Smoking Cigarettes The Unfiltered Truth:

Smoking Cigarettes Janet Benner, 2003 Golden Holocaust Robert N. Proctor, 2012-02-28 The cigarette is the deadliest artifact in the history of human civilization It is also one of the most beguiling thanks to more than a century of manipulation at the hands of tobacco industry chemists In Golden Holocaust Robert N Proctor draws on reams of formerly secret industry documents to explore how the cigarette came to be the most widely used drug on the planet with six trillion sticks sold per year He paints a harrowing picture of tobacco manufacturers conspiring to block the recognition of tobacco cancer hazards even as they ensnare legions of scientists and politicians in a web of denial Proctor tells heretofore untold stories of fraud and subterfuge and he makes the strongest case to date for a simple yet ambitious remedy a ban on the manufacture and sale of cigarettes

Drinking Smoke Mac Marshall, 2013-08-31 Tobacco kills 5 million people every year and that number is expected to double by the year 2020 Despite its enormous toll on human health tobacco has been largely neglected by anthropologists Drinking Smoke combines an exhaustive search of historical materials on the introduction and spread of tobacco in the Pacific with extensive anthropological accounts of the ways Islanders have incorporated this substance into their lives The author uses a relatively new concept called a syndemic the synergistic interaction of two or more afflictions contributing to a greater burden of disease in a population to focus at once on the health of a community political and economic structures and the wider physical and social environment and ultimately provide an in depth analysis of smoking s negative health impact in Oceania In Drinking Smoke the idea of a syndemic is applied to the current health crisis in the Pacific where the number of deaths from coronary heart disease cancer diabetes and chronic obstructive pulmonary disease continues to rise and the case is made that smoking tobacco in the form of industrially manufactured cigarettes is the keystone of the contemporary syndemic in Oceania The author shows how tobacco consumption particularly cigarette smoking after World War II has become the central interstitial element of a syndemic that produces most of the morbidity and mortality Pacific Islanders suffer This syndemic is made up of a bundle of diseases and conditions a set of historical circumstances and events and social and health inequities most easily summed up as poverty He calls this the tobacco syndemic and argues that smoking is the crucial behavior the glue holding all of these diseases and conditions together Drinking Smoke is the first book length examination of the damaging tobacco syndemic in a specific world region It is a must read for scholars and students of anthropology Pacific studies history and economic globalization as well as for public health practitioners and those working in allied health fields More broadly the book will appeal to anyone concerned with disease interaction the social context of disease production and the full health consequences of the global promotional efforts of Big Tobacco Mindful Marijuana Smoking Mark Mathew Braunstein, 2022-08-17 Learn how to smoke cannabis in a way that reduces the health risks of smoking As an herbal remedy cannabis can lift your mood and can treat a long list of ailments But the way that most of us take a hit of pot needlessly takes a hit on our health It is high time for health conscious cannabis consumers to learn a new way of smoking that reduces its risks In Mindful Marijuana Smoking Mark Mathew Braunstein offers sound advice on every phase of the cannabis smoking experience presenting health tips based on solid science Whether with rolling papers hand pipes waterpipes or herbal vaporizers each method of cannabinoid delivery has both risks and rewards Chapters are devoted to each method so that you can learn how to maximize their benefits and reduce their hazards as well as how to protect your health even before you take a puff And once you ve inhaled the smoke this book assures you that you don t need to hold your breath to reap all the benefits of cannabis Additionally this book teaches readers how to assure an herb s purity as both black

Linguistic Meaning Meets Linguistic Form Patrick Duffley,2020-10-13 This book steers a middle course between two opposing conceptions that currently dominate the field of semantics the logical and cognitive approaches Patrick Duffley brings to light the inadequacies of both of these frameworks arguing that linguistic semantics must be based on the linguistic sign itself and on the meaning that it conveys across the full range of its uses The book offers 12 case studies that demonstrate the explanatory power of a sign based semantics dealing with topics such as complementation with aspectual and causative verbs control and raising wh words full verb inversion and existential there constructions It calls for a radical revision of the semantics pragmatics interface proposing that the dividing line be drawn between content that is linguistically encoded and content that is not encoded but still communicated While traditional linguistic analysis often places meaning at the level of the sentence or construction this volume argues that meaning belongs at the lower level of linguistic items where the linguistic sign is stored in a stable permanent and direct relation with its meaning outside of any particular context Building linguistic analysis from the ground up in this way provides it with a more solid foundation and increases its explanatory power
