easily use the magic of Reiki crystals to reach your full potential Imagine how your body mind soul will feel once you align your energy centers channel unlimited loving creative intuitive energy So if you have a burning desire to reap the amazing benefits of Reiki crystals then turn the first page

The Top Books of the Year The Passion Stone The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The Passion Stone : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
