The Spiritual Origins of Eastern Europe Sergei O. Prokofieff, 2016-03-21 And however paradoxical it may seem today the Grail mood is in the fullest sense to be found in Russia And the future role that Russia will play in the sixth post Atlantean epoch rests firmly upon this unconquerable Grail mood in the Russian people Rudolf Steiner Although Eastern Europe has been part of the Christian world for more than a thousand years its spiritual identity remains a mystery This mystery says Sergei Prokofieff can only fully be solved by looking behind external events and seeking spiritual meta historical dimensions of reality In illuminating the maya of outer history Prokofieff reveals the forces that have been at work to hinder the progress of mankind the materialistic Brotherhoods of the West and the occult aspects of both Jesuitism and Bolshevism These adversary groups have created a karma of materialism that the eastern Slavic peoples have taken upon themselves out of their exalted willingness for sacrifice Prokofieff shows how from the earliest times the future conscience of humanity flowed from hidden mystery centres in Hibernia to the eastern Slavic peoples As a result qualities of compassion patience and willingness for sacrifice developed in their souls creating a truly Christian Grail mood Despite incalculable suffering from the persecutions of the Mongol hordes to the Bolshevik experiment of the last century this quality has become an unconquerable force Will humanity

be able to use the present opportunity granted by this sacrifice to fulfil the primary purposes of the present cultural epoch Can the future mysteries of the Holy Grail be fulfilled In this momentous work breathtaking in its scope and detail the author attempts a truly esoteric approach penetrating to the spiritual wellsprings of Eastern Europe in the light of Rudolf Steiner's research **The Life and Work of Rudolf Steiner** Guenther Wachsmuth,1995-06 Zanon first published in 1842 was inspired by a dream Sir Edward a Rosicrucian wrote this engaging well researched novel about the eternal conflict between head and heart between wisdom and love played out by the Rosicrucians before the dramatic background of the French Revolution He described his book Zanon as a truth for those who can comprehend it and an extravagance for those who cannot Following his introduction the novel is divided into seven parts whose titles indicate the sevenfold path of spiritual development The fourth section The Dweller of the Threshold is the book's centerpiece revealing significant esoteric facts and experiences A novelist a dramatist a scholar an editor and an active member of Parliament Sir Edward was an extremely successful author whose writings were widely read throughout England and Europe He poured into this esoteric work all of the ancient esoteric wisdom that he felt he could reveal to the public during an age buried deeply in materialism This work remains one of the great pioneering landmarks of esoteric writing **Reference Catalogue of Current Literature** ,1928

Eurythmy and Rudolf Steiner Tatiana Kisseleff,2021-07-15 In the autumn of 1912 Rudolf Steiner presented the first eurythmy performance It marked the revival in modern form of the sacred art of dance which had been used in the ancient Mysteries to express the movements of the stars and the planets In the years that followed Steiner and his wife Marie von Sivers developed eurythmy further broadening it beyond the artistic to encompass healing and educational elements as well One of the pioneers of this new form of movement was the Russian anthroposophist Tatiana Kisseleff who became a student of Steiner's and later a celebrated eurythmy teacher In this remarkable book available for the first time in English Kisseleff describes the spiritual foundations of eurythmy as they were explored in Steiner's lectures and recounts the instruction she received from him This is both an eyewitness account of the origins of eurythmy and a record of a deeply personal journey of one person's efforts to master it The book is illustrated throughout with photographs drawings facsimile reproductions from notebooks and posters advertising early eurythmy performances alongside accounts of performances of various pieces including Shakespeare's *The Tempest* Goethe's *Faust* and Rudolf Steiner's own *Mystery Dramas* This is a fascinating account for eurythmists and anyone who wants to delve more deeply into eurythmy's history and development [The Michael Prophecy and the Years 2012-2033](#) Steffen Hartmann,2020-09-17 In a series of vibrant and lively essays Steffen Hartmann focuses on a little known but critically important theme relating to the teachings of Rudolf Steiner Steiner described the collaboration between human souls connected to the Platonic and Aristotelian schools or groupings both here on Earth and in the spiritual world These groupings of souls work within a wider metaphysical collective known as the Michael School led by the ruling Spirit of our age Michael Prior to their births millions of human souls were prepared within this School to help

them face the challenges of the twentieth and twenty first centuries We may have forgotten these pre existence experiences but they can be reawakened within us says Hartmann Indeed it is possible consciously to reconnect to our earlier incarnations and to perceive our karma The book begins with this theme and leads to Rudolf Steiner s Michael Prophecy of 1924 to his vision of the millennium and the era in which we now live especially the crucial period between 2012 and 2033 Dealing with the anthroposophical block in the emerging holistic building of humanity the author contextualizes the topic with reference to direct personal experiences The sharing of such considered experiences can help to stimulate self reflection in the anthroposophical movement and contribute real spiritual substance to contemporary culture This little book provides stimulation to spiritual seekers who carry within them deeper questions about life in the modern world **The Creative Power of Anthroposophical Christology** Sergei O. Prokofieff, Peter Selg, 2011-10 18 Introductory essays written 1884 1897 CW 1 The holistic paradigm Gaia deep ecology and new alchemy all have a hidden ancestor Johann Wolfgang von Goethe 1749 1832 At the youthful age of twenty one Steiner was chosen to edit Goethe s scientific writings for the principle Goethe edition of his time Goethe s literary genius was universally acknowledged it was Steiner s task to understand and comment on Goethe s scientific achievements Steiner recognized the significance of Goethe s work with nature and his epistemology and here began Steiner s own training in epistemology and spiritual science This collection of Steiner s introductions to Goethe s works re visions the meaning of knowledge and how we attain it Goethe had discovered how thinking could be applied to organic nature and that this experience requires not just rational concepts but a whole new way of perceiving In an age when science and technology have been linked to great catastrophes many are looking for new ways to interact with nature With a fundamental declaration of the interpenetration of our consciousness and the world around us Steiner shows how Goethe s approach points the way to a more compassionate and intimate involvement with nature Nature s Open Secret is a translation of Goethes Naturwissenschaftliche Schriften Einleitungen 1884 1897 Previous translations were titled Goethe the Scientist and Goethean Science GA 1 **Swastika, rock opera , The Future is Now** Sevak Gulbekian, 1999 Rudolf Steiner spoke at various times of a period that encompasses the end of the twentieth century and the beginning of the new millennium He described it as a time of great spiritual struggle in which forces of destruction would wage war on benevolent forces and how the future of culture and civilization would depend on the outcome In his many statements on this matter Steiner warned in particular members of the Anthroposophical Society and movement that they would be called on to develop vital spiritual capacities that are becoming increasingly critical for human progress In these eighteen essays contributors offer their thoughts on the question of where anthroposophy in its earthly manifestation now stands and to what extent it is fulfilling its tasks This commentary on the challenges ahead offers us all a chance to reassess prepare and wake up This compilation features eighteen essays by Jesaiah ben Aharon Mario Betti Terry Boardman Peter Bridgmont Gilbert Childs Dor Deverell Michaela Gl ckler Sevak Gulbekian Brien Masters Thomas Meyer Bernard Nesfield Cookson Sergei O Prokofieff
