Destroy Any Society Roger Ball, 2024-09-30 Will the United States destroy itself from within It s easy to see how catastrophic war invasion natural disasters economic instability disease famine etc could destroy a society or even an entire civilization but can extending sexual permissiveness do the same According to J D Unwin s research which is corroborated by modern trends the path to a society s destruction begins when sexual permissiveness becomes unrestrained This unchecked permissiveness leads to the erosion of sexual ethics and family structures an initial breakdown that sets off a cascade of psychological social and economic consequences capable of causing the total collapse of a once thriving society **Gender and Trauma since 1900** Paula A.
