Lawrence's The Rainbow and Women in Love Doo-Sun Ryu, 2005 Focusing on D H Lawrence s concept of essential criticism which was introduced in his posthumously published Study of Thomas Hardy and his statement that every work of art adheres to some system of morality But it must contain the essential criticism on the morality to which it adheres this book examines the ways in which Lawrence presents his ideas in his major

novels *The Rainbow* and *Women in Love* It explores how this concept plays a crucial role in his fiction as an other to the implied author's messages functioning differently as equivocation and creative strife respectively in *The Rainbow* and *Women in Love* the concept helps to make these novels more dynamic than commonly realized

D.H. Lawrence and the Great War Jae-kyung Koh, 2007 This study focuses on the work of D H Lawrence 1885-1930 One of the few major English writers to come from an industrial working class background Lawrence contributed to the development of all the major literary genres bringing to them a fresh perspective and a willingness to experiment radically with form His brief but productive literary career largely coincided with the crisis years of the Great War and its aftermath and his creative engagement with contemporary events is reflected in a body of work which conveys vividly and powerfully the experience of the time Lawrence's diagnosis of his own time was informed by the radical ideas which arose in the intellectual ferment of the first decades of the twentieth century ideas about mind and consciousness relationships and sexuality community and history In his fiction the Great War is set in a long historical perspective drawing in particular on Nietzsche's analysis of the origins of European nihilism This study focuses on Lawrence's prose fiction and essays in particular which explore the polymorphous effects social political psychological of the War His treatment of the profound forces which have shaped European history and his sense that contemporary conditions are capable of creating sharply contrasting futures point forward to Michel Foucault's paradoxical vision of historical development

The Rainbow D. H. Lawrence,2008-07-10 A novel depicting the sensual experiences of the blond slow speaking Brangwens who for generations have lived on Marsh Farm in Nottinghamshire

The Landscapes of W. H. Auden's Interwar Poetry Ladislav Vít,2021-12-14 This is the first book length study foregrounding Auden s sense of place as a means for enhancing our grasp of this crucial twentieth century poet Proposing that Auden had a remarkable spatial sensibility this book concentrates on his treatment of his homeland England as well as the North Pennines and Iceland both of which served as his good places holy grounds and sources of topophilic sentiment The readings draw on the scholarship of humanistic geography tracing patterns of mental constructs which emerge from spatial experience In a scholarly but engaging way this

book argues that focusing on Auden's poetics of place as it emerged and evolved can be instrumental to our understanding of this influential poet not only in relation to his epoch but also to the Anglophone poetic tradition. Precisely because of his stature, these elaborations on Auden's preoccupation with places, escapism, borders, and local identity promise to enrich our understanding of the cultural and intellectual climate of the interwar period when established notions of local places and cultures were beginning to be contested by internationalisation. This study will be of interest to both academics and students in the field of Anglophone literary studies while also appealing to those attracted to Auden's poetry, interwar culture, and the literary representation of space.

The Critical Response to D.H. Lawrence Jan Pilditch, 2001-08-30 The works of D. H. Lawrence have always generated critical controversy. From the early prosecution of *The Rainbow* (1915) to more recent disputes about feminist criticism, Lawrence engenders strong feelings both for and against his writings. His appeal, both artistic and intellectual, knows no boundaries. His works remain in print and are widely taught, anthologized, and translated around the world. So too his texts have engaged some of the best critical minds and scholarship on Lawrence and his works continues to grow. This reference chronicles the critical response to his writings. A chronology presents the highlights in his publishing career while an introductory essay summarizes the major trends in Lawrence criticism. The sections that follow present previously published reviews and essays on his novels, plays, poems, short fiction, and prose, and letters. These items are arranged chronologically to illustrate the response to Lawrence over time. The volume closes with a selected general bibliography.

The Passion of D.H. Lawrence Jeremy Robinson, 1993

Philip Larkin, Popular Culture, and the English Individual J. Ryan Hibbett, 2019-02-18 Despite the denigrating revelations of his published letters, Philip Larkin looms larger than ever both as an English national icon and as a championed voice of postwar English poetry. *Philip Larkin: Popular Culture and the English Individual* seeks to move beyond the decades-long preoccupation with Larkin's reputation and canonical status, approaching Larkin instead as part of a persevering cultural phenomenon through which the traditionally distinguished individual is reconstituted in the company of the ordinary and the interchangeable. It tracks how Larkin's poetic texts negotiate and engage with representations of popular culture at a time when notions of celebrity, authenticity, and cultural authority were newly and deeply unsettled by rock and roll and when cultural capital had become a coveted substitute for diminished imperial wealth. From his unprecedented f-bombs to his cultivation of a familiar comedic personality, this book examines how Larkin realigns common social practices and popular art forms, be it attending a church service, watching television, or enjoying a concert, to the isolated, knowing gaze of the individual.

Movement and Belonging Carol E. Leon, 2009 The uncertainties and newness that surround us today prompt radical questions about ourselves and our relationship with the external world. How do and can we belong to the places and spaces of today? *Movement and Belonging: Lines, Places, and Spaces of Travel* describes current realities and suggests ways in which you can define yourself in an ever-changing world.
