This Light in Oneself J. Krishnamurti,1999-03-16 A leading spiritual teacher of the twentieth century presents meditation as a tool for better understanding not just ourselves but the world around us These selections present the core of Krishnamurti s teaching on meditation taken from discussions with small groups as well as from public talks to large audiences His main theme is the essential need to look inward to know ourselves in order really to understand our own and the world s conflicts We are the world says Krishnamurti and it is our individual chaos that creates social disorder He offers timeless insights into the source of true freedom and wisdom **A Light to Yourself** J Krishnamurti,2022-09-09 In these talks given in Europe and India Krishnamurti goes into the importance of going into problems openly without conclusions because we approach our problems partially through all these various forms of conditioning it seems to me that we are there by not understanding them I feel that the approach to any problem is of much more significance than the problem itself and that if we could approach our many difficulties without any particular form of conditioning or prejudice then perhaps we would come to a fundamental understanding of them An extensive compendium of Krishnamurti s talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti s extraordinary teachings in selected years The Collected Works offer the reader the opportunity to explore the early writings and dialogues in the most complete and authentic form *The Collected Works of J. Krishnamurti: 1956-1957. A light to yourself* Jiddu Krishnamurti,1991 *The Blavatskian and Biblical Roots of Krishnamurti's Imagined Role* Al Boag,2025-09-16 This book focuses on Jiddu Krishnamurti 1895 1986 and charts the development of his teaching It covers the period from 1922 when Krishnamurti claimed he was God until his death including his declarations to be the World Teacher and eventual departure from the Theosophical Society The author explores the understanding transmitted to Krishnamurti by his mentors as an inheritance from Helena Petrovna Blavatsky 1831 1891 the Theosophical Society co founder who is associated with the practice of occult breathless meditation This book highlights that Krishnamurti s writings and talks reveal his unacknowledged appropriation of the vocabulary of profound biblical motifs It considers how Krishnamurti fashioned his life and teaching on the New Testament Gospels composite biography of Jesus and on biblical eschatological and Christological

The Mind of J. Krishnamurthi Luis S.R. Vas,1989-01-01 What makes an apparently ordinary human being unfavoured by either heredity or environment suddenly achieve greatness The present volume is a study of this rare phenomenon as reflected in the life and thought of one man who had greatness thrust upon him early in life and who later achieved a different kind of greatness only to give it all up J Krishnamurti It uncovers a strange mind still very imperfectly understood

The Collected Works of J.Krishnamurti - Volume X 1956-1957: A Light to Yourself Jiddu Krishnamurti,2012-11-15 In these talks given in Europe and India Krishnamurti goes into the importance of going into problems openly without conclusions because we approach our problems partially through all these various forms of conditioning it seems to me that we are thereby not understanding them I feel that the approach to any problem is of much more significance than the problem itself and that if we could approach our many difficulties without any particular form of conditioning or prejudice then perhaps we would come to a fundamental understanding of them

Summary of J. Krishnamurti's Awakening of Intelligence Everest Media,2022-06-09T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The idea of a spiritual revolution among young people is a mix of religion and entertainment It seems to be a seed ground for certain unusual people aside from all the phoneyess and all the deceivers 2 Krishnamurti said that we are all too easily

deceived We accept what others say and do and we are gullible We are greedy for new experiences and we swallow what is said by anyone with a beard 3 The question of whether or not to seek a guru or a teacher is a question of whether or not to trust in someone else to help you cross over If the guru or teacher knows then he doesn't know The truth is that he knows something past 4 Laziness is the resistance to getting out of bed in the morning when you don't want to get up It is the thought that you ought to be getting up that makes you lazy **In the light of silence all problems are dissolved** Jiddu Krishnamurti,1999
