The Pathan Unarmed:

The Pathan Unarmed Mukulika Banerjee, 2000 The Pukhtun Pathan of the North West Frontier are regarded as a warrior people Yet in the inter war years there arose a Muslim movement the Khudai Khidmatgar Servants of God which adopted military forms of organizations and dress but which also drew its inspiration from Gandhian principles of non violent action and was dedicated to an Indian nationalism rather than communal separatism Virtually erased from the national historiography of post partition Pakistan where they now reside the ageing veterans of the movement are still highly respected by younger Pukhtun This is an account of rank and file members of the Khudai Khidmatgar describing why they joined what they did and how they perceived the ethics and aims of the movement It attempts to answer the questions of how notoriously violent Pukhtun were converted to an ethic of non violence It finds the answer rooted in the transformation of older social structures Islamic revisionism and the redefinition of the traditional code of honour India OUP Pakistan OUP Series Editors Wendy James N J Allen **Women in the Crossfire** Robert Paul Churchill, 2018-07-16 Women in the Crossfire seeks to understand the practice of honor killing from a variety of cultural and disciplinary perspectives and analyzes empirical research on honor killing including a large original study published here for the first time The book examines the root causes of honor killing both in human psychology and cultural evolution and it recommends specific measures for protecting potential victims and ending honor killing altogether **Civilian Jihad** M. Stephan, 2009-12-07 This book examines the role of nonviolent civil resistance in challenging tyranny and promoting democratic self rule in the greater Middle East using case studies and analyses of how religion youth women technology and external actors have influenced the outcome of civil resistance in the region **Imperial Heartland** David Holland, 2023-08-17 Working class Britons played a crucial role in the pioneering settlement and integration of South Asians in imperial Britain Using a host of new and neglected sources Imperial Heartland revises the history of early South Asian immigration to Britain focusing on the northern English city of Sheffield Rather than viewing immigration through the lens of inevitable conflict this study takes an alternative approach situating mixed marriages and inter racial social networks centrally within the South Asian settlement of modern Britain Whilst acknowledging the episodic racial conflict of the early inter war period David Holland challenges assumptions that insurmountable barriers of race religion and culture existed between the British working classes and non white newcomers Imperial Heartland closely examines the reactions of working class natives to these young South Asian men and overturns our pre conceptions that hostility to perceived racial or national difference was an overriding pre occupation of working class people during this period Imperial Heartland therefore offers a fresh and inspiring new perspective on the social and cultural history of modern Britain **Ramparts of Empire** B. Marsh, 2014-12-10 This cultural and political study examines British perceptions and policies on India s Afghan Frontier between 1918 and 1948 and the impact of these on the local Pashtun population India as a whole and the decline of British imperialism in South Asia *The Defiant Border* Elisabeth Leake, 2017

This book explores why the Afghan Pakistan borderlands have remained largely independent of state controls throughout the twentieth century **The Dust Of Empire** Karl E. Meyer, 2008-08-05 When Charles de Gaulle learned that France's former colonies in Africa had chosen independence the great general shrugged dismissively They are the dust of empire But as Americans have learned particles of dust from remote and seemingly medieval countries can at great human and material cost jam the gears of a superpower In *The Dust of Empire* Karl E Meyer examines the present and past of the Asian heartland in a book that blends scholarship with reportage providing fascinating detail about regions and peoples now of urgent concern to America the five Central Asian republics the Caspian and the Caucasus Afghanistan Iran Pakistan and long dominant Russia He provides the context for America's war on terrorism for Washington's search for friends and allies in an Islamic world rife with extremism and for the new politics of pipelines and human rights in an area richer in the former than the latter He offers a rich and complicated tapestry of a region where empires have so often come to grief a cautionary tale

Literary License and the West's Romance with Afghanistan Zubeda Jalalzai, 2023-11-13 *Literary License and the West's Romance with Afghanistan* analyzes the role literature and poetic sensibility played in colonial British and American writings on Afghanistan from the nineteenth through the twenty first centuries It also considers the role that literature and literariness itself have played in western discourses framing Afghanistan The British Romantic Orientalists of the 19th century studied the region in depth and were drawn to what they perceived as an alien space where they could remake themselves in print and in life These writers and those who followed including scholars civil servants and wives or professional women were inspired by the region and sometimes crossed ethnic national and imaginative boundaries This book explores the connections that were forged in print through fantastic and familiar assumptions regarding the region and its people

The Indian Army in the Two World Wars, 2011-10-14 There is no single volume which covers the Indian Army's experiences during the two World Wars And this is what the present edited volume attempts to do This collection of 17 essays analyze the army as an institution and also touch upon the cultural ethos of the army and related social issues Thus this edited volume is a cross between traditional military history study of campaigns tactics leadership and new military history impact of warfare on society and culture While some of the essays take a pan Indian perspective a few essays also focus on those regions within India like Punjab which were intimately related with the army A few contributors also turn the spotlight on the overseas theatres like Mesopotamia France and Burma where the Indian Army played a very important role Contributors are Alan Jeffreys Andrew Syk Daniel Marston David Kenyon Dennis Showalter Gajendra Singh Gavin Rand James Kitchen Nick Lloyd Nikolas Gardner Rajit K Mazumder Raymond Callahan Rob Johnson Ross Anderson Tarak Barkawi and Tim Moreman **Workers of the Empire, Unite** Yann Béliard, Neville Kirk, 2021-03-01 In most studies of British decolonisation the world of labour is neglected the key roles being allocated to metropolitan statesmen and native elites Instead this volume focuses on the role played by working people their experiences initiatives and organisations in the

dissolution of the British Empire both in the metropole and in the colonies How central was the intervention of the metropolitan Left in the liquidation of the British Empire Were labour mobilisations in the colonies only stepping stones for bourgeois nationalists To what extent were British labour activists willing and able to form connections with colonial workers and vice versa Here are some of the complex questions on which this volume sheds new light Though convergences were fragile and temporary this book recapture the sense of uncertainty that accompanied the final decades of the British Empire a period when radical minorities hoped that coordinated efforts across borders might lead not only to the destruction of the British Empire but to that of capitalism and imperialism in general Exploiting rare primary sources and adopting a resolutely transnational approach our collection makes an original contribution to both labour history and imperial studies
