Grassroots Asian Theology Simon Chan, 2014-05-02 A dynamic chapter of church history is now being written in Asia But the theological inflections at its heart are not well understood by outsiders Simon Chan explores Asian Christianity at its grassroots sustaining level and finds a vibrant implicit theology that is authentically Asian More than a survey this is a serious and constructive contribution to Asian theology

Christian Values in Communist China Gerda Wielander, 2013-10-08 This book argues that as new political and social values are formed in post socialist China Christian values are becoming increasingly embedded in the new post socialist Chinese outlook It shows how although Christianity is viewed in China as a foreign religion promoted by Christian missionaries and as such at odds with the official position of the state Christianity as a source of social and political values rather than a faith requiring adherence to a church is in fact having a huge impact The book shows how these values inform both official and dissident ideology and provide a key underpinning of morality and ethics in the post socialist moral landscape Adopting a variety of different angles the book investigates the role Christian thought plays in the official discourse on morality and love and what contribution Chinese Christians make to charitable projects It analyses key Christian publications and dedicates two chapters to Christian intellectuals and their impact on political liberal thinking in China The concluding chapter highlights gender roles the role of the Chinese diaspora and the overlap of the government and Christian agenda in China today The book challenges commonly held views on contemporary Chinese Christianity as a movement in opposition to the state by showing the diversity and complexity of Christian thinking and the many factors influencing it

The "Inscrutably Chinese" Church Nathan Faries, 2010-09-23 The first half of the twenty first century promises to be a time of great change for the Christian church in the People's Republic of China The situation is complex and fluid and the information gap between those on the inside and those outside of China is still significant though shrinking The Inscrutably Chinese Church moves readers nearer to the Chinese Christian experience as Nathan Faries helps foreign readers to see with greater clarity just how Chinese Christians view their government and themselves in relation to those ruling powers There still exists a measure of inscrutability about China and its complex relationship with religion that must be explained to the outsider It is this gap in understanding between insider points of view within China and those outsiders seeking knowledge about the Christian faith in China that Faries seeks to close

Christianity and Democracy Today David P. Gushee, Paul Silas Peterson, 2025-03-05 This volume explores Christianity's relationship with democracy in a global perspective How are the various democratic ideals being

addressed by influential Christian intellectuals theologians ethicists churches and church leaders around the world today The contributors reflect on the status of the democratic idea in the churches theological academy and public religious life in a variety of social and political contexts They consider how the democratic idea can be cultivated in Christian communities and intellectual traditions with a view to contemporary challenges This book will be of particular interest to scholars of religion theology and political science The Oxford Handbook of Global Religions Mark Juergensmeyer,2011-08-25 This is a

Palombaro,2024-06-26 This book links Calvinist belief in the Perpetual Assurance of Salvation with self efficacy for economic success Certain values are at stake for the success of economic behavior Since the genesis of modern capitalism a set of beliefs proper of Calvinism mainly Predestination but also Beruf Inner worldly Asceticism role of Sects was said by Max Weber to cause an anxiety about salvation and generate a propensity to economic success as a sign of election In order to observe this in action today it is crucial to consider the evolution that the Protestant ethic went through migrating first in north America and lastly through the Protestant revival of China Wenzhou is called Jerusalem of China for its large Protestant community that is also strongly involved in business Some scholar already pointed out the presence among those entrepreneurs of this Protestant ethic Yi Xiang Boss Christian The data presented in this comparative qualitative study pertain to ethnographic observations job shadowing and interviews done among Chinese Christian and non Christian entrepreneurs from Wenzhou living in Milan Italy The results show with some adjustments the presence of a Chinese version of the Protestant ethic overlapping with several values proper to the Chinese context Confucianism lineage social network The extension of the study to other cases must be done with caution considering the non causal justificatory role of the belief Regardless successful entrepreneurship involves specific social cultural and even religious aspects that move beyond mere business strategies **Jesus in Beijing** David Aikman,2012-03-27 This book details the great unreported story of the

Chinese giant its enormously rapid conversion to Christianity and what this change means to the global balance of power

Salvation and Modernity Fredrik Fällman,2008-09-17 Salvation and Modernity presents an interpretation of the phenomenon of intellectual Christians in contemporary Chinese society with special focus paid to Liu Xiaofeng by exploring the main issues of faith salvation and the quest for a modern China Author Fredrik F llman investigates similar developments in earlier centuries by linking past and present forms of cultural Christian phenomenon and the beliefs and ideas of Liu Xiaofeng and other scholars Their focus on Christianity implies a criticism of traditional Chinese value systems in particular Confucianism and Daoism The introduction of Christian theology and values into Chinese academia is a way of creating greater understanding for Western culture Many cultural Christians argue that this advanced understanding is a prerequisite

for establishing a modern China Issues of personal faith and identity are also central in respect to modernity as well as to individual and national salvation Post Mao China is seeking a new foundation for values and cultural Christians have a definite role to play Since the choice of Christianity is an expression of individuality freedom and criticism of political structures cultural Christians will ultimately help in laying foundations for a theology in Chinese relations between the intellectuals and the Church The impact and importance of cultural Christians is becoming more visible now than ever before
