Sky Creatures Living Ufos:

The Sky Creatures: Living UFOs Trevor Constable, 1978-12-15 New Saucerian presents the final revised edition of The Sky Creatures Living UFOs which provides the most concise and complete look at the groundbreaking work of the late military historian James Trevor Constable whose intriguing theories sparked the widespread 21st century fascination with intelligent energies what some call spaghetti monsters that apparently live in our skies and can be photographed using special processes This extraordinary book has done what thousands of astrophysicists exobiologists and ufologists have failed to do It breaks through the baffling UFO mystery to demonstrate the presence of living critters in the sky a nearly invisible lifeform of unknown origin Drawing on the theories of Rudolf Steiner and Dr Wilhelm Reich Sky Creatures uniquely states with photographic evidence that UFOs are not extraterrestrial spaceships at all but biological organisms inhabiting our own planet Written in clear non technical language these pages present UFOs as they have never been presented before as bio organisms native to our atmosphere living with us side by side unnoticed since the beginning of time The special reprint was originally published by Saucerian Press whose founder Gray Barker immortalized Constable in the books Gray Barker at Giant Rock and Bender Mystery Confirmed It features an updated cover showing one of the most recent photographs of a sky creature taken not long before Constable's death on March 31st 2016

Korff, 2010-08-05 The case of Eduard Billy Meier has gained worldwide attention for his claims of being in on going contact with aliens from the star cluster known as the Pleiades Purported to be the most documented UFO account of all time Meier's files consist of 1 000 photographs and 12 motion picture films of the visiting spacecraft Through thousands of pages of contact notes Meier claims to have passed on the wisdom and advanced technical knowledge from his conversations with these aliens designed to help guide our evolution In addition he alleges that 40 independent eyewitnesses have also seen the alien ships and observed Meier's contacts with them The aliens also left numerous landing tracks in the ground and gave Meier various rock metal mineral and crystal samples as proof of their visitations Author Kal Korff conducted the most thorough examination ever into the case of Billy Meier and all its alleged evidence and reveals here how a Swiss farmer hatched and continues to maintain

the most elaborate UFO hoax in history **Weird Virginia** Jeff Bahr,Troy Taylor,Loren Coleman,2007 **UFOs and Aliens: Shocking Secrets, Amazing Encounters and Complete Cover-Ups** UFO Guy,2012-05-23 The truth is out there sure that s true But it s also a lot closer to home than you think In this book I focus on the most amazing UFO cases and evidence that I have come across over the past almost forty years Some are older many are recent and involve everyday people celebrities politicians astronauts and former U S presidents Not only will you learn new information much of it exclusive about older and more recent UFO incidents which remain unexplained you ll be taken on a trip through secret U S Government experiments involving invisibility time travel mind control and the summoning of Aliens using E T Technology This book is a treasure trove of true facts for those who really want to know the truth not just the watered down goop fed to us by the media UFO pundits and cable channels The New Circlemakers Andrew Collins,2009-03 What is the mystery of the crop circles Are they manmade or supernatural Today the majestic crop formations grace the very same pastures of southern England that in the past were the haunts of fairies hobgoblins and mysterious lights Here too are some of Britain s most spectacular prehistoric landscapes Stonehenge Avebury and Silbury Hill all act as ominous backdrops to the crop circle phenomenon Did our ancestors know something about this beguiling enchanting landscape that we are only now waking up to for the first time Is there a higher intelligence responsible for such creations and if so who are they and what are they trying to tell us Bizarrely the answer might lie not here on earth but 37 000 light years away in the constellation of Cygnus the Northern Cross where lurks a star perhaps responsible not only for the foundation of the world s earliest stone monuments but for the emergence of humanity itself *The Red Scare, Ufos & Elvis* Claudine Burnett,2018-06-30 The baby boomer generation 1946-1964 grew up in a time of dramatic social change Their experiences in the Cold War were very different from those of their parents While adults perceived communism as a threat to the American way of life to their health and well being and those of their families their children learned to fear the loss of a future they could grow into and inhabit These kids of the atomic age wondered if they might be the last children on earth They were raised on civil defense films tales of nuclear annihilation and a world taken over by communism America had entered the atomic age Flying saucers were big news communism appeared rampant a war in Korea erupted teens turned to murderers and there was fear the world might end It was also a time of transition Rock n roll entered the scene space flight became a reality and the public learned not to blindly accept what the government told them especially when it came to atomic radiation and waste The Awesome Life Force Joseph H. Cater,1984 1982 the Hermetic Laws of the Universe as Applied to All Phenomena the most incredible information ever placed between the covers of a book the greatest mysteries known to man are resolved for the first time in human history and so clearly explained Civilizations development and species origin technologies Vadym Valeriyovych Korpachev,2020-07-07 The origin of life on Earth is the basic view of the world s concept At present its origin and development are treated either from the scientific evolutionary theory points of view or religious mythological ones At the

same time the evolutionary theory fails to provide grounded explanations to a lot of events which have happened and are observed in nature The data related to the complexity of life processes genetic programming and many biology and palaeontological facts cast doubt on the possibility of spontaneous occurrence of protein organisms during evolutionary transformations They indicate that the protein life development occurred in the direction of the planned improvement through the complex technology s implementation which requires specific scientific knowledge Therefore the necessity to formulate the new technological concept of the life appearance on Earth which is provided by the given book has occurred It summarizes numerous well known facts which are being interpreted as the result of the highly developed civilization technological developments The stated views have more grounds for existence than the evolutionary theory and biblical ideas about the divine creation of the world The fact that society treats all the ideas of the life creation as religious ones and that they are used by the theologians turns out to be the ideological problem The book is aimed at overcoming the barrier of such non perception The analysis performed allows the reader to understand in which cases random events occur and in which ones there is a logical purposeful intelligent activity the result of which is the development of self replicating protein organisms programmed to perform the work necessary to meet the needs of their creators on Earth Reflections on the possible material nature of the highly developed mind carriers are given According to the author a human being is not a passive observer of random evolutionary changes in nature but has his mission in the artificially developed system of energy supply of Earth along with other protein organisms If the protein world including humans has been created for a specific purpose then mankind must not violate its implementation and should follow its mission A new worldview should introduce changes in the main mankind s activity spheres science politics religion and the human being s personal life The book is designed for a wide range of readers of various specialties Conceptually it is important for people who do not share the evolutionary theory provisions and existing religious beliefs

The Ultimate Reality Joseph H. Cater,1998-09 This book is Mr Cater s follow up work to The Awesome Life Force It contains countless gems of thought provoking ideas In this two volume set you will discover an explanation for seemingly unexplainable phenomena Levitation missile weight loss in space pyramid power and a closer look at the properties of light Joseph Cater points out the fundamental weakness in conventional mathematics The role of the soft electrons is expanded upon Magnetic fields and astronomical error in determining planetary sizes and distances are fully explained Volume 2 carries us into the mystery of the Crystal Skull Have you ever wondered how from certain rock formations water can be produced Everything in the process of creation proceeds from the simple to the more complex If there is a test for the validity of a theory or concept in its ability to be explained Joseph Cater accomplishes it in this set of books You do not have to be a genius to understand there is something here for everyone

Eberhart, 1986 **The Monster Book** Nick Redfern, 2016-08-22 Monsters have been spotted everywhere not just hiding under a child's bed lurking in the closet or springing forth from folkloric tales For many people monsters are nothing more than myth folklore and legend combined For others and particularly those who have encountered monstrous forms surfacing and emerging from shadowy caves from the dark waters of ancient lakes and from the vast jungles and forests of our worlds monsters are all too terrifyingly real Werewolves Bigfoot the Loch Ness Monster the Chupacabra Mothman the Abominable Snowman and sea serpents may represent the most famous monsters but they are not alone In fact quite the opposite monsters can be found all across the planet Exploring the history folklore pop culture and the world of the supernatural The Monster Book Creatures Beasts and Fiends of Nature is a comprehensive resource of the monster menagerie that exists on planet earth This fascinating look at monsters has 120 photographs drawings and illustrations to bring the nearly 200 entries to life including The Mongolian Death Worm The Beast of Bray Road The Owlman of England The Yeren of China Mokele Mbembe Living Pterosaurs The Flatwoods Monster The Labynkyr Devil Alien Big Cats Lizard Man Lake Worth Monster The Beast of Gevaudan Megalania the Monstrous Monitor South American Sasquatch Nessie's lesser known cousin The Jersey Devil Sea Serpents Orang Pendek and Phantom Black Dogs Stories of these creatures are told around flickering campfires on chilly nights in the woods before tucking excited kids into bed on prime time television documentaries and on late night radio talk shows Tales of terrifying creatures that the world of science assures us don't exist But try telling that to the witnesses This richly researched reference overflows with fascinating information to make readers think about and reconsider their next visit to the woods This fascinating read also includes a helpful bibliography and an extensive index adding to its usefulness **Alien Life and Dark Plasma: What Makes You Alive and Self Aware?** Igor Kryan, 2018-10-03 Alien Life and Dark Plasma What Makes You Alive and Self Aware Complex organic chemistry reactions inside your body But the fungus inside an old log also alive by this definition So what makes you different from fungus Self awareness And the self awareness arising from your brain neuron cells connections according to all text books What if I told that the only thing your self awareness has to do with your neurons in your brain is nothing more than a power generator has to do with high voltage wires That's right your brain is just a bunch of wires powered by a generator far away Brain no matter how complex it is just wires that enable your body to move but self awareness and true life including alien life originates from a very different source **Ufos and the Paranormal**
