The Art of Variation in the Greek Epigram Sonya Lida Tarán,1979 The Art of Variation in the Hellenistic Epigram Sonya Lida Tarán,1979 Greek Epigram from the Hellenistic to the Early Byzantine Era Maria Kanellou,Ivana Petrovic,Christopher Carey (Classicist),2019 The briefest of all ancient Greek genres epigram is also the most resilient This volume provides a selection of in depth treatments of key aspects of Greek literary epigram from the Hellenistic to the early Byzantine period rather than focusing on individual authors or anthologies in order to explore the evolution of the genre over time **Hellenistic Epigram** Francis Cairns,2016-10-20 This book offers scholars and students of Hellenistic and Roman literature an overview of Hellenistic epigram a field closely related to other Hellenistic poetry and highly influential upon Roman poetry In fourteen themed chapters it foregrounds the literary linguistic historical epigraphic social political ethnic cultic onomastic local topographical and patronage contexts within which Hellenistic epigrams were composed Many epigrams are analysed in detail and new interpretations of them proposed Throughout the question is asked whether epigrams are literary jeux d esprit as is often assumed without proper discussion or whether they relate to real people and real events and have a function in the real world That function may be epigraphic for example an epigram can be the epitombion for inscription at someone s grave or the anathematikon for inscription on or beside a dedicated object or a picture label an ekphrasis to accompany a painting or mosaic Greek Epigram in the Roman Empire Gideon Nisbet,2003 Satirical or skoptic epigram emerged as a distinctive new sub genre of Greek literature in the Roman empire the mid first century CE and flourished for at least a century It was imitated by Martial but it is now rarely read In this book the first substantial treatment of the subject Gideon Nisbet rehabilitates skoptic epigram introduces its authors gives an account of its development and situates it within its cultural context He also suggests striking new ways of reading ancient epigram and examines satire s engagement with gender identity and power The Cambridge History of Classical Literature: Volume 1, Greek Literature, Part 4, The Hellenistic Period and the Empire P. E. Easterling,B. M. W. Knox,1989-05-04 The emphasis of this volume is on Greek literature produced in the period between the foundation of Alexandria late in the fourth century B C and the end of the high empire in the third century A D Here we see a shift away from the city states of the Greek mainland to the new centres of culture and power first Alexandria under the Ptolemies and then imperial Rome Greek literature being traditionally cosmopolitan adapted to these changes with remarkable success and through the efficiency of the Hellenistic educational system Greek literary culture became the essential mark of an educated person in the Graeco Roman world

The Layers of the Text Richard Hunter,2021-10-25 This volume collects the most recent essays of Richard Hunter one of the world s leading experts in the field of Greek and Latin literature The essays range across all periods of ancient literature from Homer to late antiquity with a particular focus not just on the texts in their original contexts but also on how they were interpreted and exploited for both literary and more broadly cultural purposes later in antiquity Taken together

the essays sketch a picture of a continuous tradition of critical and historical engagement with the literature of the past from the period of Aristophanes and then Plato and Aristotle in classical Athens to the rich prose literature of the Second Sophistic Richard Hunter's earlier essays are collected in *On Coming After* Berlin 2008 Apollonius' Argonautica M.M. DeForest, 2018-07-17 The Argonautica was said to have been the source of a quarrel between Apollonius who wrote what looks like an epic poem and Callimachus who denounced the writing of epic poetry Although the quarrel did not take place in the real world its issue controls the poem The heroes are determined to take part in a Homeric epic which the Callimachean narrator refuses to write Drawing on the methods of modern literary theorists but eschewing the jargon DeForest shows how Apollonius uses the literary dispute in Alexandria to give a three dimensional quality to his poem The amusing conflict between heroes and narrator turns serious when the levels of narrative split apart and Medea steps into the gap as a free standing figure the forerunner of powerful women in fiction Images of Eternal Beauty in Funerary Verse Inscriptions of the Hellenistic and Greco-Roman Periods Andrzej Wypustek, 2012-11-01 In Images of Eternal Beauty in Funerary Verse Inscriptions of the Hellenistic and Greco Roman Periods Andrzej Wypustek provides a study of various forms of poetic heroization that became increasingly widespread in Greek funerary epigram The deceased were presented as eternally young heroes oblivious of old age and death as stars shining with an eternal brightness in heavens or in Ether or as the ones chosen by the gods abducted by them to their home in the heavens or married to them in the other world following the examples of Ganymede Adonis Hylas and Persephone The author demonstrates that for all their diversity the common feature of these verse inscriptions was the praise of beauty of the dead **Studies in Roman Law** Roger Shaler Bagnall, Abraham Arthur Schiller, William Vernon Harris, 1986 *Plotting with Eros* Ingela Nilsson, 2009 This volume aims at providing both students and scholars with a series of discussions of the long tradition of reading and writing the erotic seen from a number of different perspectives **Proceedings of the XVIth International Congress of Classical Archaeology, Boston, August 23-26, 2003** Carol C. Mattusch, Alice A. Donohue, Amy Brauer, 2006 This volume contains over 150 papers presented at the Classical Congress held in Boston Massachusetts in August 2003 The Spread of Christianity in the First Four Centuries William Vernon Harris, 2005 This collection of essays by contemporary historians considers how after two centuries of scholarship we can best explain Christianity's rise to dominance The Traditional Phrase in Homer Richard Sacks, 1987 This study attempts to bridge the now classic gap between fixed form and functioning context which continues to limit our understanding of the Homeric phrase The first part of the study uses the presence of Homeric phrases in other Greek poetry especially the notoriously Homeric Theognis 237 254 to help identify potentially significant phrases The second part considers the epithets of Hector in an attempt to re examine Parry's notion of traditional fixed epithets and their importance for understanding the Iliad and the Odyssey The author offers original interpretations of the workings of the traditional phrase in Homer and also of Theognis 237 254 and of the Iliad's much debated characterization of Hector Along the way

Sacks suggests how his method may help with other problems including contested emendations in Homer the relationship of the Iliad and the Odyssey and the relationship between epic and other genres The central concern of the book however is the traditional artistry of Homer The Cult of Silvanus Peter F. Dorsey,1992 One of the few studies that deals with Roman domestic religion as practised by the lower classes The author collects and analyzes the enormous epigraphic and archaeological evidence for Silvanus The Roman god of agriculture and forests challenging the widely held view that private cult was subordinate or inferior to civic paganism **Aelius Aristides between Greece, Rome, and the Gods** William V. Harris,Brooke Holmes,2009-01-31 Wealthy conceited hypochondriac or perhaps just an invalid obsessively religious the orator Aelius Aristides 117 to about 180 is not the most attractive figure of his age but because he is one of the best known and he is intimately known thanks to his Sacred Tales his works are a vital source for the cultural and religious and political history of Greece under the Roman Empire The papers gathered here the fruit of a conference held at Columbia in 2007 form the most intense study of Aristides and his context to have been published since the classic work of Charles Behr forty years ago *Different Aesthetics* Annette Gerok-Reiter,Jörg Robert,Matthias Bauer,Anna Pawlak,2025-05-19 What is art What does art offer Why does art move us The CRC Different Aesthetics pursues these questions In doing so and by directing its attention towards the 2000 year history of European culture and art before the 18th century it aims to transform perspectives within aesthetic discussions This volume introduces the research undertaken by the CRC 1391 It outlines the benefits of concentrating on the pre modern period lays out the subsequent adjustments to analytical tools and methods and presents the resulting consequences for the study of aesthetics The contributions which range from philology and literary studies art history archaeology and musicology to historical science theology and the digital humanities offer concrete examples of this approach De Rerum Natura ,1987 **Hellenistic Epigrams** Annette Harder,Remco F. Regtuit,G. C. Wakker,2002 This volume contains the papers of the Groningen Workshop on Hellenistic Poetry 5 Hellenistic Epigrams Groningen 30 August 1 September 2000 During the workshop a first draft of the papers was discussed and commented on by an international group of specialists in the field of Hellenistic poetry The volume contains a wide range of articles and thus provides a survey of current developments in research on one of the important genres of Hellenistic poetry Several articles deal with generic aspects of the Hellenistic epigram including the transition of inscriptions on stone to purely literary texts others explore the function of the epigram in its social and cultural context or focus on specific groups of epigrams The volume is the fifth of a series Every two years a Workshop on Hellenistic Poetry takes place at the University of Groningen the papers of which are published in the series Hellenistica Groningana **Constantinople in the Early Eighth Century** Averil Cameron,Judith Herrin,1984-01-01
