Sir Joseph Ward A Political Biography

David Kirk

Sir Joseph Ward A Political Biography:

Sir Joseph Ward Michael Bassett, 2013-11-01 Sir Joseph Ward 1856 1930 was the leading political figure during the forty year life of the Liberal Party in New Zealand He was a member of Ballance's first Cabinet twice Prime Minister 1906 12 and 1928 30 and was still a Cabinet Minister at the time of his death This lively biography is the story of an ambitious first generation New Zealander of Irish Catholic parents who spent more than half a century in local and central government politics influencing the directions taken in many areas of New Zealand life It contains much new material about Ward's private business dealings his flourishing Southland company his bankruptcy and his remarkable rehabilitation Michael Bassett reveals a genial courteous fast talking man of vision who never t

Sir Joseph Ward Michael Bassett, 2009 Sir Joseph Ward was an ambitious first generation New Zealander of Irish Catholic parents He spent more than half a century in local and central government politics influencing the directions taken in many areas of New Zealand life Political Life Writing in the Pacific Jack Corbett, Brij V. Lal, 2015-07-29 This book aims to reflect on the experiential side of writing political lives in the Pacific region The collection touches on aspects of the life writing art that are particularly pertinent to political figures public perception and ideology identifying important political successes and policy initiatives grappling with issues like corruption and age old political science questions about leadership and dirty hands These are general themes but they take on a particular significance in the Pacific context and so the contributions explore these themes in relation to patterns of colonisation and the memory of independence issues elliptically captured by terms like culture and tradition the nature of self presented in Pacific life writing and the tendency for many of these texts to be written by outsiders or at least the increasingly contested nature of what that term means

Coates of the Kaipara Fay Hercock, 2013-11-01 In the course of his political career Gordon Coates 1878 1943 experienced the extremes of popular adulation and contempt Handsome young and debonair with the common touch he was a successful minister in the early 1920s and seemed full of promise when he became Prime Minister in 1925 on the death of W F Massey Ten years later after serving as Minister of Finance in the coalition government during the Depression his reputation had sunk to its lowest ebb He went on to serve with distinction in the War Cabinet winning the confidence and respect of former Labour opponents Dying suddenly in 1943 he left many friends and supporters who to this day regard him as one of New Zealand's political giants Michael Bassett follows his successful biography of Sir Joseph Ward with an equally readable life of this younger Prime Minister It is one of the few scholarly biographies of a figure on the right of New Zealand politics With full access to the Coates family papers and to material gathered by other researchers Bassett is able to offer a thoughtful reassessment of the achievements and failures of Coates's political career He provides clear explanations of the sometimes complex issues drawing once again on his own familiarity with the pressures and pleasures of political life The study of the politician is combined with a fascinating account of the private man including his Northland origins his farming background his gallant military service in the First World War

his personal and family life and his character William Massey James Watson,2011-04-19 The Great War profoundly affected both New Zealand and its Prime Minister William Massey 1856 1925 Farmer Bill oversaw the despatch of a hundred thousand New Zealanders including his own sons to Middle Eastern and European battlefields In 1919 he led the New Zealand delegation to the Paris Peace Conference where it was represented both in its own right and as part of the British Empire This symbolised its staunch loyalty to Empire and the fact that it had its own particular interests Massey was largely satisfied with the Versailles Treaty as New Zealand gained a mandate over Western Samoa Germany forfeited its other Pacific colonies and control over Nauru s valuable phosphate deposits was shared between Britain Australia and New Zealand rather than simply being given to Australia He believed that the apparent confirmation of British power improved New Zealand s security and had little faith in the League of Nations However the opposition Labour Party came to believe the League could prevent a major war and made that a cornerstone of their foreign policy in government after 1935 Their belief that Versailles was unfair to Germany partly influenced them to favour negotiations with Hitler even after the outbreak of war in 1939 International Bibliography of the Social Sciences ,1994 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **The Devil's Own War** Herbert Hart,2011-01-23 When Herbert Hart left his home town of Carterton in 1914 to serve as a major with the New Zealand Expeditionary Force he could not have imagined that he would return as a much decorated brigadier general His rise to leadership was swift as he commanded the Wellington Battalion during the closing stages of the Gallipoli campaign then went on to serve as a battalion and brigade commander on the Western Front between 1916 and 1918 During the whole of this period he kept a diary in which he recorded his experiences in the great battles on Gallipoli the Somme and Passchendaele Hart s diary is now widely regarded as one of the most important personal sources relating to the New Zealand Expeditionary Force His service on the Western Front is the principal focus of the diary Exceptionally well written it includes gripping descriptions of both combat and life behind the front line and on leave in France and the United Kingdom While Hart can appear remarkably detached at times he is also a very human observer of the events around him empathising with the plight of his men finding humour in the most unlikely situations and noticing unexpected details at moments of high tension This important book also has an introductory chapter on Hart s early life and a concluding chapter about his diverse and distinguished career after the war including his term as Administrator of Western Samoa from 1931 to 1935 *Going Public* Bronwyn Dalley,Jock Phillips,2001 This is a collection of essays in the rapidly growing field of public history The essays are short think pieces by leading writers and scholars which explore the connections between specific aspects of public history and the broader field of New Zealand history in general and show some new and challenging ways of looking at the past The contributions cover new media academic vs public history the Waitangi Tribunal Treaty claims research official war history government history the origins of

public history museums heritage freelance research and writing public history in popular culture and state funded reference histories **The Routledge Handbook of the History of Settler Colonialism** Edward Cavanagh, Lorenzo

Veracini, 2016-08-12 The Routledge Handbook of the History of Settler Colonialism examines the global history of settler colonialism as a distinct mode of domination from ancient times to the present day It explores the ways in which new polities were established in freshly discovered New Worlds and covers the history of many countries including Australia New Zealand Israel Japan South Africa Liberia Algeria Canada and the USA Chronologically as well as geographically wide reaching this volume focuses on an extensive array of topics and regions ranging from settler colonialism in the Neo Assyrian and Roman empires to relationships between indigenes and newcomers in New Spain and the early Mexican republic to the settler dominated polities of Africa during the twentieth century Its twenty nine inter disciplinary chapters focus on single colonies or on regional developments that straddle the borders of present day states on successful settlements that would go on to become powerful settler nations on failed settler colonies and on the historiographies of these experiences Taking a fundamentally international approach to the topic this book analyses the varied experiences of settler colonialism in countries around the world With a synthesizing yet original introduction this is a landmark contribution to the emerging field of settler colonial studies and will be a valuable resource for anyone interested in the global history of imperialism and colonialism Endurance and the First World War David Monger, Katie Pickles, 2014-10-02

Endurance was an inherent part of the First World War The chapters in this collection explore the concept in New Zealand and Australia Researchers from a range of backgrounds and disciplines address what it meant for New Zealanders and Australians to endure the First World War and how the war endured through the Twentieth Century Soldiers and civilians alike endured hardship discomfort fears and anxieties during the war Officials and organisations faced unprecedented demands on their time and resources while Maori Australian Aborigines Anglo Indian New Zealanders and children sought their own ways to contribute and be acknowledged Family members in Australia and New Zealand endured uncertainty about their loved ones fates on distant shores Once the war ended different forms of endurance emerged as responses memories myths and memorials quickly took shape and influenced the ways in which New Zealanders and Australians understood the conflict The collection is divided into the themes of Institutional Endurance Home Front Endurance Battlefield Endurance Race and Endurance and Memorials

Studies in the History of Tax Law, Volume 9 Peter Harris, Dominic de Cogan, 2019-09-19 These are the papers from the ninth Cambridge Tax Law History Conference held in July 2018 In the usual manner these papers have been selected from an oversupply of proposals for their interest and relevance and scrutinised and edited to the highest standard for inclusion in this prestigious series The papers fall within five basic themes Four papers focus on tax theory Bentham social contract and tax governance Schumpeter s thunder of history and the resurgence of the benefits theory Three involve the history of UK specific interpretational issues management expenses anti avoidance jurisprudence and identification of

professionals A further three concern specific forms of UK tax on road travel land and capital gains One paper considers the formation of HMRC and another explains aspects of nineteenth century taxation by reference to Jane Austen characters Four consider aspects of international taxation development of EU corporate tax policy history of Dutch tax planning the important 1942 Canada US tax treaty and the 1928 UN model tax treaties on tax evasion Also included are papers on the effects of WWI on New Zealand income tax and development of anti tax avoidance rules in China *British Review of New Zealand Studies*, 1993 *From Servants of the Empire to Everyday Heroes* Tobias Harper, 2020-02-13 In the twentieth century the British Crown appointed around a hundred thousand people military and civilian in Britain and the British Empire to honours and titles For outsiders and sometimes recipients too these jumbles of letters are tantalizingly confusing OM MBE GCVO CH KB or CBE Throughout the century this system expanded to include different kinds of people while also shrinking in its imperial scope with the declining empire Through these dual processes this profoundly hierarchical system underwent a seemingly counter intuitive change it democratized Why and how did the British government change this system And how did its various publics respond to it This study addresses these questions directly by looking at the history of the honours system in the wider context of the major historical changes in Britain and the British Empire in the twentieth century In particular it looks at the evolution of this hierarchical deferential system amidst democratization and decolonization It focuses on the system's largest and most important components the Order of the British Empire the Knight Bachelor and the lower ranks of other Orders By creatively analysing the politics and administration of the system alongside popular responses to it in diaries letters newspapers and memoirs Tobias Harper shows the many different meanings that honours took on for the establishment dissidents and recipients He also shows the ways in which the system succeeded and failed to order and bring together divided societies **Becoming Aotearoa** Michael Belgrave, 2024-10-10 In the first major national history of Aotearoa New Zealand to be published for 20 years Professor Michael Belgrave advances the notion that New Zealand's two peoples tangata whenua and subsequent migrants have together built an open liberal society based on a series of social contracts Frayed though they may sometimes be these contracts have created a country that is distinct This engaging new look at our history examines how Christianity, Modernity and Culture John Stenhouse, G. A. Wood, 2005 For much of the twentieth century New Zealand historians like most Western scholars largely took it for granted that as modernity waxed religion would wane Secularization the fading into insignificance of religion would distinguish the modern era from previous ages Until the 1980s only a handful of scholars around the world raised serious empirical and theoretical questions about a Grand Theory that had become central to the self understanding of the social sciences and of the modern world Heated debates since then and the unmistakable resurgence of world religions have raised fundamental questions about the empirical and theoretical adequacy of secularization theory and especially about how far it applies outside Europe This volume revisits New Zealand history when secularization is no longer taken for granted as the Only Big Story that illuminates

the country's social and cultural history Contributors explore how New Zealanders diverse religious and spiritual traditions have shaped practical everyday concerns in politics racial and ethnic relations science the environment family life gender relations and other domains *Salmond* Alex Frame,1995 An account of the life and times of Sir John Salmond a study of the career and work of this influential legal philosopher and man of state traces the development of Salmond's principal ideas about law and their application to social and political problems of New Zealand in the first quarter of the twentieth century his judicial record is analysed and some leading cases discussed in detail Jacket Treasury Malcolm McKinnon,2013-10-01 Commissioned by the Ministry for Culture and Heritage this interpretive history tackles New Zealand's most important department of state the Treasury Department The history of the complex interplay between New Zealand's government economy and people is detailed McKinnon shows the perennial jousting of officials with ministers the rise and fall of the accountants the rise of the economists and the impact of changes in the political scene and of events in the world economy

A Civilized Community Margaret McClure,2013-10-01 A history of social security in New Zealand **Parliamentary Practice in New Zealand** David McGee,2021-05-01T00:00:00Z Parliamentary Practice in New Zealand provides a detailed description of New Zealand's parliamentary practice It is an authoritative text for use by members of Parliament public servants academics parliamentary officers and other working professionals who have an interest in Parliament such as the legal profession This fourth edition incorporates a decade of developments since the third edition in 2005 and reflects many significant changes in parliamentary law practice and procedure including the Parliamentary Privilege Act 2014 how the House and its committees conduct legislative and financial scrutiny the use of extended sittings by the House the increased role of the Business Committee to manage the transaction of parliamentary business how the work of the House and its committees is communicated to the public This new edition features an attractive design and accessible structure with extensive indexing and references *Joseph Chamberlain* I. Cawood,C. Upton,2016-04-08 Winston Churchill described Joseph Chamberlain as the man who made the weather for twenty years in British politics between the 1880s and the 1900s This volume contains contributions on every aspect of Chamberlain's career including international and cultural perspectives hitherto ignored by his many biographers It breaks his career into three aspects his career as an international statesman defender of British interests and champion of imperial federation his role as a national leader opposing Gladstone's crusade for Irish home rule by forming an alliance with the Conservatives campaigning for social reform and finally advocating a protectionist economic policy to promote British business and the aspect for which he is still celebrated in his adopted city as the provider of sanitation gas lighting clean water and cultural achievement for Birmingham a model of civic regeneration that still inspires modern politicians such as Michael Heseltine Tristram Hunt and David Willetts
