A History of Western Philosophy of Music James O. Young, 2023-01-26 This book presents a comprehensive accessible survey of Western philosophy of music from Pythagoras to the present Its narrative traces themes and schools through history in a sequence of five chapters that survey the ancient medieval early modern modern and contemporary periods Its wide ranging coverage includes medieval Islamic thinkers Continental and analytic thinkers and neglected female thinkers such as Vernon Lee Violet Paget All aspects of the philosophy of music are discussed including music and the cosmos music s value music s relation to the other arts the problem of opera the origins of musical genius music s emotional impact the moral effects of music the ontology of musical works and the relevance of music s historical context The volume will be valuable for students and scholars in philosophy and musicology and all who are interested in the ways in which philosophers throughout history have thought about music *Excerpta Protestantia; Comprising a View of the Church of England in the Aspect of Her Articles and Homilies, and of Her Antagonism to the Church of Rome* Excerpta, 1848

Critique of Pure Music James O. Young, 2014-01-09 Why do we value music Many people report that listening to music is one of life s most rewarding activities In Critique of Pure Music James O Young seeks to explain why this is so Formalists tell us that music is appreciated as pure contentless form On this view listeners receive pleasure or a pleasurable musical emotion when they explore the abstract patterns found in music Music formalists believe does not arouse ordinary emotions such as joy melancholy or fear nor can it represent emotion or provide psychological insight Young holds that formalists are wrong on all counts Drawing upon the latest psychological research he argues that music is expressive of emotion by resembling human expressive behaviour By resembling human expressive behaviour music is able to arouse ordinary emotions in listeners This in turn makes possible the representation of emotion by music The representation of emotion in music gives music the capacity to provide psychological insight into the emotional lives of composers and the emotional lives of individuals from a variety of times and places And it is this capacity of music to provide psychological insight which explains a good deal of the value of music both vocal and purely instrumental Without it music could not be experienced as profound Philosophers psychologists musicians musicologists and music lovers will all find something of interest in this book

Trials of War Criminals Before the Nuremberg Military Tribunals Under Control Council Law No. 10, Nuernberg, October 1946-April 1949

International Military Tribunal, 1951 *The Eclectic review. vol. 1-New [8th] ,1846* [Trials of War Criminals Before the Nuernberg Military Tribunals Under Control Council Law No. 10, Nurenberg, October 1946-April, 1949 ,1951](#) "*Music and the Performance of Identity on Marie-Galante, French Antilles* " Ron E Moff, 2017-07-05 Marie Galante is a small island situated in the Caribbean to the south of Guadeloupe The majority of Marie Galantais are descendants of the slave era though a few French settlers also occupy the island Along with its neighbours Guadeloupe and Martinique Marie Galante forms an official d rtement of France Marie Galante historically has never been an independent polity Marie Galantais express sentiments of being deux fois colonis or twice colonized concomitant with their sense of insularity from a global organization of place Dr Ron E Moff translates this pervasive sense of displacement into the concept of the non nation Musical practices on the island provide Marie Galantais with a means of re connecting with other significant distant places Many Marie Galantais display a split subjectivity embracing an African heritage a French association and a Caribbean regionalism This book is unique in part with regard to its treatment of a particular mode of self consciousness expressed musically on a virtually forgotten Caribbean island The book also combines literary narrative historical and musical sources to theorize a postcolonial subsurreal in the French Antilles The focus of the book is upon kadril dance and gwo ka drumming two prevalent musical practices on the island with which Marie Galantais construct unique perceptions of self in relation specifically to Africa and France Based on several extended periods of ethnographic research the book evokes unique Marie Galantais views on tradition historicity esclavage nationalism and its absence and the local significance of occupying a globally out of the way place The book will be of interest not only to ethnomusicologists but also to those interested in cultural and linguistic anthropology postcolonial studies performance studies folklore and Caribbean studies [Trials of War Criminals Before the Nuernberg Military Tribunals Volume III](#) Various, 2023-09-03 Excerpt In April 1949 judgment was rendered in the last of the series of 12 Nuernberg war crimes trials which had begun in October 1946 and were held pursuant to Allied Control Council Law No 10 Far from being of concern solely to lawyers these trials are of especial interest to soldiers historians students of international affairs and others The defendants in these proceedings charged with war crimes and other offenses against international penal law were prominent figures in Hitler s Germany and included such outstanding diplomats and politicians as the State Secretary of the Foreign Office von Weizsaecker and cabinet ministers von Krosigk and Lammers military leaders such as Field Marshals von Leeb List and von Kuechler SS leaders such as Ohlendorf Pohl and Hildebrandt industrialists such as Flick Alfried Krupp and the directors of I G Farben and leading professional men such as the famous physician Gerhard Rose and the jurist and Acting Minister of Justice Schlegelberger In view of the weight of the accusations and the far flung activities of the defendants and the extraordinary amount of official contemporaneous German documents introduced in evidence the records of these trials constitute a major source of historical material covering many events of the fateful years 1933 and even earlier to 1945 in Germany and elsewhere in Europe The Nuernberg trials under Law No 10

were carried out under the direct authority of the Allied Control Council as manifested in that law which authorized the establishment of the Tribunals The judicial machinery for the trials including the Military Tribunals and the Office Chief of Counsel for War Crimes was prescribed by Military Government Ordinance No 7 and was part of the occupation administration for the American zone the Office of Military Government OMGUS Law No 10 Ordinance No 7 and other basic jurisdictional or administrative documents are printed in full hereinafter The proceedings in these trials were conducted throughout in the German and English languages and were recorded in full by stenographic notes and by electrical sound recording of all oral proceedings The 12 cases required over 1 200 days of court proceedings and the transcript of these proceedings exceeds 330 000 pages exclusive of hundreds of document books briefs etc Publication of all of this material accordingly was quite unfeasible This series however contains the indictments judgments and other important portions of the record of the 12 cases and it is believed that these materials give a fair picture of the trials and as full and illuminating a picture as is possible within the space available Copies of the entire record of the trials are available in the Library of Congress the National Archives and elsewhere In some cases due to time limitations errors of one sort or another have crept into the translations which were available to the Tribunal In other cases the same document appears in different trials or even at different parts of the same trial with variations in translation For the most part these inconsistencies have been allowed to remain and only such errors as might cause misunderstanding have been corrected

Substantive and Procedural Aspects of International Criminal Law Gabrielle Kirk McDonald, 2000-03-01 This unique two volume work seeks for the first time to address in a comprehensive fashion both substantive and procedural aspects of international criminal law as applied by international and national courts Substantive topics include individual criminal responsibility genocide war crimes crimes against humanity crimes against UN and associated personnel core crimes and defenses while procedural aspects include the right of suspects and accused the protection of victims and witnesses and pre trial trial and appeal procedures and practices In addressing these subjects the work focuses on the practical application of the relevant norms and provides both detailed commentaries by experts in the field Commentary volume as well as the underlying documentation for each of the topics addressed Documents and Cases volume With the establishment of the International Criminal Court the experiences of other international courts notably the ad hoc tribunals for the former Yugoslavia and Rwanda as well as their predecessors in addressing these issues are of great value and this work is intended to assist practitioners and scholars alike Additionally because national courts still have a vital role to play in the application of these norms attention is given to prosecutions in national jurisdictions With this work the editors seek both to assist the reader in understanding these important concepts as well as to provide the background documentation such that the reader can conduct his or her own research and come to his or her own conclusions
