Songs For The Spirit:

Songs of the Spirit Lee Ann Mardel, 2007-05 *Songs of the Spirit* is a compilation of poetry that chronicles the personal experiences and spiritual growth of author Lee Ann Mardel over a span of twenty five years Originally intended as a private journal her pieces have evolved into a book addressing the joys struggles and concerns common in everyday life From the author s thoughts on family to her words about her relationship with God the reader will find each piece steeped in passion and meaning Through a simplistic and straightforward style of writing the author takes the reader with her on a spiritual journey In the end these poems remind us that good can be found in the worst situations if you look for it God uses everything to the betterment of His divine plan He is working to have a personal relationship with you even when you aren t He is ever present and always faithful Marriage motherhood divorce the deaths of loved ones work outside the home and the search for fulfillment are just some of the experiences which Lee Ann Mardel shares with the common woman All of her positive and less than positive situations and relationships have been invaluable teachers in her understanding of life s true treasures While marking off the years Lee Ann spent countless hours seeking to fill the void in her life struggling to find greater meaning and purpose Without realizing the direction God was moving her she discovered that the sum total of her life had given her insight into what she maintains was her missing piece In fact that missing piece was an understanding of the meaning of life She found it in the development of a personal relationship with God and in the understanding of His unwavering love With that awareness she also found a sense of contentment and release

The Spirit and the Song

Steven Félix-Jäger, Chris E. W. Green, 2024-09-16 The Spirit and the Song Pneumatological Reflections on Popular Music explores pertinent pneumatological issues that arise in music It offers three distinct contributions first it asks what if anything music tells listeners about God's Spiritedness Can the experience of music speak to human spiritedness the world's transcendentality or a person's own self transcendence in ways nothing else does or can Second this book explores how the Spirit functions within and even determines culture through music Because music is a profound human expression it can find itself in a rich dialogue with the Spirit Third and finally this book explores the contested status of music in Christian spiritual traditions It deals with music as inspired by the Spirit music as participation in Spiritedness and music as temptation of the flesh As such this book also engages music's placement in Christian spiritual traditions The contributors of this book ask how Christian convictions about and experiences of the Spirit might shape the way one thinks about music
