**Roman Charity** Jutta Gisela Sperling, 2016-10-15 Roman Charity investigates the iconography of the breastfeeding daughter from the perspective of queer sexuality and erotic maternity The volume explores the popularity of a topic that appealed to early modern observers for its eroticizing shock value its ironic take on the concept of Catholic charity and its implied critique of patriarchal power structures It analyses why early modern viewers found an incestuous adult breastfeeding scene good to think with and aims at expanding and queering our notions of early modern sexuality Jutta Gisela Sperling discusses the different visual contexts in which Roman Charity flourished and reconstructs contemporary horizons of expectation by reference to literary sources medical practice and legal culture Bookseller and the Stationery Trades' Journal ,1895 **Publisher and Bookseller** ,1894 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series The Best Books: A, Theology. Horowitz, 2013-12-02 While the clash between what has been called the modern and undeveloped worlds has led to America's military involvement in the Middle East and other places few people realize the tension between the modern and the traditional within the United States Beginning in the 1920 s professional intellectuals and academics began influencing the nation's public policy on matters as diverse as education economics and public health In this thoughtful work David A Horowitz analyzes the tension between the so called New Class of knowledge professionals and their critics who accused them of being out of touch with the common sense of everyday people strangers to the American Way even Communists America's Political Class Under Fire is organized over nine periods of 20th century history providing a window into everything from the Scopes evolution trial and McCarthyism to affirmative action and the Clinton health care fiasco Along the way the book explores the New Left populist conservatism and the mid 90 s reaction to political liberalism which saw Newt

Gingrich rise to the top post in the House of Representatives In telling these stories Horowitz seeks to encourage a more balanced and fair minded assessment of the consequences of expertise and applied intellect to democratic existence in the United States Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record ,1898

**Political Conversations in Late Republican Rome** Cristina Rosillo López,2022 This book analyses senatorial political conversations and illuminates the oral aspects of Roman politics it offers a new perspective of Roman politics through the proxy of conversations and meetings *The Publishers' Circular* ,1861 **The Publisher** ,1901

*The Bookseller* ,1880 Official organ of the book trade of the United Kingdom Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1895 *Comparing Roman Hellenisms in Italy* Basil Dufallo,Riemer A. Faber,2023-04-17 The story of Roman Hellenism defined as the imitation or adoption of something Greek by those subject to or operating under Roman power begins not with Roman incursions into the Greek mainland but in Italy where our most plentiful and spectacular surviving evidence is concentrated Think of the architecture of the Roman capital the Campanian towns of Pompeii and Herculaneum buried by Vesuvius and the Hellenic culture of the Etruscans Perhaps everybody knows that Rome adapted Greek culture in a steadily more sophisticated way as its prosperity and might increased This volume however argues that the assumption of smooth continuity let alone steady improvement in any aspect of Roman Hellenism can blind us to important aspects of what Roman Hellenism really is and how it functions in a given context As the first book to focus on the comparison of Roman Hellenisms per se *Comparing Roman Hellenisms in Italy* shows that such comparison is especially valuable in revealing how any singular instance of the phenomenon is situated and specific and has its own life trajectory circumstances and afterlife Roman Hellenism is always a work in progress is often strategic often falls prey to being forgotten decontextualized or reread in later periods and thus is in important senses contingent Further what we may broadly identify as a Roman Hellenism need not imply Rome as the only center of influence Roman Hellenism is often decentralized and depends strongly on local agents aesthetics and materials With this in mind the essays concentrate

geographically on Italy to lend both focus and breadth to our topic as well as to emphasize the complex interrelation of Hellenism at Rome with Rome's surroundings. Because Hellenism, whether as practiced by Romans or Rome's subjects, is in fact widely diffused across far-flung geographical regions, the final part of the collection gestures to this broader context.
