Jonassen,Barbara L. Grabowski,2012-12-06 Written for teachers trainers and instructional designers anyone who is responsible for designing or preparing instruction this book begins with one basic premise individual differences mediate learning at all levels and in all situations That is some learners find it easier or more difficult to learn some skills or to learn from certain forms of instruction because they vary in terms of aptitude cognitive styles personality or learning styles This volume describes most of the major differences in a readable and accessible way and demonstrates how to design various forms of instruction and predict the ease with which learners will acquire different skills Most books that discuss any learner differences focus on those that characterize special education populations whereas this book focuses on normal learners Designed as a handbook this volume is structured to provide easy and consistent access to information and answers and prescriptions and hypotheses When definitive answers

are not possible because there is no research documentation the authors suggest theories designed to stimulate future research

Martha Brady,2003-10-17 The key to authentic learning is capitalizing on teachable moments in the classroom Learn to look for and create these tremendous learning opportunities as you teach your curriculum This resource guides the user in a friendly fashion through a variety of units that address standards multiple intelligences and the content areas Liberally sprinkled with practical projects poetry music and assessment strategies a grid is included at the end of each unit that demonstrates the interconnectedness of the hundreds of activities

Hisclass Marco H. D. van Leeuwen,Ineke Maas,2011

For the sake of comparability it is advisable not to develop new class schemes but to use old ones Yet presenting a new class scheme HISCLASS is exactly what this book does Unlike existing historical schemes HISCLASS is international created for the purpose of making comparisons across different periods countries and languages Furthermore it is linked to an international standard classification scheme for occupations HISCO The chapters in the book show how historical occupational titles classified in HISCO can form the building blocks of a social class scheme for past populations The dimensions underlying classes are discussed How for instance can manual work be distinguished from non manual work Skilled from non skilled And what did supervision really mean
