Speed Write Your First Book Mark Victor Hansen,Steve Gottry,2020-11-17 WRITE YOUR FIRST BOOK IN JUST 90 DAYS Admit it You want to write a book Maybe this is a new idea

that just occurred to you or perhaps it's something you've thought about for some time. Either way, once you begin the process, you will love it. You might even become obsessed with writing. And no, it most likely won't be a 300-page New York Times bestseller that you'll create in only 90 days, but you will be able to write an actual 50 to 100-page book working only 7 minutes per day. Perhaps you'll want to write for a bit longer at each session. It's totally up to you, your decision, your desire, your dedication, and your determination to write, write, and write some more. Do you want to tell your life story? What a perfect gift to your children or grandchildren. Maybe you want to share what you've learned about life and convey your vision and your values. Perhaps you want to design your own characters and create a story to place them in. Either way, when you've finished your book, you'll be so proud of what you've accomplished. You can inspire your readers towards a higher purpose, heal the pain they are experiencing through a story of triumph over adversity, or make them forget their own problems as you take them on a magical journey you've created in your mind. So grab your pencil and get ready to fill in the blanks to create a writing plan for your story that you can soon share with the world. *The Art and Craft of Screenwriting* Shelly

Mark Evan Schwartz, 2007-04-15 There are hundreds of books on the market all trying to teach you how to write a screenplay. Several of them are excellent and useful books. But never until now has there been a screenwriting manual written in the form of a screenplay. Our hero, the aspiring screenwriter Danny, is hopelessly in love with Bebe, a hot young starlet. But Bebe won't go out with Danny until he proves that he can write a brilliant screenplay for her. Helped along the way by a mysterious guide, Virgil, with seemingly magical powers, Danny travels to Screenwriting Hell to see what happens to writers who never make the grade. Virgil teaches him the tricks of the trade, the fundamental techniques that all screenwriters have to master, no matter how great their ideas. But there's something a little strange about Virgil, and Danny is never sure whether to trust him or not. As well as the screenplay itself, the book includes an introduction explaining how to get the most out of the screenplay, the log line, the synopsis, character bios, the treatment, and The Pitch, a short scene that shows the author pitching his screenplay to a big shot producer. *2009 Novel & Short Story Writer's Market* Editors Of Writers Digest
