**The Forgotten Terrorist** Mel Ayton, 2019-05 Robert F Kennedy s assassination in 1968 seems like it should be an open and shut case Many people crowded in the small room at Los Angeles s famed Ambassador Hotel that fateful night saw Sirhan Sirhan pull the trigger Sirhan was also convicted of the crime and still languishes in jail with a life sentence However conspiracy theorists have jumped on inconsistencies in the eyewitness testimony and alleged anomalies in the forensic evidence to suggest that Sirhan was only one shooter in a larger conspiracy a patsy for the real killers or even a hypnotized assassin who did not know what he was doing a popular plot in Cold War era fiction such as *The Manchurian Candidate* Mel Ayton profiles Sirhan and presents a wealth of evidence about his fanatical Palestinian nationalism and his hatred for RFK that motivated the killing Ayton unearths neglected eyewitness accounts and overlooked forensic evidence and examines Sirhan s extensive personal notebooks He revisits the trial proceedings and convincingly shows Sirhan was in fact the lone assassin whose politically motivated act was a forerunner of present day terrorism *The Forgotten Terrorist* is the definitive book on the assassination that rocked the nation during the turbulent summer of 1968 This second edition features a new afterword containing interviews and new evidence as well as a new examination of the RFK assassination acoustics evidence by technical analyst Michael O Dell
