Soul Saving Preaching:

Soul-Saving Preaching Thomas Cook, 1993-08-01 **Soul Saving** John Lincoln Brandt, 1907 **Preaching Christ from the Old Testament** Sidney Greidanus, 1999-07-13 Arguing for the need both to preach Christ in every sermon and to preach regularly from the Old Testament Sidney Greidanus develops a christocentric method that will help preachers do both simultaneously Greidanus challenges Old Testament scholars to broaden their focus and to understand the Old Testament not only in its own historical context but also in the context of the New Testament Suggesting specific steps and providing concrete examples this volume provides a practical guide for preaching Christ from the Old Testament **The New England Soul** Harry S. Stout, 2012-01-05 Harry Stout's groundbreaking study of preaching in colonial New England changed the field when it first appeared in 1986 Here twenty five years later is a reissue of Stout's book a reconstruction of the full import of the colonial sermon as a multi faceted institution that served both religious and political purposes and explained history and society to the New England Puritans for one and a half centuries **Great Preaching on Soul Winning**, 2000-08 **A History of Preaching Volume 1** O.C. Edwards, Jr., 2010-09-01 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation Bringing together an impressive array of familiar and lesser known figures Edwards paints a detailed compelling picture of what it has meant to preach the gospel Pastors scholars and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching Volume 1 appearing in the print edition contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative Along the way the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time Origen Chrysostom Augustine Bernard Aquinas Luther Calvin Wesley Edwards Rauschenbusch Barth all of their distinctive contributions receive careful attention Yet lesser known figures and developments also appear from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands preachers of the eighteenth century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew Volume 2 contained on the enclosed CD ROM contains primary source material on preaching drawn from the entire scope of the church's twenty centuries The author has written an introduction to each selection placing it in its historical context and pointing to its particular contribution Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history Ecumenical in scope fair minded in presentation appreciative of the contributions that all the branches of the church have made to the story of what it means to develop deliver and listen to a sermon A History of

This work is expected to be the standard text on preaching for the next 30 years, says Ann K Riggs who staffs the NCC's Faith and Order Commission. Author Edwards, former professor of preaching at Seabury Western Theological Seminary, is co-moderator of the commission which studies church uniting and church dividing issues. *A History of Preaching* is ecumenical in scope and will be relevant in all our churches; we all participate in this field, says Riggs. From EcuLink Number 65, Winter 2004-2005, published by the National Council of Churches.
