Songs And Song Writers:

Songs and Song Writers Henry T. Finck, 1928 *Songs and Song Writers* Henry T. Finck, 1923 *Songs and Song Writers* Henry Theophilus Finck, 1900 The most important function of musical criticism is in my opinion discovering and calling attention to good things the merits of which are not sufficiently known to the public and to arouse enthusiasm for them Therefore instead of writing a compendium of useless knowledge about insignificant composers and antiquated songs that have merely a historic interest making a dry catalog of a thousand pages that nobody would read I have endeavored to give this short volume an eminently practical character ignoring what is antiquated trashy or commonplace mentioning so far as possible whatever is good but dwelling in detail and with enthusiasm only on the best making the book in short a sort of Song Baedeker with bibliographic footnotes for the benefit of students who wish to pursue the subject further Preface

This Business of Songwriting Jason Blume, 2006 To make money song writers need a firm realistic grasp of how songs generate income This volume demystifies the process of doing business as a songwriter It walks the reader step by step through the process of starting and operating a publishing company teaches how to pitch songs to publishers and more

Finck,2015-07-23 Excerpt from Songs and Song Writers Many music lovers have doubtless asked themselves the question why it should have remained for Schubert less than a century ago to practically create the Lied or lyric art song In the first two chapters of this volume I have endeavored to answer this question The great composers and singers were so busy with mammoth oratorios operas symphonies and sonatas that the short song was esteemed hardly worthy of their serious attention just as in England a story used to be thought of no consequence unless it filled several volumes It is now conceded that a story of three pages may give as much evidence of literary genius as a three volume novel while Schubert Franz and others have proved the same principle in regard to music and at present every composer writes a dozen or two if not a hundred or two lyric songs The singers too have become more rational About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a
