***Northern Paiutes of the Malheur*** David H. Wilson, 2022-05 2023 Oregon Book Award Finalist In 1870 a twenty six year old Paiute Sarah Winnemucca wrote to an army officer requesting that Paiutes be given a chance to settle and farm their ancestral land in Oregon Country The eloquence of her letter was such that it made its way into Harper s Weekly Ten years

later as her people languished in confinement as a result of the Bannock War she convinced Secretary of the Interior Carl Schurz to grant the requests in her letter and to free the Paiutes as well Schurz's decision unleashed a furious campaign of disinformation by the Bureau of Indian Affairs cattlemen and settlers overturning Schurz's decision sweeping truth aside and falsely branding Paiute chief Egan as instigator of the war To this day histories of the Paiutes appear to be unanimous in their mistaken claim that Egan led his Paiutes into the Bannock War Indian agents betrayal of the people they were paid to protect saddled Paiutes with responsibility for a war that most opposed and that led to U S misappropriation of their land their only source of life's necessities With neither land nor reservation Paiutes were driven more deeply into poverty and disease than any other Natives of that era In Northern Paiutes of the Malheur David H Wilson Jr pulls back the curtain to reveal what government officials hid exposing the full jarring injustice and after 140 years recounting the Paiutes true and proud history for the first time *California through Native Eyes* William J. Bauer, Jr., 2016-06-01 Bauer tells California history strictly through Native perspectives Most California histories begin with the arrival of the Spanish missionaries in the late eighteenth century and conveniently skip to the Gold Rush of 1849 Noticeably absent from these stories are the perspectives and experiences of the people who lived on the land long before European settlers arrived Historian William Bauer seeks to correct that oversight through an innovative approach that tells California history strictly through Native perspectives Using oral histories of Concow Pomo and Paiute workers taken as part of a New Deal federal works project Bauer reveals how Native peoples have experienced and interpreted the history of the land we now call California Combining these oral histories with creation myths and other oral traditions he demonstrates the importance of sacred landscapes and animals and other nonhuman actors to the formation of place and identity He also examines tribal stories of ancestors who prophesied the coming of white settlers and uses their recollections of the California Indian Wars to push back against popular narratives that seek to downplay Native resistance The result both challenges the California story and enriches it with new voices and important points of view serving as a model for understanding Native historical perspectives in other regions *Federal Reclamation Laws Annotated* United States, Margaret Garrett Young, 1937 [Federal Reclamation Laws, Annotated](#) United States. Trafzer, 2015-06-01 The Chemehuevi of the Twenty Nine Palms tribe of

Southern California stands as a testament to the power of perseverance. This small nomadic band of Southern Paiute Indians has been repeatedly marginalized by European settlers, other Native groups, and until now, historical narratives that have all too often overlooked them. Having survived much of the past two centuries without rights to their homeland or any self-governing abilities, the Chemehuevi were a mostly forgotten people until the creation of the Twenty Nine Palms Reservation in 1974. Since then, they have formed a tribal government that addresses many of the same challenges faced by other tribes, including preserving cultural identity and managing a thriving gaming industry. A dedicated historian who worked closely with the Chemehuevi for more than a decade, Clifford Trafzer shows how this once splintered tribe persevered using sacred songs and other cultural practices to maintain tribal identity during the long period when it lacked both a homeland and autonomy. The Chemehuevi believe that their history and their ancestors are always present, and Trafzer honors that belief through his emphasis on individual and family stories. In doing so, he not only sheds light on an overlooked tribe but also presents an important new model for tribal history scholarship. A Chemehuevi Song strikes the difficult balance of placing a community-driven research agenda within the latest currents of indigenous studies scholarship. Chemehuevi voices, both past and present, are used to narrate the story of the tribe's tireless efforts to gain recognition and autonomy. The end result is a song of resilience.

In the mid 1890s, Jim Richards established a store at the crossing, and Mike Fallon opened a small post office nearby. Now referred to as the Oasis of Nevada, it is home to thousands.
