History's Greatest Artists Charles River Editors, 2017-11-09 Includes pictures Includes Renoir's quotes about his life and work Includes online resources and a bibliography for further reading Includes a table of contents To my mind a picture should be something pleasant cheerful and pretty yes pretty There are too many unpleasant things in life as it is without creating still more of them Renoir Pierre Auguste Renoir stands alongside Claude Monet at the very peak of Impressionist painting and though neither of them can be credited with founding the movement that honor likely goes to Edouard Manet or Edgar Degas Renoir and Monet remain inextricably tied to the key

characteristics of Impressionism loose brushwork outdoor painting an emphasis on capturing natural light and shadow and a focus on remaining in Paris and the surrounding countryside Yet if Monet and Renoir are each remembered for their affiliation with these descriptors differences nevertheless distinguish them especially the fact that Renoir concentrated less on nature than did Monet attending instead to scenes depicting Parisian leisure activity This thematic concern for depicting scenes of idyllic Parisian enjoyment such as rowing in boats or grand luncheons imbues Renoir with a greater sense of joie de vivre than Monet or perhaps any of the other members of the Impressionist cohort Even though Renoir's art shares much in common with his Impressionist colleagues both his handling of paint and even his subject matter contain significant differences that render him truly unique as a painter That Renoir captured scenes of leisure better than any of his contemporaries was surprising and unlikely considering the background in which he was raised Denied the opportunity for a proper education Renoir's painting which started at a young age was borne more out of a need to work than in pursuit of a lifelong passion Renoir certainly loved to paint but like Monet painting always remained his profession and he treated it as such Famed art dealer Ambrose Vollard summarized this aspect of the great painter noting He went to his studio just as punctually as a clerk to his office In the evening after a game of checkers or dominoes with Madame Renoir he went to bed early he was afraid it would affect his work the next day if he stayed up late All his life painting was his only pleasure his only relaxation These remarks point not only to Renoir's love for painting but also the professionalism that he brought toward the endeavor Even after becoming financially stable and even after acquiring arthritis late in life Renoir continued to paint with the same drive that he displayed as a young artist Of course it is not unusual for famous artists to paint until they are physically unable to do so but Renoir's undying obligation to his profession speaks to the extent to which he absorbed the humble values impressed upon him during his blue collar upbringing Indeed Renoir possessed a supreme gift for painting but his work ethic should not be overlooked in the narrative charting his rise to fame History's Greatest Artists The Life and Legacy of Renoir looks at the personal background that led to him becoming an artist and the cultural climate in which he rose to fame Renoir's formal technique and artistic legacy are also analyzed including his working methods and education Along with pictures of important people places and events you will learn about Renoir like never before in no time at all
