YouTube in Music Education Thomas E. Rudolph,James Frankel,2009-12 YouTube in Music Education teaches instructors how to tap into the excitement of internet multimedia with students by creating posting and promoting videos on the world's most popular media service Written by proven experts in the field of music education and technology with a combined 60 years of classroom and instrumental experience this book explains how to record and edit videos add effects and upload content You'll learn everything from basic video production tools to advanced applications you can use in classroom and rehearsal settings

Teaching Music Improvisation with Technology Michael Fein,2017-02-03 Incorporating technology in music classrooms can take the mystery out of improvisation What music technology does is establish a strong foundation for chord scale phrase ear training and listening exercises creating a solid backdrop for student expression As author and educator Mike Fein shows technology is a valuable tool that can be used effectively to supplement student practice time while also developing the skills necessary to become a proficient improviser Complete with notated exercises accompaniment tracks and listening resources this book gives teachers methods to set their students free to make mistakes and to develop their own ear for improvisation at their own pace Broken down into significant

areas of music technology each chapter focuses on developing a new skill and guides readers to tangible outcomes with the assistance of hands on activities that can be immediately implemented into the classroom In addition to these hands on activities each chapter provides the reader with an iPad Connection to various iOS applications which allows teachers and students another albeit significantly less expensive medium through which to learn share and create art This book will appeal to music educators of students in grades K 12 It will serve collegiate music education courses secondarily and will also appeal to those music educators who work with improvisation and technology

**The Teaching of Instrumental Music** Richard Colwell, Michael Hewitt, 2015-08-20 This book introduces music education majors to basic instrumental pedagogy for the instruments and ensembles most commonly found in the elementary and secondary curricula This text focuses on the core competencies required for teacher certification in instrumental music The first section of the book focuses on essential issues for a successful instrumental program objectives assessment and evaluation motivation administrative tasks and recruiting and scheduling including block scheduling The second section devotes a chapter to each wind instrument plus percussion and strings and includes troubleshooting checklists for each instrument The third section focuses on rehearsal techniques from the first day through high school
