**The Art of Naming** Anne Ferry, 1988      The Art of Naming Michael Ohl, 2018-03-30 Exploring scientific naming as a joyful and creative act from a lizard named after Jim Morrison to the Ampulex dementor wasps inspired by Harry Potter Tyrannosaurus rex Homo sapiens Heteropoda davidbowie There are about 1.8 million discovered and named plant and animal species and millions more still to be discovered Naming is the necessary next step after discovery it is through the naming of species that we perceive and understand nature In this entertaining and illuminating book Michael Ohl explains the process with examples anecdotes and a wildly varied cast of characters The rules for scientific naming in standard binomial nomenclature the generic name followed by specific name go back to Linnaeus but they are open to idiosyncrasy and individual expression A lizard is designated *Barbaturrex morrisoni* in honor of the Doors Jim Morrison the Lizard King A member of the horsefly family is *Scaptia beyonceae* A wasp species named by Ohl himself is *Ampulex dementor* after Harry Potter dementors Scientific names have also been deployed by scientists to insult other scientists to make political statements and as expressions of romantic love I shall name this beetle after my beloved wife The Art of Naming takes us on a surprising and fascinating journey in the footsteps of the discoverers of species and the authors of names into the nooks and crannies and drawers and cabinets of museums and through the natural world of named and not yet named species

**The Art of Meditation and the French Renaissance Love Lyric** Michael Giordano,2010-01-01 The Art of Meditation and the French Renaissance Love Lyric examines the poetics of meditation in the French love lyric at the height of the Lyonnais Renaissance as illustrated by one of the country s most prominent writers Maurice Scève s *Dieu est le premier French sequence of poems devoted to a single woman in the manner of Petrarch s Rime* It is also the first Renaissance work to use emblems in a sustained work on love At their core most amatory lyrics involve a triple relation among lover beloved and the meaning of love Whether the poet lover is a man or woman poetic discourse generally takes the form of an interior monologue frequently intermingled with direct and indirect address to the beloved Though the dominant quality of this lyric is personal introspection Michael Giordano finds *Dieu est le premier* to be consistent with traditions of Christian meditation He argues that the amatory lyric served as a vehicle for contests of value and paradigm change not only because it was conditioned both by sacred and profane sources but also because it occurred at a time of religious upheaval and scientific revolution
