Sir Walter Raleigh And His Readers In The Seventeenth Century Speaking To The People:

Sir Walter Raleigh and His Readers in the Seventeenth Century Anna R. Beer, 1997 Sir Walter Raleigh created a powerful public identity in the prose texts he wrote from prison Anna Beer's new study offers a much needed analysis of these neglected political writings which include *The History of the World A Dialog between a Counsellor and a Justice of the Peace* and Raleigh's speech from the scaffold Moving beyond previous analyses which have understood these works primarily in terms of patronage relationships Beer argues that Raleigh's experience of imprisonment encouraged him to seek new audiences outside the court and to explore political stances which confronted the power of the monarch Later chapters chart the ways in which readers modified Raleigh's public identity over the course of the century reforming his work to serve a range of political agendas indeed using his voice to speak for a new notion of the people By focusing on both Raleigh and his interpreters this book contributes to the growing body of work on the politics and practices of writing and reading in early modern England

Sir Walter Raleigh and his Readers in the Seventeenth Century A. Beer, 1997-10-15 Sir Walter Raleigh created a powerful public identity by means of the prose texts he wrote from prison This new study not only offers a much needed analysis of these neglected political writings but also demonstrates the ways in which his readers modified Raleigh's public identity in a series of fascinating posthumous reinterpretations By focusing on both Raleigh and his interpreters this book contributes to the growing body of work on the politics and practice of writing and reading in early modern England

Shakespeare's Political Imagination Philip Goldfarb Styrt, 2021-11-04 Shakespeare's Political Imagination argues that to better understand Shakespeare's plays it is essential to look at the historicism of setting how the places and societies depicted in the plays were understood in the period when they were written This book offers us new readings of neglected critical moments in key plays such as Malcolm's final speech in *Macbeth* and the Duke's inaction in *The Merchant of Venice* by investigating early modern views about each setting and demonstrating how the plays navigate between those contemporary perspectives Divided into three parts this book explores Shakespeare's historicist use of medieval Britain and Scotland in *King John* and *Macbeth* ancient Rome in *Julius Caesar* and *Coriolanus* and Renaissance Europe through Venice and Vienna in *The Merchant of Venice* *Othello* and *Measure for Measure* Philip Goldfarb Styrt argues that settings are a powerful component in Shakespeare's worlds that not only function as physical locations but are a mechanism through which he communicates the political and social orders of the plays Reading the plays in light of these social and political contexts reveals Shakespeare's dramatic method how he used competing cultural narratives about other cultures to situate the action of his plays These fresh insights encourage us to move away from overly localized or universalized readings of the plays and re-discover hidden moments and meanings that have long been obscured

The daring muse of the early Stuart funeral elegy James Doelman, 2021-03-16 The early Stuart funeral elegy was a copious and digressive genre and exceptional deaths pressed elegists to stretch beyond the usual rhetoric of grief and commemoration This book engages in a broad reading of the period's rich trove of funeral elegies in both manuscript and print and by poets ranging from the canonical to the anonymous The book stands apart from earlier studies by its greater focus upon the subjects of funeral elegies rather than the poets and how the particular circumstances of death and the immediate contexts affected the poetic response Individual deaths are understood in relation to each other and other prominent events of the time While the book covers the period 1603 to 1640 the 1620s stand out as a tumultuous decade in which the genre most fully engaged in matters of political controversy and satire

Royalist Identities Jerome de Groot, 2004-11-10 Royalist Identities shifts the emphasis from the question What is Royalism to What did Royalism want to be The texts

Loxley,1997-10-27

English literary history has long incorporated the category of Cavalier verse and the critical presuppositions that have shaped such a category continue even now to determine the ways in which much civil war writing is read Through a detailed study of both manuscript and printed texts James Loxley arrives at an account of the interaction between poetry and royalist political activity which for the first time presents a sustained and coherent challenge to such presuppositions Catholicism and Anti-Catholicism in Early Modern English Texts A. Marotti,1999-06-11

Responding to recent historical analyses of Post Reformation English Catholicism the essays in this collection by both literary scholars and historians focus on polemical devotional political and literary texts that dramatize the conflicts between context sensitive Catholic and anti Catholic discourses in early modern England They foreground some major literary authors and canonical texts but also examine non canonical literature as well as other writings that embody ideological fantasies connecting the political and religious discourses of the time with their literary manifestations Texts and Cultural Change in Early Modern England Cedric C. Brown,Arthur F. Marotti,1997-12-13

This is a wide ranging closely researched collection written by scholars from both sides of the Atlantic on the cultural placement and transmission of texts between 1520 and 1750 Material and historical conditions of texts are analysed and the range of works is wide including plays and the Lucrece of Shakespeare with adaptations and a discussion of reading playtexts Sidney s Arcadia Greene s popular Pandosto both discussed in the contexts of changing readerships and forms of fiction Hakluyt s travel books funerary verse and the writings of Katherine Parr and Elizabethan Catholic martyrs Eros and Poetry at the Courts of Mary Queen of Scots and James VI S. Dunnigan,2002-11-05 Eros and Poetry examines the erotics of literary desire at the Stewart court in Scotland during the reigns of Mary Queen of Scots and

James VI Encompassing the period from the early 1560s to the late 1590s this is the first study to link together Scottish Marian and Jacobean court literatures presenting a relatively unknown body of writing newly theorized and contextualized It argues that in this period erotic poetry can only be considered in relation to the figure of the monarch and that the formation of elite lyric culture takes place under the shaping influence of desire for and against the sovereign and her or his passional and symbolic powers

Autobiography and Authorship in Renaissance Verse E. Heale, 2002-12-13 The advent of relatively cheap editions in the mid sixteenth century produced an explosion of verse much of which represented the first person speaker as a version of the author This book examines ways in which writers often seeking advancement in their careers harnessed verse for self promotional purposes Texts studied include a manuscript autobiography by Thomas Whythorne printed verse by a woman Isabella Whitney travel and war narratives as well as canonical texts by Spenser Sidney and Shakespeare
