The Life And Ideal Of The Egyptian Monks:

Christ the Ideal of the Monk Columba Marmion, 1926 **THE SPIRIT AND ORIGIN OF CHRISTIAN MONASTICISM** James O. Hannay, 2017-06-07 The Catholic ideal is the ascetic life The true monk is the perfect Christian This says Thomas a Kempis is the highest wisdom by contempt of the world to make for the regions of heaven Possession of property marriage fatherhood blind a man s eyes to life s greatest possibility the beatific vision of the King in His beauty The monk s complete renunciation of all which the world holds to be good is at once the proof of his devotion and the means whereby he is able to arrive most swiftly and certainly at close personal communion with God In the lawful fulfillment of his body s functions he comes nearest to achieving the purpose of God who made the body what it is In making the most that he can honestly out of life s opportunities for gain and joy he best shows his thankfulness to the God who placed him in the world Monastic Series Vol 9 The Spirit and Origin of Christian Monasticism George A. Birmingham, 1903 **The Encyclopaedia Britannica: Lor to Mun**, 1911 **Encyclopaedia Britannica: Medal-Mumps** Hugh Chisholm, 1911 This eleventh edition was developed during the encyclopaedia s transition from a British to an American publication Some of its articles were written by the best known scholars of the time and it is considered to be a landmark encyclopaedia for scholarship and literary style The Encyclopædia Britannica Hugh Chisholm, 1911 **The Encyclopædia Britannica** Hugh Chisholm, 1911 *The Idea of Perfection in Christian Theology* R. Newton Flew, 2005-03-02 This book is an examination of historical Christian teaching relating to the perfection of the soul It begins with the New Testament and with the recorded teaching of Christ which contemplated for his disciples a life lived on the level of miracle The rest of the book is concerned to trace the history of this idea of perfection in the history of the historic church first in the writings of St Paul and St John then in the Fathers in the ideal of Monastic life through Augustine and St Thomas Aquinas to the Reformation to St Francis de Sales F nelon Law the Quakers and the Methodists and on to the present day **The Encyclopædia Britannica**, 1911 The Greek Historia Monachorum in Aegypto Andrew Cain, 2016 The Greek Historia Monachorum in Aegypto was one of the most widely read and disseminated Greek hagiographic texts during Late Antiquity and the Middle Ages To this day it remains alongside Athanasius Life of Antony one of the core primary sources for fourth century Egyptian monasticism as well as one of the most fascinating yet perplexing pieces of monastic hagiography to survive from the entire patristic period However until now it has not received the intensive and sustained scholarly analysis that a monograph affords In this study Andrew Cain incorporates insights from source criticism stylistic and rhetorical analysis literary criticism and historical geographical and theological studies in an attempt to break new ground and revise current scholarly orthodoxy about a broad range of interpretive issues and problems *Classified Catalogue of the Carnegie Library of Pittsburgh, 1902-1906 ...* Carnegie Library of Pittsburgh, 1908 **The Encyclopaedia Britannica** Hugh Chisholm, 1911 *An Archaeology of Egyptian Monasticism* Louise Blanke, 2019-08-30 The White Monastery in Upper Egypt and its two federated communities are

among the largest most prosperous and longest lived loci of Coptic Christianity Founded in the fourth century and best known for its zealous and prolific third abbot Shenoute of Atripe these monasteries have survived from their foundation in the golden age of Egyptian Christianity until today At its peak in the fifth to the eighth centuries the White Monastery federation was a hive of industry densely populated and prosperous It was a vibrant community that engaged with extra mural communities by means of intellectual spiritual and economic exchange It was an important landowner and a powerhouse of the regional economy It was a spiritual beacon imbued with the presence of some of Christendom s most famous saints and it was home to a number of ordinary and extraordinary men and women who lived worked prayed and died within its walls This new study is an attempt to write the biography of the White Monastery federation to reconstruct its longue duree through archaeological and textual sources and to assess its place within the world of Late Antiquity

The Encyclopedia Britannica ,1911 *Essays in Early Christian History* Elmer Truesdell Merrill,1924 **The Encyclopaedia Britannica** ,1911 *Among Our Books* Carnegie Library of Pittsburgh,1903 The Rhetoric of Power in Late Antiquity Elizabeth DePalma Digeser,Robert M. Frakes,Justin Stephens,2018-10-18 Late Antiquity the period of transition from the crisis of Roman Empire in the third century to the Middle Ages has traditionally been considered only in terms of the decline from classical standards Recent classical scholarship strives to consider this period on its own terms Taking the reign of Constantine the Great as its starting point this book examines the unique intersection of rhetoric religion and politics in Late Antiquity Expert scholars come together to examine ancient rhetorical texts to explore the ways in which late antique authors drew upon classical traditions presenting Roman and post Roman religious and political institutions in order to establish a desired image of a new era This book provides new insights into how the post Roman Germanic West Byzantine East and Muslim South appropriated and transformed the political intellectual and cultural legacy inherited from the late Roman Empire and its borderlands

The Christian Experience Michael Molloy,2017-04-06 How do we study Christian life and thought How have political and cultural events influenced the experiences of Christians in different places at different times How has the world s largest religion been lived in varied parts of the world The Christian Experience is the first textbook to unite traditional approaches to Christianity with special attention to art music architecture and lived experiences The material individual and personal sides of Christianity are brought to the fore throughout this chronological survey Every chapter begins with a first encounter in order to bring the subject matter to life for students mirroring the author s approach in his successful book *Experiencing the World s Religions* This book on Christianity features over 100 color images maps and diagrams and each chapter ends by pointing to additional print and electronic resources Michael Molloy considers practices insights and artistic creations of Christians across the centuries The book shows how Christian belief is being practiced in our own time and it invites readers to imagine how Christianity might evolve in the future
