So Your Son Wants To Play In The Nhl:

So Your Son Wants to Play in the NHL? Dan Bylsma, Bylsma, Jay M, 1999-03-06 This book is about one young athlete's road to the NHL. It is told in two voices. First by Jay Bylsma the father who flooded the backyard rink and who encouraged all of his five children to make the most of their talents. The second voice telling the story is Dan Bylsma the son. A gifted athlete he chose to leave home in Michigan to play Junior B hockey for St. Marys in Ontario. He then took the academic route graduating from Bowling Green State University in 1992. The next four years Dan backed by his father and the rest of the family never gave up on his NHL dream. He played for several minor league teams, attended several NHL camps and won a contract with the L.A. Kings. Along the way he like his father learned a great deal about hockey and about life. In this book they pass it on.

Positive Sports Debbie Elicksen, 2003 Positive Sports Professional athletes and mentoring youth shows the giving side of professional sports and how it leaves a lasting impact on our communities. It talks about the impact of sport how it benefits youth and challenges at the grassroots level. Featured are examples of individuals inspired by sport league driven community programs and professional sports role models such as Paul Kariya Jarome Iginla Vince Carter Shareef Abdur-Rahim Lawrence Funderburke Doug Gilmour and many more.

Coaching Myths Rick Albrecht, 2013-04-19 Unlike the generations of coaches that have gone before them today's coaches are expected not only to teach motor skills to young athletes but to do so in an environment that is conducive to the ethical emotional social and physical well being of each one of them. Each of the 15 chapters of this book presents and then systematically debunks the most pervasive persistent and potentially harmful myths in coaching including such chestnuts as play by my rules winning is the ultimate goal and there's no I in team. Although the information in every chapter is based on current scientific evidence and there are numerous source notes each is written in the everyday language of coaches and covers topics that are of particular interest to coaches parents athletic administrators recreation programming specialists and even the occasional fan.

Leveling the Ice Steven Sandor, 2025-09-16 A deep dive into the institutional racism and prejudice in the sport of hockey that persists across all levels and how it will impact the future of the sport. While professional sports leagues claim to promote diversity and inclusivity institutional racism remains apparent in all sports but especially hockey. In *Leveling the Ice* sportswriter Steven Sandor challenges the perception that hockey is open to everyone and the idea that the hockey establishment wants more inclusion and diversity. Featuring interviews with NHL players of color like Darnell Nurse Matt Dumba Nazeem Kadri Zach Whitecloud Ethan Bear Jason Robertson Sandor reveals their stories of exclusion to highlight the deeply ingrained racism in the sport. The players share insights into the racism they faced while they built their careers as well as the racism they still face today from the hockey establishment. From hockey's racist past to the ongoing reluctance of the hockey establishment to embrace grassroots diversity initiatives Sandor delves into how members of communities of color who only make up 5% of the NHL are being driven away from the sport to more inclusive ones like soccer and basketball despite the NHL's expansion to new
