It examines not only major texts in the genre but also the impact of franchises, industry, editorial, and authorial practices, and fan engagements on race and representation. Approaching Fantasy as a significant element of popular culture, it visits the struggles over race, racism, and white privilege that are enacted within creative works across media and the communities which revolve around them. While scholars of Science Fiction have explored the genre's racialized constructs of possible futures, this book is the first examination of Fantasy to take up the topic of race in depth. The book's interdisciplinary approach, drawing on Literary, Cultural, Fan, and Whiteness Studies, offers a cultural history of the anxieties which haunt Western popular culture in a century eager to declare itself post-race. The beginnings of the Fantasy

genre's habits of whiteness in the twentieth century are examined with an exploration of the continuing impact of older problematic works through franchising adaptation and imitation Young also discusses the major twenty first century sub genres which both re use and subvert Fantasy conventions The final chapter explores debates and anti racist praxis in authorial and fan communities With its multi pronged approach and innovative methodology this book is an important and original contribution to studies of race Fantasy and twenty first century popular culture

observers of the parks such as Ansel Adams Sylvia Plath Edward Abbey and Rick Bass The text is punctuated by autobiographical interchapters in which Herring relates the book s chief themes to his own experiences in Yellowstone National Park Under the Sign of Nature Explorations in Ecocriticism

Silence and Articulacy in the Poetry of Medbh McGuckian Maureen E. Ruprecht Fadem, 2019-12-03 Silence and Articulacy in the Poetry of Medbh McGuckian is an innovative contribution to the scholarship on Belfast poet Medbh McGuckian This book considers the entire oeuvre of this globally respected Irish woman writer a member of the contemporary avant garde with now fifteen U S published volumes and numerous individual publications The author positions McGuckian s oeuvre as political and historical poetry and offers a provocative new assessment of its crafted silences This work argues that it is the muted character of McGuckian s poems a consequence of a defamiliarized language the overwhelming sway of the image and a profusion of intertextual quoting that constitutes their agency and force The silences are read as a response to the precarious positionality of poet and speaker at the site of disaster and the limits of articulacy In line with Rukeyser s notion of the life of poetry the life of McGuckian s silences is located Fadem argues in the poems production as revealed self reflexively and in their prolonged consumption This oeuvre operates as a formidable counter discourse by converting poetry s reception into a much protracted task that redistributes the temporal economy of poem and reader and disrupts the given structures of time place and the order of things
