Attorney for the Damned Clarence Darrow, 2020-03-04 Courtroom summations by one of America's greatest lawyers this book is better than an entire college course in Rhetoric Thomas Geoghegan author of *The Secret Lives of Citizens* and *Only One Thing Can Save Us* A famous defender of the underdog the oppressed and the powerless Clarence Darrow 1857-1938 is one of the true legends of the American legal system His cases were many and various but all were marked by his unequivocal sense of justice as well as his penchant for representing infamous and unpopular clients such as the Chicago thrill killers Leopold and Loeb Ossian Sweet the African American doctor charged with murder after fighting off a violent white mob in Detroit and John T. Scopes the teacher on trial in the famous Scopes Monkey Trial Published for the first time in 1957 *Attorney for the Damned* collects Darrow's most influential summations and supplements them with scene setting explanations and comprehensive notes by Arthur Weinberg Darrow confronts issues that remain relevant over half a century after his death First Amendment rights capital punishment and the separation of church and state With an insightful forward by Justice William O. Douglas this volume serves as a powerful reminder of Darrow's relevance today Clarence Darrow was perhaps the most effective courtroom opponent of cant bigotry and special privilege that our country has produced The ghastly comedy of his deadpan interrogation of William Jennings Bryan on the origin of man in the Scopes case is particularly recommended The New Yorker More illuminating as well as more dramatic than anything that has yet appeared about Darrow Herald Tribune Book Review

Maestro. Jean Baudrillard. The Last Prophet of Europe Dr. Oleg Maltsev, Jean Baudrillard is characterized as the Last Prophet of Europe not just because he was a prominent thinker French philosopher and author of more than 50 works and essays that examine modern consumer society in depth Events and phenomena described by Baudrillard in his works 20-30 years ago are taking place today By means of his writings he described his view of the world and explained why people and society are the way they are He encrypted in his works a system that allows for making accurate prognosis There was no book until this that could have demonstrated the integral system of Baudrillard's philosophy Baudrillard did not share it with anybody and did not describe it explicitly as a whole Figuratively speaking he deconstructed his system into bricks his writings then built a building out of them numbered each brick and dismantled the building and burned the schemes In the book *Baudrillard Maestro The Last Prophet of Europe* Oleg Maltsev thoroughly analyzes each brick and constructs Baudrillard's system presenting to readers for the first time a complete model the tools used by Baudrillard and his philosophy Throughout the 16 chapters of this book the author looks into all kinds of subjects raised by Baudrillard with practical examples among which the masses the kingdom of the blind the silent majority perfect crime European mysticism the symbolic system and many other phenomena are examined from the viewpoint of the scholar The author also shares his research results based on the philosophy and sociology of Baudrillard Dr

Maltsev then examines Jean Baudrillard's works some of which had been translated into Russian for the first time his photographic pieces and interviews people who personally knew Baudrillard his critics and fellow researchers This work is a practical book for modern people who want to have an objective view of the current state of affairs and take responsibility for their present and future It provides an idea for the use of the philosophy sociology and radical anthropology of Baudrillard as the foundation of personal achievement efficiency and safety in such unstable and uncertain conditions of a constantly changing environment *Crime, Histoire et Sociétés, 2005/2* International Association for the History of Crime and Criminal Justice,
