The Penguin Shorter Atlas Of The Bible:

The Penguin Shorter Atlas of the Bible Lucas Grollenberg, 1983 *The Penguin Shorter Atlas of the Bible* Lucas Hendricus Grollenberg, 1978 **The Penguin Shorter Atlas of the Bible**, 1978 The Penguin shorter Atlas of the Bible Lue H. Grollenberg, 1959 The Davidic Succession and the Man of God in the Books of Samuel and Kings Robert Ignatius Letellier, 2023-04-20 1 and 2 Samuel constitute some of the finest historical writing in all of literature Written largely as historical biography these narratives offer commentary on formative events in the history of Ancient Israel The moral and spiritual repercussions of these events and of the persons involved are highlighted They are also important from a prophetic viewpoint in that they tell of the founding of Israel's Kingdom under David These events foreshadow the coming of Israel's true King and the establishment of the Kingdom under the Messiah The kings Saul and David and the teachings of the lives and witness of the prophets Elijah and Elisha still raise many questions and rich symbolic allusion This book re considers some of these and uncovers new perspectives on the themes arising from the crucial contribution of the Books of Samuel and Kings to both the Bible and wider Christian thought *Biblical Exegesis, Fourth Edition* John H. Hayes, Carl R. Holladay, 2022-10-04 This is a beginner's guide to biblical exegesis providing exegetical methods practices and theories This book provides simple helpful information and guidance about doing exegesis without being overly prescriptive succinctly introduces students to various methods provides basic bibliographies that take students beyond an introductory discussion and emphasizes exegesis as an everyday activity based on commonsense principles rather than as an esoteric enterprise This revised edition of this perennially best selling textbook includes discussions of emerging methods of interpretation aimed at a contemporary audience Several chapters have been updated and improved and readers will find an incisive new chapter on exegesis with a focus on identity and advocacy Holladay has also written a new concluding chapter on exegesis as the art of seeing Bibliographies are updated and a helpful glossary is included in this new edition *An Introduction to the Pentateuch* Robert Ignatius Letellier, 2024-08-27 This study presents the Pentateuch in both a wider Biblical context and in a more specific close reading of the five initial books of Scripture The differing approaches to exploring and understanding these books through time is considered with special emphasis on the changing approaches of the last two centuries both in terms of the historical critical approach and the more literary analysis of structuralism These diachronic and synchronic approaches are synthesized in the canonical method which looks at the books in the wider and more specific context of the formation of the biblical canon and the relationship of these books to one another There is an investigation into the aspects of these fundamental texts that still render them challenging and helpful for anyone searching for enlightenment and the path of faith Biblical Exegesis, Third Edition John H. Hayes, Carl R. Holladay, 2007-03-19 John Hayes and Carl Holladay have thoroughly revised and expanded this best selling textbook adding new chapters on emerging methods of interpretation and the use of computer technology for exegesis All bibliographies have been updated and Scripture has been converted to the

NRSV This new edition retains the features of the early editions a minimum of technical terms solid introductory guidelines in exegetical methods and a valuable presentation of exegetical theory and practice It is ideal for general introductory exegesis courses introductions to the Old and New Testaments and introduction to preaching as well as for pastors and lay leaders Biblical Exegesis John Haralson Hayes,1987-01-01 The new edition retains the features of the first edition a minimum of technical terms solid introductory guidelines in exegetical method and a valuable presentation of exegetical theory and practice The new edition is even more ideal for general introductory courses in Old and New Testament exegesis courses on specific books homiletics and preaching courses and courses focusing on historical topics **The Bible and Art** Janet Mellor,2016-02-29 This book explores the revelation of God's love in the mystery of the covenant and shows how this potent theological concept has inspired artists through the ages to reflect on the nature of divine interaction with mankind It traces the development of the covenantal relationship between God and the Jewish people as given in the Hebrew Scriptures and examines the Christian concept of the New Covenant portrayed by Gospel writers and those of the early Church in the New Testament Alongside this the book matches a variety of artistic work in which these texts are made visible The reference to over 300 works of art is a mere sample and will inspire readers to research this hugely rich resource both for their own interest and for use in teaching about the Christian faith and its important Jewish roots Learning in the contemporary world often lifts the emphasis from mere words to illustration and this book shows clearly that throughout history the Christian world has sought to use art to aid understanding of biblical texts Art continues to be used hand in hand with the Scriptures in present day classrooms as well as in group and individual study This volume provides a basis for the exploration of God's love in his covenantal relationship with the People of God ancient and modern and will serve to inspire an investigation of the huge range of artistic interpretation which is available through twenty first century technology
