(Bill Allan, NLESD)

**Miss Susie had a baby**  
His name was Tiny Tim  
She put him in the bathtub  
To see if he could swim.

He drank up all the water.  
He ate up all the soap.  
He tried to eat the bathtub  
But it wouldn't go down his throat.

In came the doctor.  
In came the nurse.  
In came the lady  
With the alligator purse.

Out ran the doctor.  
Out ran the nurse.  
Out ran the lady  
With the alligator purse.

And now Tiny Tim  
Is home sick in bed,  
With soap in his throat  
And bubbles in his head.

**Cinderella dressed in yella,**  
Went upstairs to see her fella,  
Made a mistake and kissed a snake,  
How many doctors did it take?  
1, 2, 3, 4, 5...  
(Count jumps out loud until jumper stops jumping)

**Hot Potato**  
One potato, two potato, three potato,  
Four,  
Five potato, six potato, seven potato,  
MORE,  
(eight, nine, ten, and so on until the jumper reaches preset goal, such as twenty-five, or misses before the goal is met)

**Apples, peaches, pears and plums,**  
Please jump out when your birthday comes,  
January, February, March, April, May,  
June, July, August, September, October,  
November, December? (Everyone starts inside the rope and each student jumps out when their birthday month is called. Reverse it by saying chant again and each student jumps in when birthday month is called.)

**Strawberry shortcake, blueberry pie,**  
Who's gonna be my lucky guy?  
A-B-C-D...  
(Repeat the letters of the alphabet until the skipper gets caught in the rope. If she gets caught on T, then, your "lucky guy's" name will start with T)

**Engine, engine Number 9,**  
Going down the Chicago Line,  
See it sparkle, see it shine,  
Engine, engine Number 9.  
If the train should jump the tracks,  
Will I get my money back?  
Yes, no, maybe so...  
(Repeat rhyme)

**I'm a little Dutch Girl**  
Dressed in blue,  
And these are thing  
I like to do:  
Salute to the captain,  
Bow to the queen,  
And turn my back to the submarine.  
(skippers can jump out at this point, but really good jumpers would continue with this:  
"I can do a tap dance  
I can do a split just like this!")

**Teddy Bear, Teddy Bear, turn around**  
Teddy Bear, Teddy Bear, touch the ground.  
Teddy Bear, Teddy Bear, show your shoe  
Teddy Bear, Teddy Bear, that will do.  
Teddy Bear, Teddy Bear, go upstairs  
Teddy Bear, Teddy Bear, say your prayers.  
Teddy Bear, Teddy Bear, turn out the light  
Teddy Bear, Teddy Bear, say good night.

History of Children's Play Brian Sutton-Smith, 2016-11-11 New Zealand children from 1840 to 1890 were subjected to an unusual combination of agrarian existence and an industrial social philosophy in the newly formed schools. When schools became more universal in the expanding industrial society, a new emphasis on the control of children developed and from 1920 onward adult supervision in the form of heavily organized sports and playgrounds encroached more and more on the untrammelled freedom of the rural environment. Returning to his home country of New Zealand, Brian Sutton Smith documents the relationship between children's play and the actual process of history. Drawing on interviews with hundreds of informants from every province and school district of New Zealand, the author illuminates for the first time the various social, cultural, historical, and psychological context in which children's play occurs. He treats both formal and informal play as well as the play of both boys and girls.

**Let's Read! Let's Talk! Let's Write! Let's Pretend! (ENHANCED eBook)** Judy Nyberg, 2008-03-01 Reading and writing are the most important skills a child acquires during his or her lifetime and it all begins in the early childhood classroom where creative play, discovery and time to explore are at the heart of a developmentally appropriate and child centered curriculum. Striking a balance between these often competing priorities can challenge even the most experienced educator.

**101 Playground Games** Thérèse Hoyle, 2021-06-06 101 Playground Games is a collection of active and engaging school playground games that will encourage active learning and social development among children at playtime. This second edition has been updated to include a wealth of new games from around the world. The school playground plays a crucial role in developing all aspects of children's behaviour and interpersonal learning and yet there is a growing awareness that children today do not play in the same sociable ways as previous generations. Encouraging children to play games can be hugely beneficial not only for their physical health but also for their social, emotional and mental health. This brilliant resource includes a practical toolkit of photocopiable and downloadable materials along with clear instructions for adults on how to organise a range of different types of games including traditional games, chasing and catching games, singing and dancing games, skipping games and rhymes, parachute games, quiet games, co-operative games. Ideal for teachers, lunchtime supervisors, breakfast and after school club leaders as well as group leaders for organisations such as scouts or guides to promote lively and enjoyable games, this book is particularly suited to children aged 5-11 years but can easily be adapted for older children. 101 Playground Games is a book that will make any playtime a richer experience for all.

Poetry Goes to School Bob Barton, David Booth, 2003 Learn how to create a culture of poetry that demonstrates the power of words and strengthens the language lives of children. Poetry Goes to School is a comprehensive resource for teachers who want to fill their classrooms with poetry. The authors have expanded the territory covered in their previous book Mother Goose Goes to School. In this rich collection they have gathered

and classified a remarkable collection of poetry and teaching strategies into a meaningful manageable program The book is organized around eight inviting units patterns word play nursery rhymes ceremonies images voices stories and information Each unit contains a description of the genre inviting lessons and tools for using them in classrooms sample poems to motivate language discussion ideas for exploring all forms of poetry with children Teachers can select from the wide range of response activities that will involve the children in reading writing role playing and the arts Assessment techniques for supporting the poetry program complement this inviting resource     Anna Banana Joanna Cole,1989-04-18 How many times can you jump rope This rhyme makes the game of rope jumping even more fun It s a counting rhyme and there are lots of others like it There are also red hot pepper rhymes for jumping very fast and rhymes for jumping in and out of the rope There are even fortune telling rhymes that answer questions and help you predict the future The rhymes in this book began as a way to keep the rhythm while jumping rope but they also lent poetry and humor to the game Here are over one hundred traditional rhymes that will make rope jumping challenging and best of all fun     *Topic Work in the Early Years* Joy Palmer,2002-11 First published in 1993 Routledge is an imprint of Taylor Francis an informa company     Lightning Yr3/P4: Non Fiction Book 1 You're It! and consequential for the contemporary study of children play and media cultures Marsh and Bishop convincingly demonstrate how children's play practices when approached on their own terms exhibit a persistent dynamism that cannot and should not be reduced to simple exclamations of panic or celebration Daniel Thomas Cook Department of Childhood Studies Rutgers University USA Using the work of Iona and Peter Opie as a benchmark *Changing Play* tracks the continuities in children's play and the changes that have taken place over the past half century The research juxtaposes the memories of children who grew up in the 1950s and 1960s with observations of and conversations with today's children in Sheffield and London in doing so it allays much of the current anxiety about consumption and the media Timely and topical *Changing Play* will find its place alongside the Opies classic volumes Hugh Cunningham University of Kent UK Author of *The Invention of Childhood* This important new text challenges the prevailing view that children's play has been contaminated by access to digital technologies In exploring accounts of children's play from the 1950s and 60s to the present day against the backdrop of rapid changes within media and commercial markets the authors skillfully reveal the particular ways in which children's play has changed and stayed the same In so doing they invite the reader to reject romantic notions of lost childhoods and embrace the realities and richness of children's play in the 21st century I highly recommend this book Professor Trisha Maynard Director Research Centre for Children Families and Communities Canterbury Christ Church University UK
