There are over 120 subjects ranging from the sublime Desert Light to the slightly ridiculous Outhouses. Each card is a token which reflects two directions upon the addressee who receives a beautiful card with the sender's personal message and on the sender who chose the card for the recipient. **Real Photo Postcard Guide** Robert Bogdan, Todd Weseloh, 2006-09-21 The Real Photo Postcard Guide is an informative, comprehensive and practical treatment of this wildly popular American phenomenon that dominated the United States photographic market during the first third of the twentieth century. Robert Bogdan and Todd Weseloh draw on extensive research and observation to address all aspects of the photo postcard from its history, origin and cultural significance to practical matters like dating, purchasing condition and preservation. Illustrated with over 350 exceptional photo postcards taken from archives and private collections across the country, the scope of the Real Photo Postcard Guide spans technical considerations of production, characteristics of superior images, collecting categories and methods of research for dating photo postcards and investigating their photographers. In a broader sense, the authors show how real photo postcards document the social history of America. From family outings and workplace awards to lynchings and natural disasters, every image captures a moment of American cultural history from the society that generated them. Bogdan and Weseloh's book provides an admirable integration of informative text and compelling photographic illustrations. Collectors, archivists, photographers, photo historians, social scientists and anyone interested in the visual documentation of America will find the Real Photo Postcard Guide indispensable.

*Postcard America* Jeffrey L. Meikle, 2016-01-20 This illustrated history of the colorized linen postcards of the 1930s and 40s is an incredible tour, a veritable treasure trove of American culture. From the Great Depression through the early postwar years, any postcard sent in America was more than likely a linen card. Colorized in vivid, often exaggerated hues and printed on card stock embossed with a linen-like texture, linen postcards celebrated the American scene with views of majestic landscapes, modern cityscapes, roadside attractions and other notable features. These colorful images portrayed the United States as shimmering with promise, quite unlike the black and white worlds of documentary photography or Life magazine. Linen postcards were enormously popular, with close to a billion printed and sold. Postcard America offers the first comprehensive study of these cards and their cultural significance. Drawing on the production files of Curt Teich Co. of Chicago, the originator of linen postcards, Jeffrey L. Meikle reveals how photographic views were transformed into colorized postcard images, often by means of manipulation, adding and deleting details or collaging bits and pieces from several photos. He presents two extensive portfolios of postcards, landscapes and cityscapes that comprise a representative iconography of

linen postcard views For each image Meikle explains the postcard's subject describes aspects of its production and places it in social and cultural contexts In the concluding chapter he shifts from historical interpretation to a contemporary viewpoint considering nostalgia as a motive for collectors and others who are fascinated today by these striking images *Oak Park in Vintage Postcards* Douglas Deuchler, 2003 Although it was first settled in the 1830s Oak Park did not become an independent municipality until it split from Cicero Township in 1902 No longer a rustic small town the village soon became a population magnet attracting ever larger numbers of prosperous progressive people to settle in what many soon referred to as the finest of the streetcar suburbs Coincidentally use of the penny picture postcard had approached a national mania during this era Thus from the earliest years of the 20th century the rapid growth and development of Oak Park was well documented even celebrated with a vast and varied array of outstanding postcard images [Palm Desert: 15 Historic Postcards](#) Historical Society of Palm Desert, 2009-02 In this collection of vintage photograph postcards the Historical Society of Palm Desert explores the city's past **Postcard Collector** Barbara Andrews, 2012-10-15 An exciting overview of the manufacturers design and subject matter used in 19th and 20th century American postcards **South Carolina Postcards** Howard Woody, Thomas L. Postcards from the Chihuahua Border Daniel D. Arreola,2019-10-29 Just a trolley ride from El Paso Ciudad Ju rez was a popular destination in the early 1900s Enticing and exciting tourists descended on this and other Mexican border towns to browse curio shops dine and dance attend bullfights and perhaps escape Prohibition America In Postcards from the Chihuahua Border Daniel D Arreola captures the exhilaration

of places in time taking us back to Mexico's northern border towns of Ciudad Juarez, Ojinaga and Palomas in the early twentieth century. Drawing on more than three decades of archival work, Arreola uses postcards and maps to unveil the history of these towns along west Texas's and New Mexico's southern borders. Postcards offer a special kind of visual evidence. Arreola's collection of imagery and commentary about them shows us singular places enriching our understandings of history and the history of change in Chihuahua. No one postcard tells the entire story. But image after image offers a collected view and insight into changing perceptions. Arreola's geography of place looks both inward and outward. We see what tourists see while at the same time gaining insight about what postcard photographers and postcard publishers wanted to be seen and perceived about these border communities. *Postcards from the Chihuahua Border* is a colorful and dynamic visual history. It invites the reader to time travel to revisit another era: the first half of the last century when these border towns were framed and made popular through picture postcards. **Ripley County in Vintage Postcards** Alan F.

Smith, 2000. As every collector knows, postcards were in the past and are today a means of both promoting one's home town and of sending a short to the point message to a relative or friend. These images allow the reader to respect the trials, tribulations, and triumphs experienced by those who lived in Ripley County through the years. The towns and villages featured in this volume, like those in all rural areas, had their favorite saloons, general stores, hotels, churches, homes, and interesting historic landmarks. Fortunately for us, these carefully preserved postcards and photographs provide us with a glimpse into this fascinating past. Hollywood, 1900-1950, in Vintage Postcards Thomas Dangcil, Tommy Dangcil, 2002.

With the advent of new, inexpensive photographic technology emerging in the United States during the mid-19th century, communication by postcard became a very popular way to exchange travel stories, news, and gossip over the decades. Drawing on a private collection of vintage postcards, this new book features a history of Hollywood spanning half a century. Exploring Hollywood before and after it became the entertainment capital of the world, these images offer readers a glimpse of some of the city's most interesting places during its Golden Years. Long before motion pictures arrived, when the area was a residential neighborhood of beautiful homes and lemon groves, Hollywood was just another suburb of Los Angeles striving to become a community. From the familiar sights of Metro-Goldwyn-Mayer Studios and the Chinese Theater to the horse and buggy-driven dirt roads and pineapple fields at the turn of the century, *Hollywood in Vintage Postcards* will guide the curious through the city's progress in the first half of the 20th century. Postcards from the Sonora Border

Daniel D. Arreola, 2017-02-21 Young men ride horses on a dusty main road through town. Cars and gas stations gradually intrude on the land, and years later curiosity shops and cantinas change the face of Mexican border towns south of Arizona. Between 1900 and the late 1950s Mexican border towns came of age both as centers of commerce and as tourist destinations. Postcards from the Sonora Border reveal how images in this case the iconic postcard shape the way we experience and think about place. Making use of his personal collection of historic images, Daniel D. Arreola captures the evolution of Sonoran border towns, creating a sense of visual time travel for the reader. Supported by maps and visual imagery, the author shares the geographical and historical story of five unique border towns: Agua Prieta, Naco, Nogales, Sonoyta, and San Luis Río Colorado. Postcards from the Sonora Border introduces us to these important towns and provides individual stories about each, using the postcards as markers. No one postcard view tells the complete story; rather, the sense of place emerges image by image as the author pulls readers through the collection as an assembled view. Arreola reveals how often the same locations and landmarks of a town were photographed as postcard images, generation after generation, giving a long and dynamic view of the inhabitants through time. Arranged chronologically, Arreola's postcards allow us to discover the changing perceptions of place in the borderlands of Sonora, Mexico.
