Multiculturalism and the Mouse Douglas Brode, 2009-01-27 In his latest iconoclastic work Douglas Brode the only academic author scholar who dares to defend Disney entertainment argues that Uncle Walt s output of films television shows theme parks and spin off items promoted diversity decades before such a concept gained popular currency in the 1990s Fully understood It s a Small World one of the most popular attractions at the Disney theme parks encapsulates Disney s prophetic vision of an appealingly varied world each race respecting the uniqueness of all the others while simultaneously celebrating a common human core In this pioneering volume Brode makes a compelling case that Disney s consistently positive presentation of difference whether it be race gender sexual orientation ideology or spirituality provided the key paradigm for an eventual emergence of multiculturalism in our society Using examples from dozens of films and TV programs Brode demonstrates that Disney entertainment has consistently portrayed Native Americans African Americans women gays individual acceptance of one s sexual orientation and alternatives to Judeo Christian religious values in a highly positive light Assuming a contrarian stance Brode refutes the overwhelming body of serious criticism that dismisses Disney entertainment as racist and sexist Instead he reveals through close textual analysis how Disney introduced audiences to such politically correct principles as mainstream feminism In so doing Brode challenges the popular perception of Disney fare as a bland diet of programming that people around the world either uncritically deem acceptable for their children or angrily revile as reactionary pabulum for the masses Providing a long overdue and thoroughly detailed alternative Brode makes a highly convincing argument that with an unwavering commitment to racial diversity and sexual difference coupled with a vast global popularity Disney entertainment enabled those successive generations of impressionable youth who experienced it to create today s aura of multiculturalism and our politically correct value system *Forum* , 1980 A journal for the teacher of english outside the United States
