Rural-Urban Integration in Java Vincent L. Rotagé, 2019-05-23 First published in 2000 this volume draws from the result of the fieldwork conducted in Yogyakarta Special Region in 1991 and 1992 with the aim of assessing the consequences of the strengthening of urban rural linkages upon local development in five hinterland communities and an emphasis on employment issues especially with regard to diversification of the economy Vincent Rotg Ryanto Rijanta and Ida Bagoes explore issues including non permanent migrations piedmont and mountain communities and the transition from an agrarian to an urban society

Rural-Urban Dynamics Jytte Agergaard, Niels Fold, Katherine Gough, 2009-09-11 This book adopts a fresh approach to the issue of rural urban dynamics through a study of the changing nature of livelihoods mobility and markets in ten study sites across four countries of Africa and Asia

Small African Towns Poul Ove Pedersen, 2019-07-23 First published in 1997 this study sees the small enterprise as performing specific tasks within the larger societal system of production and distribution and as being shaped and adapted to the specific social and economic locally specific environment of which it is a part Research was focused on fieldwork in Kenya Tanzania Uganda Zimbabwe and Bangladesh examining rural small towns serving rural hinterlands Areas explored include the building sector in Zimbabwean district service centres the building sector in small Tanzanian towns small enterprises and the public sector in Kenya and Bangladesh and the structure of small scale grain marketing in a small Ugandan town

Rural Development Planning in Africa Meleckidzedek Khayesi, 2017-11-12 This book applies a range of theories that focus on current concerns in rural Africa The contributors lay out the conceptualization analysis methods assumptions perceptions and ideas considered in each individual case Specifically this project inspires research in the field of rural development in Africa through multi faceted endeavors that promote the ability of planning to uplift people s well being and quality of life

Contemporary Social Issues in Africa Mokong Simon Mapadimeng, Sultan Khan, 2010 This volume comprises of incisive and perceptive essays that analyse social issues in contemporary post colonial and post apartheid Africa using cases in three African cities Durban in South Africa Gaborone in Botswana and Kampala in Uganda It is an outcome of collaboration by colleagues from Universities of Kwazulu Natal Makerere Botswana and Dar es Salaam to establish a structured collaborative scholarly partnership programme The partnership is called Rethinking Africa Programme which is consistent with the 21st century ideals of Africa s renewal Its key objective is to re think Africa through academic and research initiatives sensitive to our own experiences as Africans as well as through a critical revisiting of western based social sciences in order to build new analytical models and concepts that capture processes and dynamics that derive from African experiences It thus has as its related aim to counter the proliferation of texts by western scholars on African social issues which dominate lecture rooms and libraries as teaching and learning resources in African universities It is hoped that this volume will encourage future partnerships on research and teaching of contemporary African social issues amongst African scholars within the continent Further it should serve as a

teaching and training resource for academic programmes with strong focus on social issues in Africa today

Singh,Andrews José de Lucena,Soumendu Chatterjee,2021-11-16 This book through a bunch of systematic and analytical notes and scientific commentaries acquaints the readers with the innovative methods of regional development measurement of the development in regional scale regional development models and policy prescriptions Conceptualizing development as a regional process is a geographer s brainchild and the sense of region has long been rooted deeply in the fundamental research practices that geographers are accustomed to The geographical perspective of regions entails conceptualizing them nested horizontally as the formal region and hierarchical relationships in space with spatial flows or interactions as the functional region In geographical research the region works as a tool by serving as a statistical unit of analysis More importantly however regions serve as the fundamental spatial units of management and planning by specifying a territory or a part of it for which a certain spatial development or regulatory plan is sought This book addresses the complex processes in different regions of the world particularly South Asia to perceive the regional development planning involved and the sustainable management practiced there The book is a useful resource for socio economic planners policymakers and policy researchers **Small Town Africa** Jonathan Baker,1990 **Rural-urban Dynamics in Francophone Africa** Jonathan Baker,1997 This book presents some examples of the richness and variety of contemporary research on rural urban interactions by francophone researchers Case studies are drawn from Burkina Faso Cte d Ivoire Congo Benin Senegal and Togo **Formation of Christian Conscience in Modern Africa** Richard N. Rwiza,2001 This book deals with the formation of Christian conscience in modern Africa It can be divided into three parts The first part is a sociological review on urbanization in Africa The second part presents a theological reflection on conscience The third part presents a general survey of the pastoral problems facing the Church in Africa and in particular the urban centers The dichotomy between the formation of conscience and the actual life experienced by a considerable number of Christians in Africa today is a crucial moral and pastoral challenge The author makes the recommendation that African realities should determine the priorities in inculturation and should provide the context for a move towards African Christian conscience back cover **The Role of Small Urban Centres in Economic Recovery and Regional Development** ,1996 **African Rural and Urban Studies** ,1996 **Clothing Rural Zimbabwe** Poul O. Pedersen,1993 Index of Conference Proceedings British Library. Document Supply Centre,1988 Rural SMME Promotion ,1997 **Agrindex** ,1993 **Journal of Economic Literature** ,1992 **Town and Hinterland in Developing Countries** Milan Titus,Jan Hinderink,1998 This book deals with a series of case studies and comparative analyses on the structure and role of small and intermediate urban centres in different regional settings in developing countries The uniqueness of this study is that it makes comparisons between such diverse and wide flung areas as Central Mali and Swaziland in Sub Saharan Africa Northern

Costa Rica and Northern Mexico in Latin America and Central Java and Yogyakarta in Indonesia The Department of Human Geography of Developing Countries of Utrecht University in the Netherlands has done more than a decade of systematic research into this topic The purpose of this book is to shed more light on the role of small towns in regional development under various socio spatial and political economical conditions and thereby contribute to the elucidation of often contradictory findings in literature Important focal points are the production and employment structures of the towns the development level of their rural hinterland economies the rural urban and interurban patterns of interaction and the role of government policy
