Soul Barnacles Tess Gallagher, 2000 Documents that chronicle the story of a literary partnership and marriage that did not end with death Raymond Carver Carol Sklenicka, 2009-11-24 The first biography of America's best known short story writer of the late twentieth century The London Times called Raymond Carver the American Chekhov The beloved mischievous but more modest short story writer and poet thought of himself as a lucky man whose renunciation of alcohol allowed him to live ten years longer than I or anyone expected In that last decade Carver became the leading figure in a resurgence of the short story Readers embraced his precise sad often funny and poignant tales of ordinary people and their troubles poverty drunkenness embittered marriages difficulties brought on by neglect rather than intent Since Carver died in 1988 at age fifty his legacy has been mythologized by admirers and tainted by controversy over a zealous editor's shaping of his first two story collections Carol Sklenicka penetrates the myths and controversies Her decade long search of archives across the United States and her extensive interviews with Carver's relatives friends and colleagues have enabled her to write the definitive story of the iconic literary figure Laced with the voices of people who knew Carver intimately her biography offers a fresh appreciation of his work and an unbiased vivid portrait of the writer **The Poetry of Raymond Carver** Sandra Lee Kleppe, 2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver's poems making a case for the quality of Carver's poetic output and showing the central role Carver's pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver's entire production and a distinguishing feature of Kleppe's book is its contextualization of Carver's poetry within the complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver's poetry and short story careers situates Carver's poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver's use of the elegy genre within the context of his terminal illness Tellingly Carver's poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver's work suggests the appropriateness of Kleppe's culminating discussion of Carver's work as a bridge between the fields of literature and medicine **A Study Guide for Tess Gallagher's "I Stop Writing the Poem"** Gale, Cengage Learning, 2016 A Study Guide for Tess Gallagher's *I Stop Writing the Poem* excerpted from Gale's acclaimed *Poetry for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs The Carver Chronotope G.
