Weeks, 1919      *A New Companion to English Renaissance Literature and Culture* Michael Hattaway, 2010-02-12 In this revised and greatly expanded edition of the Companion 80 scholars come together to offer an original and far reaching assessment of English Renaissance literature and culture A new edition of the best selling Companion to English Renaissance Literature revised and updated with 22 new essays and 19 new illustrations Contributions from some 80 scholars including Judith H Anderson Patrick Collinson Alison Findlay Germaine Greer Malcolm Jones Arthur Kinney James Knowles Arthur Marotti Robert Miola and Greg Walker Unrivalled in scope and its exploration of unfamiliar literary and cultural territories the Companion offers new readings of both literary and non literary texts Features essays discussing material culture sectarian writing the history of the body theatre both in and outside the playhouses law gardens and ecology in early modern England Orientates the beginning student while providing advanced students and faculty with new directions for their research All of the essays from the first edition along with their recommendations for further reading have been reworked or updated      *The Duduk and National Identity in Armenia* Andy Nercessian, 2001-08-28 The book is an outline of the Armenian duduk a cylindrical double reed aerophone made of apricot wood and its relation to the Armenian identity It attempts to deepen our understanding of musical instruments not only through an examination of musical and constructional features but also through the application of a sociocultural framework which allows a theorization of the idea of the instrument as social being The discussion is centered on the different contexts in which the duduk is played These are divided into two categories solo and ensemble Solo duduk performance includes the remarkable phenomenon of Armenian funeral music activity Other contexts include special celebrations of national culture duduk competitions the recording studio and the film music studio The main ensemble contexts of duduk performance are the Armenian folk orchestras These are essentially Soviet creations designed to advance folk music Their impact on folk music and folk musical life on Armenia is discussed with special attention to the adjustments which were necessary for the success of this institution Folk ensembles have long been emblems of Armenian national culture which might explain how they have survived the collapse of the Soviet Union and its Marxist Leninist policies which were these orchestras very raison d'être The book will appeal to anyone with an interest in organological theory Armenian culture or world music      *Holinshed's Nation* Igor Djordjevic, 2016-04-29 Raphael Holinshed's account of English history from 1377-1485 in the Chronicles of England Scotland and Ireland is most well known as the source of Shakespeare's English history plays Although the Chronicles are widely read and studied published scholarly opinion with a few exceptions has been limited to the discipline of history This book explores the historiographic materials of the Chronicles through a literary lens focusing on how Renaissance men and women read historical texts framed by these questions How did Holinshed understand and view history What were his motives in composing the Chronicles What did sixteenth and seventeenth century English

readers learn from the work Igor Djordjevic explores both the lexical and semantic dimensions as well as lessons in both foreign and domestic policy in the 1577 and 1587 texts and in writers who used or appropriated the Chronicles including Shakespeare Daniel Heywood and Milton This study reevaluates our understanding of Renaissance chronicle history and the impact of Holinshed on Tudor Jacobean and Caroline political discourse the Chronicles emerge not as a series of rambling digressive episodes characteristic to a dying medieval genre but as the preserver of national memory the teacher of prudent policy and a builder of the commonwealth ideal *The French Revolution and Historical Materialism* Henry Heller, 2017-07-03 This text reasserts the Marxist view of the French Revolution as a bourgeois and capitalist revolution Based mainly on articles published in the journal *Historical Materialism* it challenges the still dominant revisionist view of the French Revolution It serves to restore the close tie between the history of the Old Regime and the Revolution It demonstrates that the rise of a bourgeois capitalist class has a long history dating back to the sixteenth century Moreover it shows that the Revolution itself played a large role in strengthening the bourgeoisie politically and economically while bringing about the unification of financial and productive capital Indeed it shows that the rising of the masses during the Revolution viewed by revisionism as economically regressive in fact helped to bring about the consolidation of capitalism **The Gutenberg Galaxy** Marshall McLuhan, 2017-06-22 The Gutenberg Galaxy catapulted Marshall McLuhan to fame as a media theorist and in time a new media prognosticator Fifty years after its initial publication this landmark text is more significant than ever before Readers will be amazed by McLuhan's prescience unmatched by anyone since predicting as he did the dramatic technological innovations that have fundamentally changed how we communicate The Gutenberg Galaxy foresaw the networked compressed global village that would emerge in the late twentieth and twenty first centuries despite having been written when black and white television was ubiquitous This new edition of The Gutenberg Galaxy celebrates both the centennial of McLuhan's birth and the fifty year anniversary of the book's publication A new interior design updates The Gutenberg Galaxy for twenty first century readers while honouring the innovative avant garde spirit of the original This edition also includes new introductory essays that illuminate McLuhan's lasting effect on a variety of scholarly fields and popular culture A must read for those who inhabit today's global village The Gutenberg Galaxy is an indispensable road map for our evolving communication landscape *Englishness Revisited* Floriane Reviron-Piégay, 2020-10-27 What is Englishness Is there such a thing as a national temperament is there a character or an identity which can be claimed to be specifically English This collection of articles seeks to answer these questions by offering a kaleidoscopic vision of Englishness since the eighteenth century a vision that acknowledges stereotypes while at the same time challenging them Englishness is defined in contrast to Britishness the Celtic fringe Scotland in particular Europe and the Continent at large The effects of the Empire and of its loss are examined together with other socio economic factors such as the two World Wars de industrialization and the different waves of immigration Through a careful analysis of the arts literature philosophy historiography cultural and

political studies produced in England and on the Continent over the last three centuries a composite image of Englishness emerges somewhere between centre and periphery tradition and innovation transience and timelessness rurality and urbanity commitment and isolation Englishness is thus revealed as a protean concept one which whether it is a historical or political construct a genuine emanation of a national desire or a simulacrum retains its fascination and this volume offers keys to understanding its diverse expressions

**Writing Wales, from the Renaissance to Romanticism** Stewart Mottram, 2016-02-11

Writing Wales explores representations of Wales in English and Welsh literatures written across a broad sweep of history from the union of Wales with England in 1536 to the beginnings of its industrialization at the turn of the nineteenth century The collection offers a timely contribution to the current devolutionary energies that are transforming the study of British literatures today and it builds on recent work on Wales in Renaissance eighteenth century and Romantic literary studies What is unique about Writing Wales is that it cuts across these period divisions to enable readers for the first time to chart the development of literary treatments of Wales across three of the most tumultuous centuries in the history of British state formation Writing Wales explores how these period divisions have helped shape scholarly treatments of Wales and it asks if we should continue to reinforce such period divisions or else reconfigure our approach to Wales literary past The essays collected here reflect the full 300 year time span of the volume and explore writers canonical and non canonical alike George Peele Michael Drayton Henry Vaughan Katherine Philips and John Dyer here feature alongside other lesser known authors The collection showcases the wide variety of literary representations of Wales and it explores relationships between the perception of Wales in literature and the realities of its role on the British political stage
