The Law Of Allotments:

The Law of Allotments John Francis Garner,1953 **The Law of Allotments for the Poor and Labouring Population** Great Britain,1895 *The Law of Allotments and Small Holdings Under the Small Holdings and Allotments Acts, 1908, and Applied Enactments* William Henry Dumsday,1909 **The Law of Allotments and Allotment Gardens (England and Wales)** Edwin Lawrence Mitchell,1922 *The Law of Allotments and Allotment Gardens (England and Wales)* Edwin Lawrence Mitchell,2015-08-04 Excerpt from The Law of Allotments and Allotment Gardens England and Wales With Rules and Regulations of the Ministry of Agriculture and Fisheries Together With the Provisions So Far as They Relate to Allotments and Allotment Gardens of the Small Holdings and Allotments Act 1908 the Land Settlement Facilities Act 1919 T Until the passing of the Allotments Act 1922 which received the Royal Assent on the 4th August of that year the Acts appertaining to allotments had dealt almost entirely with the provision of allotments by local authorities and the compensation payable to tenants of allotments on the determination of their tenancies The Act of 1922 contains provisions however restricting the power of landlords who have let land for cultivation as allotment gardens to terminate the tenancies which they have created and also entrusts to local authorities similar powers of entry on land which were obtained by the Board of Agriculture and Fisheries under the Defence of the Realm Regulations during the war When it is realized that according to the latest official returns available 31st December 1920 there were 1 330 000 allotment holders in England and Wales of which approximately 500 000 were tenants of private owners it will be seen that the Act of 1922 affects the rights of a large number of landowners and has a much wider application than had previous allotment legislation The growth of and the demand for allotments in the vicinity of the cities and towns has made the question of the provision of land for the purpose one of vital importance to urban landowners especially as their control over their property is to some extent restricted The Act of 1922 is based apparently on the contention that this interference with private interests is justified by the national importance of providing garden plots for the dwellers in urban districts and it is obvious that a knowledge of the statutes governing the tenure of land let as allotments or allotment gardens is necessary to the management of urban property which is awaiting development for building etc About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works LAW OF ALLOTMENTS & ALLOTMENT Edwin Lawrence 1883 Mitchell,2016-08-27 The Law of Allotments and Allotment Gardens with Rules and Regulations of the Ministry of Agriculture and Fisheries, Together With Mitchell Lawrence,2013-01 Unlike some other
