the Petroff will think that they will have an easy time based on the peaceful reputation of this great opening among top grandmasters Black players who have studied Or Cohen's book will make their life quite miserable Kaufman's New Repertoire for Black and White Larry Kaufmann, 2019-10-29 Seven years after his acclaimed and bestselling The Kaufman Repertoire for Black and White Grandmaster Larry Kaufman is back with his new repertoire book covering the entire scope of chess openings in one volume Two important developments made this new book necessary Larry Kaufman who routinely himself plays the lines he advocates to others discovered that after 1 d4 the recommendation in his previous book it became nearly impossible to show a consistent advantage for White especially against the Gruenfeld and the Nimzo Ragozin defenses The other factor was that chess engines have become so much stronger in recent years Komodo the top chess engine that computer expert Kaufman helped develop is now able to apply the celebrated Monte Carlo Tree Search algorithm With Komodo MCTS it is now possible to abandon lines that may be theoretically best against other computers and instead choose lines that are likely to succeed in actual practice against strong human opponents Larry Kaufman presents a completely new White repertoire with 1 e4 aiming for an objective advantage in the simplest practical manner You are presented with two options while you don't have to play the sharpest lines The Black repertoire has been thoroughly revised and updated with some crucial chapters replaced Kaufman's New Repertoire for Black and White is the first opening book that is primarily based on Monte Carlo search The highly original analysis has resulted in many improvements on existing theory This is a ready to go and easy to digest repertoire with sound practical lines that do not outdate rapidly and are suitable for masters while accessible for amateurs **Secrets of a Supermarket--(S.O.S.)** Frances Macarty, 2011-09 I deal daily with incidents that would make your eyes pop and your mouth drop All this as I work within a very ordinary retail sector I am known as Hattie Henrietta Duncan a single mother struggling to bring up two teenage boys Secrets of a Supermarket S O S is a collection of fact based stories some admittedly with slight embellishments which Henrietta deals with on a daily basis On her very first day at work she is flattened in the car park by a naked man heading into the store Her initiation into the world of retail is only the beginning of the hilarious and downright crazy goings on in her new career Henrietta's apprehension turns to horror when she meets some of the characters she will have to work with realising they are even stranger than the occurrences that take place Secrets of a Supermarket shows the funny ridiculous and sometimes sad aspects of working within a diverse team in the world of retail an ever changing pressured environment The interaction between the general public and staff creates myriad opportunities for things to go hilariously wrong Just as Henrietta believes she has finally seen and dealt with everything retail can throw at her along comes the biggest bolt out of the blue About the Author Frances Macarty a London woman who moved to Surrey some years ago has put together this book a collection of stories from her experience within the retail sector Writing has always been a yearned after passion and having completed Secrets of a Supermarket she is now writing her next book Publisher's website <http://SBPRA.com> FrancesMacarty **Today's S.O.S.**
