Sage Wendy Anne,2020-08-26 Sage perceivably a perfect example of a successful serial entrepreneur devoted mother and wife has within her an ancient secret awaiting discovery Though her public persona is nothing short of an ideal existence she leads a second life imbued with spiritual sensual and esoteric behavior Sage s mind procures a curator s elucidation in the structure of an inner monologue that belongs to an eclectic spiritualist peculiar artist indigo empath intuitive witch and anarchist she travels between the realms of arbitrary sacred ambiguous and fundamental worlds Within said worlds she embarks upon a

journey where she traverses through greater dimensions lucid dreams premonitions and connects to an immortal lover that begins to drain the essence of her organic life tied to her five basic senses In the perpetual cycle of good and evil trials and tribulations found both within her inner psyche and external circumstances Sage learns immortal secrets so powerful that they have the potential of changing the course of all beings that thrive on the third dimension of earth realm **Letters to Lightworkers** Diane Hall,2015 A beautiful collection of inspired articles blog posts poems and uplifting quotes from novelist intuitive and channel Diane Hall and her Guide Peter Elohim Packed with entertaining essays and articles inspired through mediumship as Diane and Peter work together to shed light on the challenges of our shifting times from both a human and a fifth dimensional perspective The second part contains messages channelled directly from Peter Elohim who offers visionary views of life beyond 2012 A comprehensive guide to shining your light while shift happens In Love and Light Scott Elliott Kuenzel,2011-01-03 Although most of us pray to God or some form of higher spiritual consciousness doesnt it seem odd that we perceive this presence as separate from us In this turbulent time of change and transformation so many are asking why does life have to be so challenging why disease why famine why poverty why war why am I alone Our plight on this Earth begs the question where is this divine and loving presence we innately call to All of this was weighing heavily on my mind as I helplessly witnessed a beautiful young soul be taken by leukemia It was while questioning Where is God that from the silence of seemingly unanswered prayers I was asked Are you ready now I was totally perplexed What did it mean And who was calling to me Was it God Was it an angel Or was it perhaps just my imagination For weeks I pondered both the question and its origin and although I was indeed fearful of embracing that which was so unknown something from within said This is your calling Have courage and move forward in faith As the weeks passed I sat idle uncertain as to the course to choose but then alas the thought of moving forward into that unknown didnt seem any scarier than sitting still Cautiously I answered Yes I am ready I said Im ready to embrace this calling I feel from within me but Ill only do this in the vein of love and peace with honor and dignity and in the spirit of the Christ consciousness It was there that my journey began one that swiftly moved me into the heart of what I call a spiritual awakening Long forgotten gifts of clairvoyance began emerging into the forefront of my awareness I was having visions of past lives and found myself acutely aware of those in spirit often times hearing their directives Eventually I began recording the guidance I perceived them to be conveying in a journal As I did to my amazement it became abundantly clear that not only was I connecting with loved ones who had passed but with a host of spirit guides angels and ascended masters Several years of walking the path had passed when one evening as I read a message for a friend synchronicity opened a door It sounds like the message was written just for me she said Over the course of the next several months there were nearly a dozen people for whom I read that made the same exact comment Thats when I knew that the messages were meant to be shared By the grace of God that which is conveyed in this book has been provided only by those who resonate with the vibration of Love and Light They come from many spheres of spiritual consciousness

including ascended masters angels and Archangels I have chosen to refer to them collectively as Spirit When one reads from their messages it becomes obvious that they are not contrary to any religion nor are they postulating a religion They are merely supplemental revelations spoken through divine grace in order that we might understand a little bit more about divine design about karma and the power each of us holds in our words deeds and actions They offer enlightening information about why life is and how we can and will affect our own future collectively and individually as evolving spirits The best way to allow the messages to serve you is to hold the book in your hands and simply ask in the name of Love and Light that guidance be revealed that will serve your highest good Relax and breathe in the loving presence of divine grace letting go any other thoughts When you are ready randomly open the book You will undoubtedly be drawn to a message that will speak directly to your situation Spirit says Take from these messages that which truly speaks to your heart and know that what we share with you comes in and of the divine Light Through the choices we make in our words deeds and actions we create our own tempering It is drawn unto us and thus becomes the living proof of who we are and that which we have learned regarding love and compassion respect and honor to name a few And in so making these choices we are creating the karma that will shape the future lessons of not only this life but the ones to come You will reap that which you sow the great master Jesus said By collective choice the future is ours to sow We can engage the energy of Love and Light or we can wallow in the energy of fear and negativity The question is which will we choose In Love and Light Scott Elliott Kuenzel Kenzel

Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club.
