was grist to the printers mill if it would sell A penny could buy you a celebrity scandal a report of a gruesome murder the last dying speech of a condemned criminal wonder tales riddles and conundrums a moral tale of religious danger and redemption a comic tale of drunken husbands and shrewish wives a temperance tract or an ode to beer a satire on dandies an alphabet or reed a ma daisy reading made easy to teach your children an illustrated chapbook of nursery rhymes or the adventures of Robin Hood and Jack the Giant Killer Street literature long held its own by catering directly for the ordinary people at a price they could afford but by the end of the Victorian era it was in terminal decline and was rapidly being replaced by a host of new printed materials in the shape of cheap newspapers and magazines penny dreadful novels music hall songbooks and so on all aimed squarely at the burgeoning mass market Fascinating today for the unique light it shines on the lives of the ordinary people of the age street literature has long been neglected as a historical resource and this collection of essays is the first general book on the trade for over forty years
