

The Life and Thought of

JOSEPH ROUCE

JOHN CLENDENNING

Revised and Expanded Edition

The Life And Thought Of Josiah Royce

Robert C. Sibley

The Life And Thought Of Josiah Royce:

The Life and Thought of Josiah Royce John Clendenning, 1999 Now back in print The Life and Thought of Josiah Royce reappears in a substantially rewritten and expanded edition of the first comprehensive biography originally published to great acclaim in 1985 Several years later a large collection of previously unknown and unpublished correspondence and other materials was discovered This newly discovered material has allowed Clendenning to probe deeper into Royce's personal professional and philosophical lives and to strengthen his findings The result is an even more revealing portrait of this remarkable intellectual figure

The Life and Thought of Josiah Royce John Clendenning, 1999 Infuses the first highly acclaimed edition with new material that deepens our understanding of this distinguished American philosopher

William James and the Art of Popular Statement Paul Stob, 2013-03-01 At the turn of the twentieth century no other public intellectual was as celebrated in America as the influential philosopher and psychologist William James Sought after around the country James developed his ideas in lecture halls and via essays and books intended for general audiences Reaching out to and connecting with these audiences was crucial to James so crucial that in 1903 he identified popular statement or speaking and writing in a way that animated the thought of popular audiences as the highest form of art Paul Stob's thought provoking history traces James's art of popular statement through pivotal lectures essays and books including his 1878 lectures in Baltimore and Boston Talks to Teachers on Psychology The Varieties of Religious Experience and Pragmatism The book explores James's unique approach to public address which involved crafting lectures in science religion and philosophy around ordinary people and their experiences With democratic bravado James confronted those who had accumulated power through various systems of academic and professional authority and argued that intellectual power should be returned to the people Stob argues that James gave those he addressed a central role in the pursuit of knowledge and fostered in them a new intellectual curiosity unlike few scholars before or since

Time, Will, and Purpose Randall Auxier, 2013-12-10 Josiah Royce 1855 1916 has had a major influence on American intellectual life both popular movements and cutting edge thought but his name often went unmentioned while his ideas marched forward The leading American proponent of absolute idealism Royce has come back into fashion in recent years With several important new books appearing the formation of a Josiah Royce Society and the re organization of the Royce papers at Harvard the time is ripe for Time Will and Purpose Randall Auxier delves into the primary texts written by Royce to retrieve the most poignant ideas the ideas we need most in the present day while he also offers a new framework for understanding the development of Royce's philosophy Auxier responds to everything that has been written about Royce both early and recent

Person and Society in American Thought Cornelius F. Murphy, 2007 Most studies of the development of American ideas concentrate upon the growth of our political values and institutions By contrast this unique work goes directly to the core philosophical issues surrounding our sense of personal and social identity It carefully examines the efforts of our major thinkers to elaborate a

humanism adequate to our experience by breaking free from the theocentric cosmology imposed upon the nation by the New England Puritans As these reflections record the quest for a new understanding of human nature they also raise the possibility of a more comprehensive humanism grounded in a Catholic Christianity Person and Society in American Thought will be of interest to students and scholars in the disciplines of philosophy and religion as well as those of history sociology and literature Book Jacket

Experience as Philosophy James Campbell, Richard E. Hart, 2006 The philosopher John J McDermott comes out of the long American tradition that takes the aim of philosophical inquiry to be interpretation of the open meanings of experience so that we might all live fuller and richer lives Here the authors of these nine essays explore his highly original interpretations of philosophy's various questions about our shared existence How are we to understand the nature of American culture and to carry forward its important contributions What is the personal importance of embodiment of living in the realization of death How does our physical and personal environment nourish bodies and spirits What does the deliberate pursuit of a morality offer us How can we carry forward the fundamental tasks of education to enable those who follow us to use our shared past to address their civic and spiritual problems What are the possibilities for community Together these essays offer a clear multi layered understanding of the compelling vision that McDermott has presented over the years In an Afterword McDermott responds to the authors queries and concerns offering a restatement of his understanding of the American philosopher's task These essays indicate and McDermott's response confirms that for him philosophy is not a purely cerebral activity Philosophy is rather an intellectual means of exploring the fullness of human experience and it functions best when it operates in the context of the broad sweep of the humanities Similarly for McDermott the self is no given substantial entity On the contrary it is relational rooted geographically and socially in its place and its fellows and damaged when these life giving processes fail Further McDermott does not accept any ultimate canopy of meaning The human journey is a personal project within which provisional meanings must be created to sustain our advance

Josiah Royce's Late Writings Josiah Royce, 2001-11-15 No Marketing Blurb

Faithful Imagination in the Academy Janel M. Curry, Ronald A. Wells, 2008-08-22 In the past thirty years there has been a sea change in North American intellectual life regarding the role of religious commitments in academic endeavors Driven partly by post modernism and the fragmentation of knowledge and partly by the democratization of the academy in which different voices are celebrated the appropriate role that religion should play is contested Some academics insist that religion cannot and must not have a place at the academic table others insist that religious values should drive the argument Faithful Imagination in the Academy takes an approach based on dialogue with various viewpoints claiming neither too much nor too little All the authors are seasoned academics with many significant publications to their credit While they all know how the academy operates and how to make worthwhile contributions in their respective disciplines they are also Christians whose religious commitments are reflected in their intellectual work

Christianity and Western Thought Steve Wilkens, Alan

G. Padgett, 2010-07-29 In this second of three volumes which survey the dynamic interplay of Christianity and Western thought from the earliest centuries through the twentieth century Steve Wilkens and Alan Padgett tell the story of the monumental changes of the nineteenth century

Squatter's Republic Tamara Venit Shelton, 2013-11-22 Who should have the right to own land and how much of it A Squatter's Republic follows the rise and fall of the land question in the Gilded Age and the rise and fall of a particularly nineteenth century vision of landed independence More specifically the author considers the land question through the anti monopolist reform movements it inspired in late nineteenth century California The Golden State was a squatter's republic a society of white men who claimed no more land than they could use and who promised to uphold agrarian republican ideals and resist monopoly the nemesis of democracy Their opposition to land monopoly became entwined with public discourse on Mexican land rights industrial labor relations immigration from China and the rise of railroad and other corporate monopolies

Life and Thought of Bernard Eugene Meland, American Constructive Theologian, 1899-1993 W. Creighton Peden, 2010-08-11 This book deals with Bernard Eugene Meland's life as presented in his unpublished intellectual autobiography and thought as a constructive theologian who taught in the Divinity School of The University of Chicago 1945-64 When Meland was in the process of completing his doctoral studies at the University of Chicago he came into close association with Henry Nelson Wieman who was joining the faculty Meland took the first course Wieman offered in which they read William Ernest Hocking's *The Meaning of God in Human Experience* Part IV and Whitehead's *Religion in the Making* He audited Wieman's other courses The philosophy of A N Whitehead played a large role in their relationship and theology With the sudden death of G B Smith Wieman became Meland's doctoral advisor After completing the doctoral program Meland spent the next year at Marburg University in Germany studying with Rudolf Otto He came away from this experience having discovered that the stimulus and lure in the language of the arts had become for him an alternative to the moral way of expressing value sensibility and fulfillment of human experience He returned from Europe to begin teaching at Central College in Missouri and in 1936 joined the faculty at Pomona College in Claremont California His association with Wieman continued in the 1930s as they co authored *American Philosophies of Religion* 1936 While teaching at Central College Meland authored *Modern Man's Worship* 1934 and at Pomona College published *Write Your Own Ten Commandments* 1938 and *The Church and Adult Education* 1939 In 1945 Meland joined Wieman at the Divinity School as Professor of Constructive Theology Although Wieman soon retired their connection continued throughout Wieman's life The Second World War had concluded and Meland was in a state of anguish and despair over the war and especially by the atomic bomb In this troubled state of mind he published *Seeds of Redemption* 1947 *America's Spiritual Culture* 1948 and *The Reawakening of Christian Faith* 1949 His next two publications were *Higher Education and the Human Spirit* 1953 and *Faith and Culture* 1955 with the latter considered by many as his most important work While teaching at Chicago Meland twice served twice as The Barrows Lectures in India His lectures in 1957-58 were published as *The Realities*

of Faith 1962 In 1963 64 he continued his theme of the relationship between faith and culture by focusing on the impact of secularization on modern cultures These lectures were published as The Secularization of Modern Cultures 1966 His last book was Fallible Forms and Symbols 1977 In the first section of this book Meland's thought is considered under four headings Metaphysical View Method Doctrine of God and View of Religion followed by an evaluation Section two is devoted to his Later Writings followed by a conclusion

The Basic Writings of Josiah Royce, Volume I: Culture, Philosophy, and Religion , The Life and Thought of Herbert Croly, 1869-1914 David W. Levy, 1978 The Palgrave Schopenhauer Handbook Sandra Shapshay, 2018-01-23 This comprehensive Handbook offers a leading edge yet accessible guide to the most important facets of Arthur Schopenhauer's philosophical system the last true system of German philosophy Written by a diverse international and interdisciplinary group of eminent and up and coming scholars each of the 28 chapters in this Handbook includes an authoritative exposition of different viewpoints as well as arguing for a particular thesis Authors also put Schopenhauer's ideas into historical context and connect them when possible to contemporary philosophy Key features Structured in six parts addressing the development of Schopenhauer's system his epistemology and metaphysics aesthetics and philosophy of art ethical and political thought philosophy of religion and legacy in Britain France and the US Special coverage of Schopenhauer's treatment of Judaism Christianity Vedic thought and Buddhism Attention to the relevance of Schopenhauer for contemporary metaphysics metaethics and ethics in particular The Palgrave Schopenhauer Handbook is an essential resource for scholars as well as advanced students of nineteenth century philosophy Researchers and graduate students in musicology comparative literature religious studies English French history and political science will find this guide to be a rigorous and refreshing Handbook to support their own explorations of Schopenhauer's thought

The Social Gospel in Black and White Ralph E. Luker, 2000-11-09 In a major revision of accepted wisdom this book originally published by UNC Press in 1991 demonstrates that American social Christianity played an important role in racial reform during the period between Emancipation and the civil rights movement As organizations created by the heirs of antislavery sentiment foundered in the mid 1890s Ralph Luker argues a new generation of black and white reformers many of them representatives of American social Christianity explored a variety of solutions to the problem of racial conflict Some of them helped to organize the Federal Council of Churches in 1909 while others returned to abolitionist and home missionary strategies in organizing the NAACP in 1910 and the National Urban League in 1911 A half century later such organizations formed the institutional core of America's civil rights movement Luker also shows that the black prophets of social Christianity who espoused theological personalism created an influential tradition that eventually produced Martin Luther King Jr

Idealism, Pragmatism, and Feminism John Kaag, 2011-12-16 Idealism Pragmatism and Feminism provides an account of the life and writings of Ella Lyman Cabot 1866 1934 a woman who received formal training but not formal recognition in the field of classical American philosophy It highlights the themes of idealism pragmatism and feminism as

they emerged in the course of career as an educational reformer and ethicist that spanned nearly four decades Cabot's writings developed in graduate seminars at Harvard and Radcliffe at the turn of the century complement and in many cases anticipate the thinking of the fathers of the American philosophical canon Charles Sanders Peirce Josiah Royce William James and John Dewey Her formal philosophical writing focuses on the concepts of growth creativity and the moral imagination a fact that is especially interesting given that these concepts are developed by a woman who faced serious obstacles in her personal and intellectual development Indeed these concepts are not merely philosophical ideals but practical tools that Ella Lyman Cabot used to negotiate the gender roles and intellectual marginalization that she faces at the turn of the century The discipline of philosophy was very slow to incorporate the insights of women into its self definition An analysis of the writings of Ella Lyman Cabot reveals this point but also the pointed ways in which she sought to express her genuinely creative insights

The ^APower of the Sacred Hans Joas,2021-02-16 In *The Power of the Sacred* Hans Joas develops a new sociological theory of religion by reconstructing existing scientific theories of religion from the eighteenth century to the present Through a critical reading and reassessment of key texts Joas proposes an alternative to the narratives of disenchantment and secularization which have dominated debates on the topic He further offers the most thorough reconstruction of the meaning of this concept demonstrates how problematic it is for an appropriate understanding of religion in modernity and presents the basic features of an alternative

A History of Philosophy in America Bruce Kuklick,2002-01-10 Here at last is an American counterpart to Bertrand Russell's *History of Western Philosophy* The eminent historian Bruce Kuklick tells the fascinating story of the growth of philosophical thinking in the USA in the context of the intellectual and social changes of the times Kuklick sketches the genesis of these intellectual practices in New England Calvinism and the writing of Jonathan Edwards He discusses theology in the eighteenth and nineteenth centuries and the origins of collegiate philosophy in the early part of the nineteenth century We see the development of secular preconceptions and the emergence after Darwin's writings of the mid late nineteenth century of forms of thought hostile to religion Philosophy is situated in a variety of cultural contexts the ministry the growing system of higher learning the conflict between philosophers and theologians and between amateur and professional thinkers the suspicion of European ideas and worries about the relevance of philosophy to public and political life Kuklick's narrative portrays such great thinkers as Charles Peirce William James John Dewey C I Lewis Wilfrid Sellars W V Quine and Richard Rorty and assesses their contributions to philosophy He brings us right up to date with the first historical treatment of the period after pragmatism and the fragmentation of philosophy in the second half of the twentieth century Kuklick steers a controversial course between the divergent views that historians and philosophers take of the significance of philosophy in recent years Anyone interested in American intellectual history or in how philosophy got where it is today will enjoy this book

[The Real Metaphysical Club](#) Frank X. Ryan,Brian E. Butler,James A. Good,2019-05-01 *The Metaphysical Club* a gathering of

intellectuals in the 1870s is widely recognized as the crucible where pragmatism America's distinctively original philosophy was refined and proclaimed Louis Menand's bestseller about the group was a dramatic publishing success However only three actual members Oliver Wendell Holmes Jr Charles S Peirce and William James appear in the book alongside other thinkers who were never in the Club The Real Metaphysical Club tells the full story of how this influential group shifted the course of philosophy in America In addition to pioneering pragmatism the group explored radical empiricism and idealism and formulated personalism and process philosophy equally important developments This volume contains the important writings dating from 1870 to 1885 by the real members of the Metaphysical Club The first section centers on pragmatism and science the second part collects writings of the lawyers and the third part covers idealist and personalist philosophers Many of these writings have never been reprinted before and nothing like this impressive collection has ever been attempted A general introduction provides a narrative history and the editors three introductions to the volume's sections vividly bring to life the intense meetings sustained debates and pioneering thought of the Metaphysical Club

Northern Spirits Robert C. Sibley, 2008-02-08 The recovery of Watson's thought is particularly valuable Sibley shows that Watson an internationally respected philosopher in the early twentieth century discussed idealism and support for imperialism in ways that are particularly relevant in our new age of empire A consideration of Grant's relationship to Hegel illuminates what led Grant to declare that Canada was impossible in the age of technology Sibley's comparison of Grant and Trudeau is both unexpected and intriguing So too is his analysis of the illiberal strands in Taylor's politics of recognition
