Mel Malton,Null Null,Malton Mel,2007

Three friends are spending the tail end of the summer working as costumed helpers at Laingford Pioneer Village Park. When things get weird, the Alan Nearing detective agency starts investigating. Though the police are also called in and try to take over the investigation, Alan decides to follow the clues on his own: a stolen pie, a mysterious face in an attic window, a few missing items, and some cryptic messages. Is the poltergeist just a prankster, or are there sinister forces at work? At the same time, Alan has a more personal mystery to deal with: There's a chance that his father, who disappeared 9 years ago, might still be alive. *The Pioneer Poltergeist* is set in cottage country, a landscape of lakes, rocks, trees, and tourists. The Laingford Pioneer Village Park offers the three friends and readers a chance to learn about life in pioneer days and to live it as well. *Lucia's Poltergeist* Felicia Kate Solomon, 2019-01-15 Lucia has a disturbed childhood. Unloved, she lives a life devoid of care and affection and is unable to express herself or communicate in any way with her family. But one day everything changes when Lucia finds an outlet and a way to communicate real emotion through her poltergeist, Ginger. Set in North London in 1989, sixteen-year-old Lucia comes home from school one day to discover a patch of water on her exercise paper. Noticing the reaction it gets from her mother, Lucia starts a game pouring water on carpets and beds. When psychics confirm there is malignant energy in the flat, her behaviour escalates. Before long, she is throwing heavy furniture around the flat and writing all over the walls. Before she knows it, she is appearing on national TV to convince the public of the poltergeist. Lucia does not understand why she is doing these things, but once she starts, she cannot stop. Why can't she stop, and what makes her do these things? Does she ever get found out? And more important, does Lucia fake the poltergeist, or is Ginger real and part of her? Written from both a first person and third person perspective and with dual time narratives, *Lucia's Poltergeist* is an unusual psychological suspense novel that explores themes of the supernatural, the psychological impact of abuse, and the issue of polarity and duality, the Jekyll and Hyde within us all. **The Ghost and the Poltergeist** Bobbi Holmes, Anna J. From the backroads of Texas to the boardrooms of Hollywood, Craig Chester is unabashedly honest about the pain and the unique rewards of remaining an outsider in an insider's world. While his family prepares to watch the apocalypse from their rooftop with a bucket of KFC, Craig is trying to climb the social ladder at school by saving his neighbors from their sinful ways and speaking in tongues with not so successful results. Along the way, Craig experiences gender confusion at grade school summer camp and has massive reconstructive surgery to correct his deformed teenage face, only to emerge and realize that Hollywood success isn't always measured in externals but also in the machinations of the heart and how much you don't
