Christmas reading as that of Charles Dickens The Romance Dish on Mr Miracle *The Sofi Snow Novels* Mary Weber,2018-10-02 The Evaporation of Sofi Snow The line between virtual reality is about to EVAPORATE In a world where skycams follow your every move and the details of your life are uploaded each hour Sofi knows that her eyes are the only caring ones watching her brother Shilo As an online gamer she works behind the scenes to protect Shilo as he competes in a mix of real and virtual blood sport But when a bomb destroys the gaming arena she is helpless to rescue him and certain that his disappearance was no accident Despite all the evidence of Shilo s death Sofi s nightmares tell her he is still alive Could the dreams be truer than what everyone else claims For Miguel a charming young playboy from Earth the games are of a different sort As Ambassador to the Delonese his career has been built on trading secrets In the aftermath of the bombing he fears he has lost Sofi forever even as he wonders if she is really who she seems Now he s a target for blackmail The game is simple help the blackmailers or lose more than anyone can fathom or than Earth can afford Step into a universe of diverse characters alien invasions and high stakes video gaming Because when technology reigns nothing is as true as it seems and fantasy can become reality after all Reclaiming Shilo Snow She was far more capable than Earth s leaders had accounted for and they had no idea what she d do next Known as a brilliant mind that could hack humanity s darkest secrets seventeen year old Sofi Snow is the most wanted teenager alive She found her way to the icy technologically brilliant planet of Delon to find Shilo the brother everyone but Sofi believes is dead But as she and Ambassador Miguel partner to find her brother and warn those on Earth of Delon s dark designs on humanity Sofi s memories threaten to overtake her distorting everything she holds true She knows the Delonese kept her in a dark deceptive place and destroyed a portion of her life Now the more they discover of Sofi s past the more Sofi feels herself unraveling as each new revelation has her questioning the very existence of reality In this harrowing sequel to The Evaporation of Sofi Snow Sofi and Miguel must trust each other and discover the secrets locked inside Sofi s mind as the line between what s real and what they imagine begins to slip away threatening to take humanity with it **Smilla's Sense of Snow** Peter Høeg,2010-04-01 A Time Best Book of the Year An Entertainment Weekly Best Book of the Year A People Best Book of the Year Winner of the CWA Silver Dagger Award A Finalist for the Edgar Award for Best Mystery Novel First published in 1992 Peter H eg s Smilla s Sense of Snow instantly became an international sensation When caustic Smilla Jaspersen discovers that her neighbor a neglected six year old boy and possibly her only friend has died in a tragic accident a peculiar intuition tells her it was murder Unpredictable to the last page Smilla s Sense of Snow is one of the most beautifully written and original crime stories of our time a new classic C.P. Snow N. Tredell,2012-09-24 Novelist and cultural commentator C P Snow was a large and controversial presence in his lifetime but his work has been largely neglected since his death in 1980 This is the first 21st century book to offer a clear informed and sympathetic survey of all his novels and major non fiction books and to affirm their importance for the world today Light on Snow Anita Shreve,2004-10-01 What makes a family That s what twelve year old Nicky Dillon wonders after she and her

widowed father discover a wailing abandoned baby in the snow filled woods near their New Hampshire home Through the days that follow the Dillons and an unexpected visitor who soon turns up at their door a young woman evidently haunted by her own terrible choices face a thicket of decisions each seeming to carry equal possibilities of heartbreak and redemption Writing with all the emotional resonance that has drawn millions of readers around the world to her fiction Anita Shreve unfolds in *Light on Snow* a tender and surprising novel about love and its consequences **Snow's Hand-book** ,1877

C.P. Snow's Strangers and Brothers as Mid-twentieth-century History Terrance L. Lewis,2009 This book studies C P Snow s eleven volume series of novels *Strangers and Brothers* as documents detailing the social and political life of mid twentieth century Britain and points out the uses for the novels in the academic study of that time period Both Snow and his central character Lewis S Eliot started from unremarkable origins in terms of their mutual background in the lower reaches of the middle class their dreams of success in their teen years and their early professional education in a new struggling academic institution in the mid 1920s Neither could really be considered typical for men of their class Eliot s working life would include being a very minor town clerk a barrister an advisor to a powerful industrialist a Cambridge don a moderately powerful civil servant and finally in early retirement a writer Eliot would befriend members of both the traditional and Jewish upper classes scholars and brilliant scientists powerful behind the scenes civil servants second tier British and Nazi politicians financiers and industrialists Communists and writers and artists providing a fairly broad overview of parts of the middle class and ruling elites of the periods Snow s sequence of novels is therefore useful to the historian of twentieth century Britain both in understanding the period as it recedes away from common experience and in presenting the period in the classroom Snow was a classic twentieth century writer who presented a more balanced account of the British governing classes of the middle third of the twentieth century than did the upper class and would be upper class or working class writers of the same period His novels provide an insight that every student of twentieth century Britain must have on hand

Twentieth Century Fiction George Woodcock,1983-04-01 **C. P. Snow and the Struggle of Modernity** John de la Mothe,2013-09-06 The condition of modernity springs from that tension between science and the humanities that had its roots in the Enlightenment but reached its full flowering with the rise of twentieth century technology It manifests itself most notably in the crisis of individuality that is generated by the nexus of science literature and politics one that challenges each of us to find a way of balancing our personal identities between our public and private selves in an otherwise estranging world This challenge which can only be expressed as the struggle of modernity perhaps finds no better expression than in C P Snow In his career as novelist scientist and civil servant C P Snow 1905 1980 attempted to bridge the disparate worlds of modern science and the humanities While Snow is often regarded as a late Victorian liberal who has little to say about the modernist period in which he lived and wrote de la Mothe challenges this judgment reassessing Snow s place in twentieth century thought He argues that Snow s life and writings most notably his *Strangers and Brothers* sequence of novels and his

provocative thesis in *The Two Cultures and the Scientific Revolution* reflect a persistent struggle with the nature of modernity They manifest Snow's belief that science and technology were at the center of modern life *Novels: The Snowman* George Sand, 1902 **The Taste of Snow** Stephen V. Masse, 2011-10 When winter arrives in the Austrian Alps eleven year old Nicole Kinders is given a candy cane by the mysterious shopkeeper Boznik who tells her that the candy cane is magic From that day on extraordinary things begin to happen Some good Some bad Extraordinarily bad Nicole finds herself losing the joy of holiday preparations and realizes that the vexing secret she keeps is influencing every part of her life Her hopes of having a magical Christmas take her on a journey beyond where any ordinary girl would choose to go Front flap of book jacket *The Snow-Church Company's Legal and Banking Year Book* William L. Stewart, 1896 *The Green Book; Or, Freedom Under the Snow* Mór Jókai, 1897 *Bridges to Science Fiction and Fantasy* Gregory Benford, Gary Westfahl, Howard V.
