Slaves and Slaveholders in Bermuda, 1616-1782 Virginia Bernhard, 1999 *Slaves Slaveholders in Bermuda 1616-1782* offers a fresh perspective on the complex relationship between racism slavery in the often overlooked second oldest English colony in the New World As the first blacks were brought onto the islands not specifically for slave labor but for their expertise as pearl divers cultivators of West Indies plants Bermuda's racial history began to unfold much differently from that of the Caribbean islands or of the North American mainland Bermuda's history records the arrival of the first blacks the first English law passed to control the behavior of the Negroes the creation of ninety nine year indentures for black Indian servants Slavery may have dictated strained the relationships between whites blacks but in this smallest of English colonies it differed from slavery elsewhere because of the uniquely close master slave relations created by Bermuda's size maritime economy At only twenty one square miles in size Bermuda saw slaves slave holders working living closer

together than in other societies. Additionally, the emphasis on maritime pursuits offered slaves a degree of autonomy, a sense of identity unequalled in other English colonies. This groundbreaking history of Bermuda's slavery reveals fewer runaways, less violent rebellions, relatively milder punishments for offending slaves. One anecdote recounts that in 1782, seventy black seamen offered freedom in Boston voluntarily returned to their Bermuda homes. Bernhard delves into the origins of Bermuda's slavery, its peculiar nature, its effects on blacks and whites. She bases her study on archival research drawn from wills, inventories, laws, court cases, governors' reports, council minutes. Intended as an introduction to both the history of the islands and the rich sources for further study, this book will prove invaluable to scholars of slavery as well as those interested in historical archaeology, anthropology, maritime history, colonial history.
