The Palestinian Impasse In Lebanon The Politics Of Refugee Integration:

The Palestinian Impasse in Lebanon Simon Haddad, 2003 Includes statistics **Hybrid Political Order and the Politics of Uncertainty** Nora Stel, 2020-06-04 Lebanon hosts the highest number of refugees per capita worldwide and is central to European policies of outsourcing migration management Hybrid Political Order and the Politics of Uncertainty is the first book to critically and comprehensively explore the parallels between the country's engagement with the recent Syrian refugee influx and the more protracted Palestinian presence Drawing on fieldwork qualitative case studies and critical policy analysis it questions the dominant idea that the haphazardness inconsistency and fragmentation of refugee governance are only the result of forced displacement or host state fragility and the related capacity problems It demonstrates that the endemic ambiguity that determines refugee governance also results from a lack of political will to create coherent and comprehensive rules of engagement to address refugee crises Building on emerging literatures in the fields of critical refugee studies hybrid governance and ignorance studies it proposes an innovative conceptual framework to capture the spatial temporal and procedural dimensions of the uncertainty that refugees face and to tease out the strategic components of the reproduction and extension of such informality liminality and exceptionalism In developing the notion of a politics of uncertainty ambiguity is explored as a component of a governmentality that enables the control exploitation and expulsion of refugees Introduction Chapter of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The Palestinian Refugees in Lebanon: The Policies of the Lebanese State and The Role of The UNRWA. , 2001 This thesis analyzes the activities and conditions of Palestinian refugees in Lebanon within the framework of the Arab Israeli conflict and the political developments in Lebanon Their relations with the Lebanese state and public and their role in the domestic and regional political developments are discussed along with the roles of the outside actors such as Israel and Syria In addition the role of the UNRWA in Lebanon is analyzed from a historical perspective as an attempt to give a complete picture of the context surrounding the Palestinian refugees in Lebanon The study shows that the Lebanese state totally rules out the resettlement of the Palestinian refugees because of sectarian and economic reasons and implements restrictive policies to prevent their resettlement The legacy of the Civil War and the post War problems in Lebanon are additional factors for the rejectionist policies of the Lebanese state In the regional context Syria has been the most important actor in Lebanon It is found that Syria has total control of the Lebanese politics and Palestinian politics in Lebanon Regarding the UNRWA it is concluded that the Agency has operated as a quasi state organ for refugees but the financial difficulties and its mandate prevents it to improve the conditions of refugees The Agency has been very crucial for the refugees in Lebanon because the refugee community in this country is totally dependent on the Agency service *The Palestinian National Movement in Lebanon* Erling Lorentzen Sogge, 2021-05-20 Hosting over 30 000 inhabitants and

governed by competing militias Ayn al Hilwe in the south of Lebanon is one of the most contested refugee camps in the Middle East Known as the Capital of the Palestinian Diaspora the camp has endured a long history of internal power struggles and external influence and intervention Based on extensive ethnographic research in the camp focused on the actors who have shaped its modern political trajectory since the rupture caused by the 1993 Oslo Accords The Palestinian National Movement in Lebanon places the attention on the role of exile leaderships camp based militia commanders and shape shifting networks of patronage in the political landscape of the Palestinian movement in Lebanon Offering original empirical and theoretical findings this book will be essential reading for students of the Palestinian movement and refugee politics in the Middle East and beyond *Palestinian Refugees in Lebanon* M.-L. Weighill,1996 **Islamism in the**

Diaspora Are J. Knudsen,Chr. Michelsens institutt. Development Studies and Human Rights,2003 In recent years there has been increasing academic interest in Islamism in the Middle East not least in Palestinian Islamism championed by groups such as Hamas and Islamic Jihad which are waging a bloody war of attrition against the Israeli occupation of the West Bank and Gaza There has been less concern with Islamism among the Palestinian refugees dispersed in Middle Eastern countries such as Syria Jordan and Lebanon The paper outlines the sources of Islamism political Islam among Palestinian refugees in Lebanon The rise of Islamism is a complex mix of contingent factors that is fuelled by social and political deprivation and shaped by divergent views on Palestinian nationalism secular vs Islamist the Islamist revival in Lebanon and strategic localisation that turns refugee camps into battlefields between Palestinian factions The Islamist groups cater for narrowly defined segments of the refugee population and have been unable to attract wider support Instead they cater for minor camp based constituencies which compete with secular groups for internal control of the camps and by implication of the Palestinian nationalist cause itself *The Future for Palestinian Refugees* Michael Dumper,2007 This unique book makes a significant and sorely needed contribution to discussions of how to address the Palestinian refugee problem in the context of Israeli Palestinian peacemaking Dumper draws fair minded thoughtful conclusions that can guide future negotiations Michael R Fischbach Randolph Macon College Valuable and thought provoking Mick Dumper starts from a basic premise any resolution of the Palestinian refugee issue ought to be informed by best practice in other conflict areas From this he develops a sophisticated critique of past negotiations on the issue and offers rare insight into how things might be done differently Rex Brynen McGill University From the dilapidated camps of Lebanon to the eye of the storm in Gaza Palestinian refugees continue to be a focus of world attention The Palestinian Return addresses in depth this most difficult of the outstanding problems impeding peace in the Middle East Michael Dumper maps the contours of the issue with special reference to wider international practice and its possible bearings on policy options for the Israeli Palestinian case Concentrating on topics central to the future of Palestinian refugees ranging from compensation and resettlement to international involvement in postconflict agreements to justice and reconciliation he offers an important and positive contribution to thinking on the

Middle East peace process Michael Dumper is reader in Middle East Politics at the University of Exeter He is author of *The Politics of Sacred Space The Old City of Jerusalem and the Middle East Conflict Contents Introduction Palestinian Refugees An Overview Looking at International Practice Local Integration Resettlement and Repatriation The Role of UNRWA The Issue of Compensation Truth Justice and Reconciliation Conclusion* [Palestinian Refugees and Identity](#) Luigi Achilli, 2015-06-22 After the creation of the State of Israel in 1948 Palestinian refugees fled over the border into Jordan which in 1950 formally annexed the West Bank In the wake of the 1967 War another wave of Palestinians sought refuge in the Hashemite kingdom Today 42 per cent of registered Palestinian refugees live in Jordan As a result of this historical context one might expect Palestinian refugee camps to be highly politicised spaces Yet Luigi Achilli argues in this book that there is in fact a relative absence of political activity Instead what is prevalent is a desire to live an ordinary life It is within the framework of the performing and creating everyday life working praying relaxing watching football matches surfing the internet or idling in barber shops that Achilli examines nationalism and identity Palestinian refugees have been traditionally depicted by the Western media as inherently political beings ready to fight and resist all attempts to quash their nationalist struggle But except for occasional political demonstrations and events neither the political turmoil in Gaza and the West Bank nor the uprisings throughout the Middle East of 2011 have roused refugees out of what they described as the ordinary course of daily life in the camp Achilli argues instead that refugee daily life in many ways revolves around the practice of suspending the political The performative and reiterative dimensions of ordinary activities have not however precluded refugees from feeling an affinity for many of the meanings ideals and values of Palestinian nationalism Achilli holds that it is through the desire for an ordinary life that these Palestinian refugees are able to assert their own meanings and understandings of national identity against the more inflexible interpretations provided by the political systems in Gaza and the West Bank Examining the concepts of everyday Islam as well as the construction of masculine identity in the camps Achilli offers vital analysis of the complexities and ambiguities of camp dwellers experience of the political in ordinary times

The Palestinian Refugees Moshe Efrat, 1993 Includes statistics **The Politics of Denial** Nur Masalha, 2003-10-20 The 1948 war ended in the expulsion of hundreds of thousands of Palestinians from their villages and homes Israeli settlers moved in to occupy their land and the Palestinian refugees found themselves in refugee camps or in neighbouring Arab countries Today there are nearly four million Palestinian refugees and they want the right to go home Their problem is the greatest and most enduring refugee problem in the world Since 1948 Israeli refugee policy has become a classic case of denial the denial that Zionist transfer committees had operated between 1937 and 1948 denial of any wrong doing or any historical injustice denial of the right of return denial of restitution of property and compensation and indeed denial of any moral responsibility or culpability for the creation of the refugee problem The aim of this book is to analyse Israeli policies towards the Palestinian refugees as they evolved from the 1948 catastrophe or nakba to the present It is the first volume to

look in detail at Israeli law and policy surrounding the refugee question Drawing on extensive primary sources and previously classified archive material Masalha discusses the 1948 exodus Israeli resettlement schemes since 1948 Israeli approaches to compensation and restitution of property Israeli refugee policies towards the internally displaced present absentees and Israeli refugee policies during the Madrid and Oslo negotiations Masalha asks what rights Palestinians possess under international law How can a refugee population be compensated and will they ever be able to return to their homes Masalha questions the official Israeli position that the only solution to the problem is resettlement of the refugees in Arab states or elsewhere This book is a valuable resource for anyone interested in the subject that lies at the heart of the ongoing conflict in the Middle East
