Skeptics Search For God Convincing Evidence For His Existence:

A Skeptic's Search for God Ralph O. Muncaster, 2002 Muncaster shares his fascinating journey from churchgoing childhood to atheism to the search that led him to Christ He reveals the hard questions he asked and the evidence he found in support of God's existence A **Answering the Objections of Atheists, Agnostics, and Skeptics** Rhodes, Ron, *Creation Research Society Quarterly* Creation Research Society, 2004 Skepticism: The Case against Christianity? John G. Weldon, 2023-04-11 An examination of skepticism and one of its principal complaints against God the Bible and Christianity Despite the best efforts of the most skilled skeptics for 20 centuries the case against Christianity has never been made Alleged moral dilemmas often cited by skeptics as proof the Bible could not be divinely inspired have critical information left out Existence as Necessity: The Ontological Argument Through the Ages Dr. Octavian Caius Obeada, *Existence as Necessity The Ontological Argument Through the Ages* Why does anything exist at all and must God exist by definition Existence as Necessity offers a profound exploration of the Ontological Argument the bold claim that the very concept of God implies His existence Spanning thinkers from Anselm and Descartes to Leibniz Plantinga and G del this book traces how reason logic and faith converge in one of philosophy's most enduring questions Blending history theology and analytic philosophy it invites readers to rediscover the timeless dialogue between mind and being necessity and divinity Faith seeking understanding St Anselm fides quaerens intellectum I clearly and distinctly perceive that necessary existence is contained in the idea of God Ren Descartes If it exists in some possible world it exists in all possible worlds including the actual world Gottfried Wilhelm Leibniz The universe's existence is contingent and therefore demands explanation Richard Swinburne The Bible is alive it speaks to me it has feet it runs after me it has hands it lays hold of me Martin Luther Preface to the New Testament Scripture is not simply a repository of true statements about God but the vehicle through which God continues to speak today N T Wright Revelation does not terminate in the Bible but continues through its proper understanding and application J I Packer God Has Spoken The Bible is not a collection of disconnected moral lessons but a unified revelation of God's redemptive plan R C Sproul Knowing Scripture This most beautiful system of the sun planets and comets could only proceed from the counsel and dominion of an intelligent and powerful Being Isaac Newton Principia Mathematica The most incomprehensible thing about the universe is that it is comprehensible Albert Einstein The result of intelligent design is a purposeful arrangement of parts Michael Behe Darwin's Black Box From the first whispers of faith to the discoveries of modern science these voices echo a single truth that the universe is not silent and that understanding begins in wonder **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004 **Forthcoming Books** Rose Army, 2001 *Introducing Christianity to Mormons* Eric Johnson, 2022-09-13 Share Jesus with Your LDS Friends and Family One of our greatest challenges as Christians is sharing the truth with those who believe they've already found it When witnessing to current or former members of The Church of Jesus Christ of Latter day Saints it's essential that you can

compassionately delineate biblical teachings from Mormon doctrine while tactfully advocating for Christ For every believer who prays for loved ones in the LDS Church or loved ones who gave up on religion after leaving Mormonism Introducing Christianity to Mormons is the guidebook you need to witness to them Inside you ll find real life conversations that give you helpful ideas for what to say in your discussions contrast points between Mormonism and Christianity that illuminate God s truth biblical apologetics that allow you to minister to former LDS members wounded by their experience with the Church Get ready to present the case for Christianity with confidence and grace This book will empower you to share your faith and give you the language to do so effectively with people in the Mormon community **The Humane Perspective** John

Cottingham, 2024-07-03 The book brings together fourteen essays from the work of John Cottingham on moral philosophy and the philosophy of religion spanning the past fifteen years The papers are closely related in so far as they all deal with the perennial moral and spiritual challenges of human existence and the search for meaning and value in human life As well as being thematically linked they also share a common style and methodology illustrating the distinctive goal that has increasingly informed the author s work in recent years that of promoting a more humane conception of philosophizing While in no way discarding the technical tools of the professional philosopher such as abstract argumentation and analysis whose value and importance are unquestionable this approach is notable for drawing on the full range of resources available to the human mind including those that depend on literary artistic poetic imaginative aesthetic and emotional modes of awareness In contrast to the model of the philosopher as a kind of detached scrutineer the essays exemplify the belief that there is a distinctive and valuable kind of philosophical understanding that requires a more involved and engaged stance The philosophical questions dealt in the volume all fall broadly within the familiar domains of moral philosophy and the philosophy of religion but the reflections offered on these areas of human thought and practice always aim to be sensitive to how morality and religion actually operate in the lives of the human beings involved Does God Really Exist? If So, Why

Does He Not Answer Our Prayers? Margaret Light, 2025-01-06 Does God Really Exist If So Why Does He Not Answer Our Prayers explores one of the most profound questions of faith and existence This thought provoking journey delves into the mysteries of God s presence the nature of prayer and the silence that often accompanies our deepest cries Through insights from philosophy science and scripture it examines the evidence of God s existence and the reasons behind seemingly unanswered prayers Offering hope wisdom and spiritual clarity this narrative invites readers to deepen their trust in God s unseen work embrace faith as a transformative journey and find peace in the divine silence
